THE MASTERMIND COACHING CLASSES

CBSE / RBSE · Nursery – Class XII · Road No. 5, VKIA, Jaipur · 9887258679

ANSWER KEY & MARKING SCHEME — SOCIAL SCIENCE · CLASS 6 · SET 01

Max. Marks: 60 · The Mastermind Coaching Classes, Jaipur · Alternate correct points / examples to be given full credit

SECTION A — Multiple Choice Questions (1×15=15) — 15 marks

Question 1 · Choose the correct option for each sub-part.

1.(i) Read Statement I and Statement II and select the correct option.
Statement I: The Prime Meridian passes through Greenwich, near London.
Statement II: The Tropic of Capricorn passes through the middle of India.

(A) Only I is correct (B) Only II is correct
(C) Both are correct (D) Both are incorrect

> **Ans: (A)** The Tropic of Cancer (23.5° N), not Capricorn, passes through India.

(ii) Which of the following is the largest ocean in the world?

(A) Atlantic Ocean (B) Indian Ocean (C) Pacific Ocean (D) Arctic Ocean

> **Ans: (C)** The Pacific covers about one-third of the Earth's surface.

(iii) Given below are two statements – Assertion (A) and Reason (R). Read them and select the correct option.
Assertion (A): The Indo-Gangetic plain is one of the most densely populated parts of India.
Reason (R): The plains have fertile soil, level land and plenty of river water for farming and settlements.

(A) A is correct, R is incorrect
(B) A is incorrect, R is correct
(C) Both A and R are correct and R is the correct explanation of A
(D) Both A and R are correct but R is not the correct explanation of A

> **Ans: (C)** R explains A: flat, fertile land supports farming and large populations.

(iv) Writings carved on stone, metal or other hard surfaces are called —

(A) inscriptions (B) manuscripts (C) fossils (D) folk tales

> **Ans: (A)** Inscriptions are an important archaeological and written source of history.

(v) In the Rig Veda, the north-western region of the subcontinent is called —

(A) Bharatavarsha (B) Jambudvipa (C) Hindustan (D) Sapta Sindhava

> **Ans: (D)** Sapta Sindhava means the land of seven rivers.

(vi) Arrange the following events in chronological order and select the correct option.

1. Beginning of farming at Mehrgarh
2. Mature phase of the Harappan civilisation
3. Introduction of the Gregorian calendar
4. Life of Gautama Buddha (about 563 BCE)

(A) 2, 1, 4, 3 (B) 1, 2, 4, 3 (C) 1, 4, 2, 3 (D) 1, 2, 3, 4

> **Ans: (B)** Correct order: Mehrgarh farming (c. 7000 BCE) → Harappan mature phase (2600 BCE) → Buddha (c. 563 BCE) → Gregorian calendar (1582 CE).

(vii) Which Harappan city is famous for its dockyard that shows sea trade?

(A) Kalibangan (B) Lothal (C) Rakhigarhi (D) Dholavira

> **Ans: (B)** Lothal in Gujarat had a dockyard-like structure and was a trading port.

(viii) The Panchatantra is a collection of —

(A) laws of the Mauryas (B) hymns to the gods
(C) royal inscriptions (D) fables that teach wise conduct

> **Ans: (D)** Its animal stories were told to teach princes how to behave wisely.

(ix) The phrase 'unity in diversity' means that India —

(A) has many differences but a deep underlying oneness
(B) has no differences among its people
(C) has only one language
(D) has no common culture

> **Ans: (A)** Variety of languages, food and dress sit beside shared values.

(x) A family consisting of parents and their children only is called a —

(A) joint family (B) extended family (C) nuclear family (D) community

> **Ans: (C)** Nuclear families are small; joint families have several generations.

(xi) The organ of government that interprets laws and settles disputes is the —

(A) legislature (B) executive
(C) Election Commission (D) judiciary

> **Ans: (D)** Courts form the judiciary.

(xii) All adult voters of a village who meet to discuss its matters form the —

(A) Zila Parishad (B) Panchayat Samiti
(C) Gram Sabha (D) Municipal Corporation

> **Ans: (C)** The Gram Sabha is the 'village parliament'.

(xiii) A city with a population of more than 10 lakh is generally governed by a —

(A) Gram Panchayat (B) Municipal Corporation
(C) Nagar Panchayat (D) Zila Parishad

> **Ans: (B)** Large cities have Municipal Corporations headed by a Mayor.

(xiv) Which of the following is an economic activity?

(A) A tailor stitching clothes for customers for a fee
(B) A mother cooking for her family
(C) A child helping to water the plants at home
(D) A grandfather telling stories to the children

> **Ans: (A)** Economic activities earn money or money's worth.

(xv) Exchanging goods directly for other goods without using money is called —

(A) barter (B) salary (C) taxation (D) banking

> **Ans: (A)** Barter was common before money was invented.

