ANSWER KEY & MARKING SCHEME SET 1

Chapter 3: **Health: The Ultimate Treasure** | Class 8 Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(d)** rash seen by the doctor	Signs are observed.
2	**(b)** entry, multiplication, symptoms	Pathogen enters and multiplies before symptoms.
3	**(b)** white blood cells and antibodies	Defensive cells and proteins.
4	**(b)** contaminated drinking water	Flood mixes sewage with water.
5	**(b)** before exposure to disease	Preventive.
6	**(b)** a physical barrier to germs	Barrier.
7	**(b)** stagnant	They breed in still water.
8	**(b)** monitoring physical health	Physical measurements.
9	**(b)** trapping dust and germs	Sticky layer.
10	**(b)** immunity	The body remembers the pathogen.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Mosquitoes breed in it (1); Malaria and dengue (1).	1+1
12	Vaccines prevent disease; antibiotics treat bacterial infection (1); Vaccines train immunity; antibiotics kill bacteria (1).	1+1
13	Body loses water and salts (1); ORS replaces them and prevents dehydration (1).	1+1
14	The disease spreads through droplets (1); Isolation breaks the chain of infection (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Vaccine contains weak pathogen or antigen (1); Body makes antibodies and memory cells (1); Boosters keep the memory strong (1).	1+1+1
16	First aid is immediate help before a doctor (1); Medical treatment is by a doctor (1); e.g. cleaning and bandaging a cut (1).	1+1+1
17	Protects against tuberculosis (1); Gives immunity early (1); TB is serious (1).	1+1+1
	OR: Provide clean water, chlorinate wells (1); Proper sanitation (1); ORS and health education (1).	1+1+1
18	Illness can cause worry (1); Stress can affect sleep and body (1); Friends' support improves mood (1).	1+1+1
	OR: Report symptoms (1); Follow instructions (1); Avoid spreading rumours (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Source: infected person's faeces (1); Contaminated water (1); Healthy person drinks it (1); Break: safe water, sanitation (1); Treatment with ORS and care (1).	1+1+1+1+1
	OR: River water may contain pathogens (1); Causes cholera, typhoid (1); Boil or filter (1); Chlorinate (1); Store in clean covered vessels (1).	1+1+1+1+1
20	Skin and mucus: barriers (1); White blood cells engulf germs (1); Antibodies mark germs (1); Memory cells protect later (1); Vaccines use the same principle (1).	1+1+1+1+1
	OR: Mental health: emotional well-being (1); Affects work and relationships (1); Signs: sadness, anger, withdrawal (1); Sleep, play, hobbies (1); Seek help from elders or counsellors (1).	1+1+1+1+1

Mistakes to avoid:

- Defining health as only the absence of disease; the chapter includes mental and social health.
- Writing that all diseases spread from person to person; diabetes and cancer do not.
- Mixing carriers: malaria is spread by Anopheles, dengue by Aedes.
- Saying antibiotics cure viral diseases like influenza or dengue.
- Confusing a vaccine (prevents) with a medicine (treats).

- Naming only the disease and forgetting its cause, carrier and prevention when asked for a full answer.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 2

Chapter 3: **Health: The Ultimate Treasure** | Class 8 Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(c)** type 2 diabetes	Linked to diet and exercise.
2	**(b)** resistant bacteria	Bacteria evolve.
3	**(b)** emptying coolers and pots weekly	Breeding sites removed.
4	**(c)** covering mouth when sneezing	Droplets are blocked.
5	**(c)** an epidemic	Spreads rapidly.
6	**(d)** a virus	Antibiotics act on bacteria.
7	**(d)** a person with a deep rusty nail wound	Tetanus bacteria in wounds.
8	**(d)** eradicate polio	Drops to children.
9	**(d)** polio and measles	Vaccines exist for polio and measles.
10	**(a)** regular treatment and a healthy lifestyle	Long term care.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	It carries Plasmodium from an infected person to a healthy one (1); It transmits the parasite when it bites (1).	1+1
12	Shaking hands or hugging (1); Sharing food or utensils (1).	1+1
13	Immune memory (1); e.g. chickenpox or measles (1).	1+1
14	Poor in nutrients, high in fats and sugar (1); Cause obesity and lifestyle diseases (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Malaria: protozoa; typhoid: bacteria (1); Malaria: mosquito; typhoid: contaminated food/water (1); Typhoid: antibiotics; malaria: antimalarial drugs (1).	1+1+1
16	Their immunity is weaker (1); Less ability to fight germs (1); Need extra care (1).	1+1+1
17	The body repairs tissues (1); Immune system works better (1); Energy is conserved (1).	1+1+1
	OR: They protect the body from deficiency diseases (1); Citrus fruits for scurvy (1); Green leafy vegetables for anaemia (1).	1+1+1
18	Disease spreading across countries (1); Vaccination (1); Masks, hygiene and distance (1).	1+1+1
	OR: Pathogen: causes disease, e.g. bacterium (1); Parasite: lives on or in a host and feeds on it, e.g. Plasmodium (1); Many parasites are pathogens (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Causes: poor diet, no exercise, stress (1); Examples: diabetes, heart disease (1); Eat balanced food (1); Exercise regularly (1); Avoid tobacco and alcohol (1).	1+1+1+1+1
	OR: Vaccination programmes (1); Safe water and sanitation (1); Public awareness (1); Hospitals and health centres (1); Community cleanliness drives (1).	1+1+1+1+1
20	Mosquitoes: nets, drain water (1); Flies: cover food, dispose garbage (1); Rats: keep home clean (1); Spray insecticide carefully (1); Community cooperation needed (1).	1+1+1+1+1
	OR: Misuse lets bacteria adapt (1); Medicines stop working (1); Take only on advice (1); Complete the course (1); Do not share medicines (1).	1+1+1+1+1

