THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

CLASS 8 — SOCIAL SCIENCE · HARD LEVEL CHAPTER TEST SET 3

Chapter 7: **Factors of Production** | RBSE Pattern | Session 2026–27

Time: 1 Hour 30 Minutes Name: _____ Roll No.: _____ **Maximum Marks: 40**

General Instructions:

1. All questions are compulsory.
2. Q. 1–10 are Objective Type (1 mark each).
3. Q. 11–14 are Very Short Answer Type (2 marks each).
4. Q. 15–18 are Short Answer Type (3 marks each).
5. Q. 19–20 are Long Answer Type (5 marks each).
6. Internal choice is given in Q. 17 to 20.
7. Write the question number before each answer.
8. Hard level: application and higher-order questions.

SECTION — A (Objective Type Questions) 10 × 1 = 10

Choose the correct option and write it in your answer book.

1. Which of the following demonstrates sustainability? 1

(a) Burning plastic **(b)** Maximising waste
(c) Ignoring regulations **(d)** Reusing materials and cutting waste

2. A firm spends 2% of average profits on schools in its area. This is 1

(a) rent **(b)** profit **(c)** CSR **(d)** tax

3. A firm investing in worker safety is respecting 1

(a) rent **(b)** worker rights **(c)** interest **(d)** tax

4. Which factor does GPS-based farming mostly add? 1

(a) Wages **(b)** Rent **(c)** Technology **(d)** Land

5. If a mobile phone factory is closed by a cut in supply of chips, it shows 1

(a) land shortage **(b)** wage rise
(c) interest **(d)** supply chain dependence

6. Which factor's reward is uncertain and may be negative? 1

(a) Labour **(b)** Land **(c)** Entrepreneurship **(d)** Capital

7. A firm that ignores CSR may suffer 1

(a) loss of public trust **(b)** more land
(c) rent **(d)** wages

8. The Tata example suggests that an entrepreneur 1

(a) combines vision, risk and responsibility **(b)** only works
(c) avoids risk **(d)** only borrows

9. **Assertion (A):** Handicrafts are labour-intensive. 1

Reason (R): They use a larger number of workers than machines and capital.

Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

10. **Assertion (A):** Companies in India above certain limits must spend 2 per cent of their average profits on Corporate Social Responsibility (CSR). 1
Reason (R): Kaizen is the Japanese culture of continuous improvement.
Choose the correct option:
(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

SECTION — B (Very Short Answer Type) — 4 × 2 = 8

Answer in about 20–30 words each.

11. How can a firm treat workers responsibly? 2

12. A supply chain for rice includes farmer, trader, miller and shop. What does it show? 2

13. How does technology help artisans reach distant markets? 2

14. Why is labour not just 'another input'? 2

SECTION — C (Short Answer Type) — 4 × 3 = 12

Answer in about 40–60 words each.

15. Analyse why disruption in one country can stop factories elsewhere. 3

16. Evaluate the argument that technology always creates more jobs than it destroys. 3

17. Analyse a case where a firm's social responsibility benefits the firm itself. 3

OR

Examine how SWAYAM and online jobs portals reduce inequality. 3

18. Case: A farmer uses a drone and weather app. Identify factors used and effect. 3

OR

Examine how women's participation affects human capital and growth. 3

SECTION — D (Long Answer Type) — 2 × 5 = 10

Answer in about 100–150 words each.

19. **Case study.** About 65 per cent of India's population is below the age of 35. Platforms such as SWAYAM offer online courses, and the National Career Service helps job seekers. During COVID-19 several supply chains broke down and production stopped. 5
(i) What share of India's population is below 35?
(ii) What does SWAYAM provide?
(iii) What is a supply chain?
(iv) Why does a large young population become a demographic dividend only with skills and jobs?

20. Plan a start-up (any product). Explain how you will arrange land, labour, capital and enterprise, and identify risks. 5

OR

Discuss why rewards to factors differ and what governments can do for fairness. 5

END OF QUESTION PAPER — Total: 40 Marks