SECTION B — Very Short Answer Questions (4×2=8) — 8 marks

Question Nos. 2 to 5 · each carries 2 marks · at least 20 words.

2.(A) What is latitude? Name the line of 0° latitude.

> **Marking points:**
> - Latitude is the angular distance of a place north or south of the Equator — 1 mark
> - The line of 0° latitude is the Equator — 1 mark

OR

2.(B) What is the Prime Meridian? Why is it important?

Marking points:

- The line of 0° longitude passing through Greenwich (near London) — 1 mark
- It divides the Earth into the Eastern and Western Hemispheres and is the basis of measuring longitude and time — 1 mark

3. Write the difference between BCE and CE.

Marking points:

- BCE means 'Before the Common Era' — dates before year 1; counted backwards, e.g. 2600 BCE — 1 mark
- CE means 'Common Era' — dates after year 1, e.g. 2025 CE — 1 mark

4. Name the three organs of government and write the function of any one.

Marking points:

- Legislature, executive and judiciary — 1 mark
- Any one function: legislature makes laws; executive carries out/implements laws; judiciary settles disputes and gives justice — 1 mark

5. What is barter? State one difficulty of the barter system.

Marking points:

- Direct exchange of goods and services without money — 1 mark
- Difficulty: need for a double coincidence of wants / difficulty of deciding exchange values / difficulty of storing goods — 1 mark

SECTION C — Short Answer Questions (2×3=6) — 6 marks

Question Nos. 6 and 7 · each carries 3 marks · about 40–60 words.

6.(A) Describe any three features of Harappan town planning.

Marking points (any three, 1 mark each):

- Cities were laid out on a grid pattern with straight streets crossing at right angles
- Houses were made of standard-sized baked bricks
- Covered drains ran along the streets and carried waste water out of the city
- Cities were divided into a higher 'citadel' and a lower town
- Great Bath at Mohenjo-daro and granaries show public planning

O R

6.(B) State any three reasons why the Harappan civilisation is called an advanced civilisation.

Marking points (any three, 1 mark each):

- Well-planned cities with drains and public buildings
- Standard weights and measures and long-distance trade
- Skilled crafts such as bead-making, pottery and metal work
- Seals with a script (not yet deciphered)
- Farming of wheat, barley and cotton

7. Explain any three functions of a Municipal Corporation in a city.

Marking points (any three, 1 mark each):

- Supplying clean drinking water
- Collecting garbage and keeping the city clean (sanitation)
- Building and repairing roads and providing street lights
- Running hospitals, schools and parks
- Registering births and deaths, issuing licences and collecting local taxes

SECTION D — Long Answer Questions (2×5=10) — 10 marks

Question Nos. 8 and 9 · each carries 5 marks · about 80–100 words.

8.(A) Explain how landforms such as mountains, plateaus and plains affect the lives of people.

Marking points (any five, 1 mark each):

- Mountains have cold climate and steep slopes — few people, terrace farming, tourism and herding
- Mountains are sources of rivers, forests and minerals
- Plateaus are rich in minerals, so mining and industries develop (e.g. Chota Nagpur)
- Black-soil plateaus such as the Deccan grow cotton
- Plains have fertile soil and rivers, so farming and dense population
- Transport and towns grow easily on plains

OR

8.(B) Compare the Himalayas and the Deccan Plateau in any five points.

Marking points (any five, 1 mark each):

- Himalayas are young fold mountains; Deccan is an old, stable plateau
- Himalayas are very high with snow-capped peaks, Deccan is lower and flat-topped
- Himalayan rivers are perennial, Deccan rivers are mostly seasonal
- Himalayas are rich in forests and glaciers, the Deccan in minerals
- Himalayas are thinly populated, Deccan has many towns and farms
- Different crops: apples/ tea on slopes, cotton/ millets on the plateau

9.(A) Explain any five contributions of ancient India's cultural roots, such as the Vedas, Upanishads, epics, Panchatantra and the teachings of Buddha and Mahavira.

Marking points (any five, 1 mark each):

- The four Vedas — Rig, Yajur, Sama and Atharva — are among the world's oldest texts, kept alive by oral tradition
- Upanishads discuss big questions about the self and the universe; 'Satyameva Jayate' comes from them
- The Ramayana and Mahabharata teach dharma through stories; the Bhagavad Gita is a part of the Mahabharata
- Panchatantra stories teach wise conduct
- Buddha taught the middle path and compassion; Mahavira taught ahimsa (non-violence)
- These ideas spread values of truth, non-violence and respect for all life

OR

9.(B) Describe any five teachings or ideas of the Buddha and Mahavira that are still important today.

