- Mixing specialised towns: Moradabad - brassware, Channapatna - wooden toys, Kanchipuram - silk sarees, Bengaluru - IT.
- Forgetting the details: Sakchi renamed Jamshedpur in 1919, Bombay Stock Exchange 1875, Jaipur planned in 1727 on a grid, NOIDA = New Okhla Industrial Development Authority.
- Reading a higher Air Quality Index as cleaner air; a higher value means worse air.
- Confusing population (total people) with population density (people per square kilometre).
- Mixing heritage tourism (Agra, Taj Mahal) with religious tourism (Varanasi, Amritsar), and BPO with IT hubs.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
