THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET 1

Full Syllabus (Chapters 1–12) | Class 6 Science | Maximum Marks: 50

MULTIPLE CHOICE QUESTIONS — Answers 50 × 1 = 50

Q.	Correct Option	Brief Reasoning
1	**(d)** curiosity	A curious mind keeps asking why and how.
2	**(b)** biodiversity	Biodiversity means diversity of life.
3	**(b)** carbohydrates	Carbohydrates give quick energy.
4	**(b)** magnetic	Magnetic materials include iron, nickel and cobalt.
5	**(c)** metre	SI unit of length is metre (m).
6	**(c)** material	An object is made of material.
7	**(b)** temperature	Temperature measures hotness.
8	**(b)** three	Solid, liquid and gas.
9	**(c)** handpicking	Used when pieces are large.
10	**(c)** they need food	All living beings need food for energy.
11	**(c)** natural resources	Air, water, soil are natural resources.
12	**(b)** celestial bodies	Bodies beyond the Earth.
13	**(c)** a systematic way of understanding nature	Science studies nature through observation and experiment.
14	**(d)** parallel venation	Monocot leaves have parallel veins.
15	**(d)** calcium	Calcium builds bones.
16	**(d)** small magnet	It is a tiny magnet.
17	**(b)** thread	A thread follows the curve.
18	**(c)** sugar	Sugar dissolves.
19	**(d)** mercury	Mercury expands uniformly.
20	**(c)** temperature is higher	Heat helps.
21	**(c)** condensation	Cooling vapour.
22	**(d)** reproduction	Offspring are formed.
23	**(a)** mixture of gases	Contains N2, O2 and others.
24	**(d)** Mercury	Smallest planet.
25	**(d)** a mobile phone	Technology is the practical use of science.
26	**(c)** herbivores	Cows are herbivores.
27	**(a)** carbohydrates	They contain starch.
28	**(a)** to keep them from losing magnetism	Keepers preserve magnetism.
29	**(d)** changes with time	Change of position.
30	**(a)** copper	Metals conduct heat well.
31	**(b)** conductors	Metals are good conductors.
32	**(b)** collecting and storing rainwater	Collect rain for use.
33	**(c)** distilled water	Only one substance.
34	**(a)** food, water and air	Basic needs.
35	**(d)** crude oil	Obtained from under the ground.
36	**(a)** new-moon day	Amavasya.
37	**(c)** observation	Observation is the first step of enquiry.
38	**(b)** habitat	A habitat provides food and shelter.
39	**(d)** proteins	Proteins build and repair tissues.
40	**(d)** iron nail	Iron is magnetic.
41	**(a)** 100 centimetres	1 m = 100 cm.
42	**(d)** transparent	We can see clearly through them.

43	**(b)** thermometer	Thermometer measures temperature.
44	**(d)** water vapour	Vapour is invisible water gas.
45	**(d)** winnowing	Wind blows away light husk.
46	**(d)** a stone	Stones do not grow or respire.
47	**(a)** renewable	E.g. sunlight, wind.
48	**(c)** star	It produces its own light and heat.
49	**(b)** a mango tree	Plants grow, respire and reproduce.
50	**(d)** tap root system	Mustard and carrot have tap roots.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 2

Full Syllabus (Chapters 1–12) | Class 6 Science | Maximum Marks: 50

MULTIPLE CHOICE QUESTIONS — Answers — 50 × 1 = 50

Q.	Correct Option	Brief Reasoning
1	**(b)** calcium	Milk contains calcium and protein.
2	**(b)** north-south	It aligns with Earth's field.
3	**(b)** directly above the mark	Avoids parallax error.
4	**(b)** sand	Sand does not dissolve.
5	**(d)** prevents mercury from falling back on its own	It keeps the reading.
6	**(b)** the surface area is larger	More surface is exposed.
7	**(d)** filtration	Sand is insoluble.
8	**(c)** growth	Living things grow.
9	**(b)** smoke from vehicles	Smoke contains harmful gases.
10	**(c)** Jupiter	Jupiter.
11	**(b)** technology	Technology applies science.
12	**(b)** carnivores	Lions are carnivores.
13	**(a)** sunlight	Skin makes vitamin D in sunlight.
14	**(b)** mobile phones and credit cards	They may damage magnetic data.
15	**(a)** the seat of the train	Relative to the seat, no change.
16	**(b)** poor conductors of heat	They do not become hot.
17	**(a)** insulators	Wood, plastic, air.
18	**(a)** closing taps when not in use	Prevent wastage.
19	**(d)** air	Gases mixed.
20	**(c)** photosynthesis	Using sunlight.
21	**(c)** petrol	Fuels and plastics are from petroleum.
22	**(d)** artificial satellites	They are launched by rockets.
23	**(d)** hypothesis	A hypothesis is a testable explanation.
24	**(a)** herbs	Herbs have tender stems.
25	**(d)** pulses	Pulses and dals are protein-rich.
26	**(c)** glass marble	Glass is not attracted.
27	**(b)** 1000 metres	1 km = 1000 m.
28	**(a)** opaque	Wood and metal are opaque.
29	**(d)** degree Celsius	Celsius scale.
30	**(b)** evaporation	Evaporation occurs at all temperatures.
31	**(c)** threshing	Threshing frees grains.
32	**(d)** stimuli	A stimulus triggers a response.
33	**(b)** non-renewable	E.g. coal, petroleum.
34	**(a)** their light passes through the moving air of the atmosphere	Atmospheric disturbance.
35	**(d)** make sure the result is reliable	Repetition checks reliability.
36	**(c)** fibrous root system	Many similar thin roots arise from the base.
37	**(d)** dietary fibre	It is the undigested plant material.
38	**(d)** horseshoe magnet	U shaped.
39	**(a)** parallax error	Reading from an angle gives parallax.
40	**(d)** wooden block	Wood is less dense than water.
41	**(d)** shaken to bring mercury below 35 °C	Reset the mercury level.