Marking points (any five, 1 mark each):

- Buddha: life has suffering, and desire is its cause
- Buddha: follow the middle path / the Eightfold Path
- Buddha: show compassion towards all living beings
- Mahavira: ahimsa — non-violence in thought, word and deed
- Mahavira: truthfulness and non-possession
- Both rejected harmful rituals and stressed good conduct
- Both taught in the common people's language

SECTION E — Case / Source Based Questions (4×4=16) — 16 marks

Question Nos. 10 to 13 · each carries 4 marks (1+1+2).

10. Read the paragraph given below and answer the questions that follow: (1+1+2=4)

> Archaeologists have found at Dholavira, in the Rann of Kachchh, huge reservoirs cut into rock, stepped wells and channels to collect rainwater. Water was stored carefully in a place where it rains very little. The city was divided into a fortified citadel, a middle town and a lower town. Along with Mohenjo-daro and Harappa, such cities show high skills in planning.

(10.1) Name the state in which Dholavira is located.

> Gujarat.

(10.2) How did the people of Dholavira solve their water problem?

> They built reservoirs, stepped wells and channels to store and carry rainwater.

(10.3) What does this source tell us about the skills of the Harappan people? Give any two points.

> (1) Good engineering and planning of cities (citadel, middle and lower town); (1) knowledge of water management/ conservation in a dry region.

11. Read the paragraph given below and answer the questions that follow: (1+1+2=4)

> In the village of Rampur, the Gram Sabha met on Republic Day. Villagers discussed the need for a boundary wall around the primary school and for repairing the village well. The Sarpanch read out the accounts of money spent in the previous year. A woman member, Kamla Devi, pointed out that some tube lights were not working, and it was decided to repair them first.

(11.1) Who read out the accounts to the Gram Sabha?

> The Sarpanch.

(11.2) Name any one matter discussed in the meeting.

> Boundary wall of the school / repair of the village well / repair of tube lights.

(11.3) Why is it important for villagers to attend the Gram Sabha? Give any two reasons.

> (1) All adult villagers can raise problems and take part in decisions; (1) it makes the Panchayat accountable by checking accounts and works.

12. Read the paragraph given below and answer the questions that follow: (1+1+2=4)

> Raju repairs shoes on a pavement. His neighbour Sunita is a school teacher. Raju's daughter once felt embarrassed about her father's work. Her teacher said, "Both teaching and shoe-mending are honest work that serve society. Every work has dignity." Raju takes pride in the fact that he has never cheated anyone.

(12.1) Name the activity done by Raju to earn money.

> Repairing shoes.

(12.2) What did the teacher say about all kinds of work?

> Every kind of honest work has dignity.

(12.3) Why should we respect people doing every kind of work? Give any two reasons.

> (1) All work contributes to the needs of society; (1) respecting all workers promotes equality and fairness/ no work is small.

13. **Read the paragraph given below and answer the questions that follow: (1+1+2=4)**

> The Vishnu Purana, an ancient text, says that the land lying north of the ocean and south of the snowy mountains is called Bharata, and the descendants of Bharata live there. Many centuries later, the Constitution of India declares: 'India, that is Bharat, shall be a Union of States.'

(13.1) Which ancient text is quoted in the passage?

> The Vishnu Purana.

(13.2) What are the 'snowy mountains' referred to in the passage?

> The Himalayas.

(13.3) How does this passage show that Bharat has been thought of as one land for a very long time?

> (1) The old text describes the whole land between the Himalayas and the southern ocean as one country; (1) the same name Bharat is recognised in the Constitution today.

SECTION F — Map Based Question (1×5=5) — 5 marks

Question No. 14 · 5 marks.

14. On the Political outline Map of India provided, locate and label any **five** of the following places using appropriate symbols/signs: (5×1=5)

(I) Dholavira
(II) Lothal
(III) Rakhigarhi
(IV) Kalibangan
(V) Delhi (capital of India)
(VI) Kanyakumari

The following questions are for Visually Impaired students only, in lieu of Question No. 14. Answer any five questions:

(I) In which present-day Indian state/UT is Dholavira located? 1
(II) In which present-day Indian state/UT is Lothal located? 1
(III) In which present-day Indian state/UT is Rakhigarhi located? 1
(IV) In which present-day Indian state/UT is Kalibangan located? 1
(V) In which present-day Indian state/UT is Delhi located? 1
(VI) In which present-day Indian state/UT is Kanyakumari located? 1

> 1 mark for each correctly located and labelled place (any five); a position within about 150 km of the true location is acceptable. For Visually Impaired candidates: 1 mark for each correct state/UT (any five).
>
> - (I) Dholavira — **Gujarat**
> - (II) Lothal — **Gujarat**
> - (III) Rakhigarhi — **Haryana**
> - (IV) Kalibangan — **Rajasthan**
> - (V) Delhi (capital of India) — **Delhi**
> - (VI) Kanyakumari — **Tamil Nadu**
