Mistakes to avoid:

- Placing a factory in the primary sector; it is **secondary** because it processes primary products.
- Treating the primary sector as only farming; it also includes **mining, fishing, forestry and animal rearing**.
- Classifying a teacher, banker or driver as secondary; all are **tertiary (service)** workers.
- Writing that making tea or bread is primary because of the raw materials; the **processing** step is secondary.
- Forgetting that construction of buildings and roads is a **secondary** activity.
- Not showing the link between sectors; each answer should say that one sector's **output is another's input** or service.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