42	**(d)** wind carries away water vapour	Wind speeds evaporation.
43	**(b)** evaporation	Salt is dissolved.
44	**(a)** do not grow	They do not show life processes.
45	**(a)** planting trees	Trees absorb gases.
46	**(a)** Mars	Iron oxide gives red colour.
47	**(b)** vaccines that prevent diseases	Vaccines were developed by science.
48	**(b)** omnivores	Humans and crows are omnivores.
49	**(a)** obesity	It has excess fat and sugar.
50	**(a)** sailors	They find directions at sea.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 3

Full Syllabus (Chapters 1–12) | Class 6 Science | Maximum Marks: 50

MULTIPLE CHOICE QUESTIONS — Answers — 50 × 1 = 50

Q.	Correct Option	Brief Reasoning
1	**(c)** the person is moving	Rest and motion are relative.
2	**(b)** wool	Wool comes from sheep.
3	**(b)** aluminium	Metals conduct.
4	**(c)** flood	Flooding.
5	**(a)** wheat and husk	Different weights.
6	**(c)** eating plants or other animals	They cannot make food.
7	**(d)** fuel (CNG, LPG)	Used for cooking and vehicles.
8	**(b)** Aryabhata	Launched in 1975.
9	**(b)** recording and analysing results	Results are recorded and studied before a conclusion.
10	**(c)** shrubs	Rose and hibiscus are shrubs.
11	**(c)** fats	Fats give about twice the energy of carbohydrates.
12	**(a)** poles	Poles are at the ends.
13	**(a)** 10 millimetres	1 cm = 10 mm.
14	**(c)** translucent	Frosted glass is translucent.
15	**(c)** it can be misleading	Past experience affects touch.
16	**(b)** condensation	Cooling of vapour.
17	**(a)** sieving	Different particle sizes.
18	**(b)** the stem bends towards light	Shoots bend towards light.
19	**(d)** sunlight	Sun's energy is always available.
20	**(b)** Moon	It reflects sunlight.
21	**(b)** Does a seed sprout faster in warm water?	Only measurable questions can be tested.
22	**(b)** leaf	Leaves carry out photosynthesis.
23	**(b)** roughage	Fibre helps bowel movement.
24	**(a)** bar	Bar magnets are common.
25	**(a)** start measuring from a full mark like 1 cm and subtract it	Use a clear mark and subtract.
26	**(a)** iron nail	Iron is denser.
27	**(d)** bulb	Bulb ought to touch the body only.
28	**(d)** air already has much water vapour	High humidity.
29	**(a)** magnet	Iron is magnetic.
30	**(c)** a dog	Animals can move.
31	**(d)** rocks	Weathering over a long time.
32	**(c)** Saturn	Saturn's rings.
33	**(b)** botanist	Botany is the study of plants.
34	**(c)** crow	Crows eat grains and flesh.
35	**(a)** sugar and salt	They harm health when eaten in excess.
36	**(c)** it repels a known magnet	Only a magnet can repel another magnet.
37	**(c)** rotational	Rotation about its axis.
38	**(d)** plastic	Plastic is synthetic.
39	**(d)** plastic	Plastic is an insulator.
40	**(a)** drought	Drought.
41	**(c)** wheat flour and bran	Particle size differs.

42	**(b)** light	It changes the environment.
43	**(b)** mining	Digging from the Earth.
44	**(d)** Indian Space Research Organisation	It is India's space agency.
45	**(a)** scientific method	It uses observation, hypothesis, experiment and conclusion.
46	**(b)** trees	Mango and neem are trees.
47	**(c)** amla and lemon	Citrus fruits are rich in vitamin C.
48	**(a)** north and south	North-seeking and south-seeking poles.
49	**(a)** handspan	Handspan varies from person to person.
50	**(c)** clear glass	Clear glass allows light through.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
