14	**(d)** local problem-solving through participation	Participation
15	**(d)** ₹11,700	450 x 26
16	**(d)** ₹20,000	40 x 500
17	**(a)** Both A and R are true and R is the correct explanation of A.	Because many generations live together, work and care are shared.
18	**(a)** Both A and R are true and R is the correct explanation of A.	Separation of powers with checks and balances stops any one organ from becoming too powerful.
19	**(a)** Both A and R are true and R is the correct explanation of A.	Because every adult voter is a member, all can participate; this explains why it is the village assembly.
20	**(b)** Both A and R are true but R is not the correct explanation of A.	Both are true, but the Mayor's role does not explain why large cities get a Corporation; the size of population does.
