(a) it sees variety as strength **(b)** it denies unity
(c) it sees variety as weakness **(d)** it ignores variety

17. **Assertion (A):** The Rig Veda calls the north-western region of India Sapta Sindhava. 1
Reason (R): Sapta means seven and Sindhu means river, so the name means the land of seven rivers.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

18. **Assertion (A):** Harappan cities were well planned. 1
Reason (R): Streets were laid out in a regular pattern and houses had covered drains connected to the street drains.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

19. **Assertion (A):** Vedic hymns were passed down from generation to generation by word of mouth. 1
Reason (R): The hymns were memorised and chanted with great care using precise rules.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

20. **Assertion (A):** The 'People of India' project showed that India is a land of great diversity. 1
Reason (R): The project counted about 4,635 communities, about 325 languages and about 25 scripts.
Choose the correct option:
(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

SECTION — B (Very Short Answer Type) — 6 × 2 = 12

Answer in about 20–30 words each.

21. Why is 'Ekam sat' relevant today? 2

22. Why is unity in diversity not automatic? 2

23. Why are nuclear families on the rise? 2

24. Why is voting secret? 2

25. Why is a Gram Sabha considered direct democracy? 2

26. How much waste is wet if 40 per cent of 500 tonnes is wet? 2

SECTION — C (Short Answer Type) — 6 × 3 = 18

Answer in about 40–60 words each.

27. Analyse the advantages and disadvantages of joint and nuclear families. 3

28. Evaluate the importance of separation of powers in a democracy. 3

29. Analyse how Hiware Bazar illustrates the strength of grassroots democracy. 3

30. Compute: A city has 20 wards with 5,000 voters each. Find the total voters and the voters if 70 per cent vote. 3

31. Evaluate why some work is paid while other equally important work is unpaid. 3

OR

Analyse why India's employment structure is shifting from agriculture towards services. 3

32. Explain how an atlas index helps to find places quickly. 3

OR

Explain why the Indian Ocean is called by that name and its importance. 3

SECTION — D (Long Answer Type) — 6 × 5 = 30

Answer in about 100–150 words each.

33. **Case study.** Pooja visits a village in the Himalayan foothills. She sees steps cut into the slopes where people grow crops. Many families run guest houses for visitors who come to see the snow peaks. The local people tell her that heavy rain sometimes causes sudden falls of earth and rock, and in winter snow slides down the slopes. 5
(i) What is the farming on steps called?
(ii) Name one source of income here other than farming.
(iii) What is the fall of earth and rock called?
(iv) Why is it difficult to build roads and railways in mountain regions?

34. **Case study.** A museum labels three objects. An inscription is dated 250 BCE, a copper coin is dated 150 CE and a stone building is dated 1650 CE. The guide says that a student should place them in order on a timeline from oldest to newest. 5

(i) In which century BCE is 250 BCE?

(ii) In which century CE is 150 CE?

(iii) In which century CE is 1650 CE?

(iv) Arrange the three in order from oldest to newest and explain why 250 BCE is the oldest although 250 is smaller than 1650.

35. Critically examine how urban local bodies function and how citizens can make them more effective. 5

36. Critically examine the difference between economic and non-economic activities and why both matter. 5

OR

Critically examine how the primary, secondary and tertiary sectors together create value, taking the example of milk and milk products. 5

37. Evaluate the choice of Greenwich and India's Ujjayini as prime meridians. 5

OR

Evaluate the importance of the polar regions to the world. 5

38. Analyse the causes and impact of landslides and avalanches and suggest remedies. 5

OR

Explain how tools, art and settlements show development from early humans to farmers. 5
