THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET 1

Chapter 10: **Living Creatures: Exploring their Characteristics** | Class 6 Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** they need food	All living beings need food for energy.
2	**(d)** reproduction	Offspring are formed.
3	**(b)** food, water and air	Basic needs.
4	**(d)** a stone	Stones do not grow or respire.
5	**(a)** growth	Living things grow.
6	**(c)** photosynthesis	Using sunlight.
7	**(c)** stimuli	A stimulus triggers a response.
8	**(a)** do not grow	They do not show life processes.
9	**(b)** eating plants or other animals	They cannot make food.
10	**(c)** the stem bends towards light	Shoots bend towards light.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Need food and respire (1); Grow, respond, reproduce (1).	1+1
12	Fish: gills (1); Earthworm: moist skin (1).	1+1
13	It does not grow or reproduce (1); It does not respire (1).	1+1
14	Living: grow, respire, e.g. a dog (1); Non-living: do not, e.g. a stone (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	It does not need food (1); It does not grow or reproduce (1); It does not respond (1).	1+1+1
16	Some seeds appear dry and inactive (1); Dry seeds sprout later (1); They show life only in suitable conditions (1).	1+1+1
17	Swims away (1); Hides (1); Responds to stimuli (1).	1+1+1
	OR: Take in oxygen through stomata (1); Release carbon dioxide (1); Also by roots in soil (1).	1+1+1
18	Plants make food (1); Animals depend on plants (1); Plants use sunlight (1).	1+1+1
	OR: Living: cow, neem, bird (1); Non-living: chair, stone, water (1); Based on characteristics (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Need food (1); Respire (1); Respond to stimuli (1); Grow and reproduce (1); Excrete and die (1).	1+1+1+1+1
	OR: Light (1); Touch (1); Water (1); Roots grow downward (1); Shoots grow upward (1).	1+1+1+1+1
20	Plants: stomata (1); Fish: gills (1); Humans: lungs (1); Earthworm: skin (1); All take oxygen (1).	1+1+1+1+1
	OR: Seed germinates (1); Plant grows (1); Flowers and fruits (1); New seeds (1); Old plants die (1).	1+1+1+1+1

Mistakes to avoid:

- Treating moving things like cars, clouds or flowing water as living; they do not grow, respire or reproduce.
- Writing that plants do not breathe or respond; plants respire and respond slowly to light and touch.
- Mixing respiration (gas exchange for energy) with breathing in and out only, or with excretion.
- Confusing **stimulus** (the change) with **response** (the reaction).
- Saying that all living things breathe with lungs; fish use gills, earthworms their skin.
- Forgetting that every living thing needs food, water and air, including plants.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET 2

Chapter 10: **Living Creatures: Exploring their Characteristics** | Class 6 Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** a dog	Animals can move.
2	**(d)** light	It changes the environment.
3	**(a)** touched	They respond to touch.
4	**(a)** bending towards light	Parts move slowly.
5	**(d)** plants spread to new places	Reduces competition.
6	**(b)** respiration	Gas exchange for energy.
7	**(d)** egg, larva (caterpillar), pupa, adult	All organisms are made of cells.
8	**(c)** a dog turning at a noise	Alive animals respond.
9	**(b)** stomata	Stomata allow gas exchange.
10	**(b)** hen	E.g. amoeba.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Removal of wastes from the body (1); Done by kidneys or skin (1).	1+1
12	Increases in size (1); New leaves and roots appear (1).	1+1
13	A change in surroundings that triggers a response (1); Light or touch (1).	1+1
14	For energy (1); For growth and repair (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Leaves fold on touch (1); Open after some time (1); It shows response to stimulus (1).	1+1+1
16	Stems respond to light (1); It helps leaves get more light (1); Better photosynthesis (1).	1+1+1
17	House fly: a few days (1); Dog: about 12 years (1); Banyan: hundreds of years (1).	1+1+1
	OR: Herbivores eat plants (1); Carnivores eat animals (1); Omnivores eat both (1).	1+1+1
18	Wastes are harmful (1); They must be removed (1); Keep the body healthy (1).	1+1+1
	OR: Living things grow from within using food (1); Non-living things increase by adding material outside (1); Example: plant vs a sand heap (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Light: stem bends (1); Touch: Mimosa folds (1); Noise: animal turns (1); Heat: moves away (1); Hunger: search for food (1).	1+1+1+1+1
	OR: Soak seeds (1); Keep them moist (1); They germinate (1); They grow into plants (1); Show growth (1).	1+1+1+1+1
20	Food (1); Growth (1); Respiration (1); Reproduction (1); Response (1).	1+1+1+1+1
	OR: Need air (1); Need water (1); Need food (1); Need shelter (1); Depend on surroundings (1).	1+1+1+1+1