Mistakes to avoid:

- Defining health as only the absence of disease; the chapter includes mental and social health.
- Writing that all diseases spread from person to person; diabetes and cancer do not.
- Mixing carriers: malaria is spread by Anopheles, dengue by Aedes.
- Saying antibiotics cure viral diseases like influenza or dengue.
- Confusing a vaccine (prevents) with a medicine (treats).

- Naming only the disease and forgetting its cause, carrier and prevention when asked for a full answer.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 3

Chapter 3: **Health: The Ultimate Treasure** | Class 8 Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(d)** tuberculosis	Mycobacterium.
2	**(b)** vitamin C	Scurvy.
3	**(a)** sanitation, nutrition and health care	Many factors.
4	**(c)** carrot	Beta carotene.
5	**(a)** spinach and jaggery	Iron-rich.
6	**(c)** shaking hands	Casual contact does not spread it.
7	**(c)** using unfiltered river water	Unsafe.
8	**(b)** controlling the vector	Breaking the transmission.
9	**(a)** rest and stay home	Avoid spreading it.
10	**(b)** coping with stress	Positive effect.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Headache, poor sleep (1); Reduced immunity (1).	1+1
12	Epidemic: sudden spread in many people (1); Endemic: constantly present in a region (1).	1+1
13	Early detection of problems (1); Early treatment improves recovery (1).	1+1
14	Time between infection and the appearance of symptoms (1); e.g. a few days in flu or measles (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	High fat and sugar causes obesity (1); May lead to diabetes (1); Heart problems (1).	1+1+1
16	Clarity and smell (1); Boiling or using a filter (1); Using chlorine tablets (1).	1+1+1
17	Damage to organs (1); Addiction (1); Social problems (1).	1+1+1
	OR: Pathogens spread to others (1); Weak persons get infected easily (1); Rest speeds recovery (1).	1+1+1
18	Flies and dust carry germs (1); Uncovered food is contaminated (1); May cause typhoid, diarrhoea (1).	1+1+1
	OR: Clean drinking water (1); Health check-ups (1); Sports and health education (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Viral: flu, measles (1); Bacterial: typhoid, TB (1); Protozoan: malaria, amoebiasis (1); Antibiotics for bacterial (1); Vaccines and antivirals for viral (1).	1+1+1+1+1
	OR: Food gets contaminated by flies and dirty hands (1); Storage in dirty places (1); Wash hands and food items (1); Cover and refrigerate (1); Cook properly (1).	1+1+1+1+1
20	Scurvy: vitamin C, bleeding gums (1); Anaemia: iron, tiredness (1); Goitre: iodine, swelling in neck (1); Prevention: balanced diet (1); Iodised salt, citrus fruits (1).	1+1+1+1+1
	OR: Identify the cases (1); Isolate patients (1); Vaccinate the community (1); Clean the environment (1); Educate people (1).	1+1+1+1+1

Mistakes to avoid:

- Defining health as only the absence of disease; the chapter includes mental and social health.
- Writing that all diseases spread from person to person; diabetes and cancer do not.
- Mixing carriers: malaria is spread by Anopheles, dengue by Aedes.
- Saying antibiotics cure viral diseases like influenza or dengue.
- Confusing a vaccine (prevents) with a medicine (treats).
- Naming only the disease and forgetting its cause, carrier and prevention when asked for a full answer.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