Mistakes to avoid:

- Treating moving things like cars, clouds or flowing water as living; they do not grow, respire or reproduce.
- Writing that plants do not breathe or respond; plants respire and respond slowly to light and touch.
- Mixing respiration (gas exchange for energy) with breathing in and out only, or with excretion.
- Confusing **stimulus** (the change) with **response** (the reaction).
- Saying that all living things breathe with lungs; fish use gills, earthworms their skin.
- Forgetting that every living thing needs food, water and air, including plants.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 3

Chapter 10: **Living Creatures: Exploring their Characteristics** | Class 6 Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** life span	Duration of life.
2	**(d)** gills	Gills absorb dissolved oxygen.
3	**(b)** cow	E.g. humans.
4	**(c)** shorter than that of a dog	Insects live short.
5	**(d)** moist skin	Their skin absorbs oxygen.
6	**(d)** touch-me-not (Mimosa)	It is a single-celled organism.
7	**(a)** die	Death ends life processes.
8	**(b)** excretion	Wastes are removed.
9	**(c)** a human	Humans are multicellular.
10	**(d)** a flowing river	Movement alone does not mean life.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	The reaction of a living thing to a stimulus (1); Mimosa folding its leaves on touch is a response (1).	1+1
12	Stems bend towards light (1); Sunflower faces the Sun (1).	1+1
13	The time for which a living thing lives (1); A house fly lives for days but a banyan for hundreds of years (1).	1+1
14	New plants grow from them (1); They are produced by flowers (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Animals move from place to place (1); Plants are fixed in the soil (1); Plants show slow movement such as bending towards light (1).	1+1+1
16	Egg (1); Larva and pupa (1); Adult (1).	1+1+1
17	Both produce new life (1); Both contain food for the young one (1); Both start development (1).	1+1+1
	OR: Plants through seeds (1); Hens lay eggs (1); Cows give birth to young (1).	1+1+1
18	Plants make food, animals do not (1); Plants fixed, animals move (1); Plants respond slowly while animals respond quickly (1).	1+1+1
	OR: Walking (1); Flying (1); Swimming (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Butterfly: egg (1); Butterfly: larva (caterpillar), then pupa (1); Butterfly: adult (1); Frog: egg in water, then tadpole (1); Frog: adult frog (1).	1+1+1+1+1
	OR: Does not grow (1); Does not reproduce (1); Does not respire (1); Does not respond on its own (1); Made, not born (1).	1+1+1+1+1
20	Search food (1); Escape danger (1); Find mates (1); Fish swim (1); Birds fly (1).	1+1+1+1+1
	OR: Insects: days (1); Dogs: years (1); Humans: about 70 years (1); Trees: hundreds of years (1); Varies (1).	1+1+1+1+1

Mistakes to avoid:

- Treating moving things like cars, clouds or flowing water as living; they do not grow, respire or reproduce.
- Writing that plants do not breathe or respond; plants respire and respond slowly to light and touch.
- Mixing respiration (gas exchange for energy) with breathing in and out only, or with excretion.
- Confusing **stimulus** (the change) with **response** (the reaction).
- Saying that all living things breathe with lungs; fish use gills, earthworms their skin.
- Forgetting that every living thing needs food, water and air, including plants.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
