Mistakes to avoid:

- Mixing up the names: **Sentila** is the daughter who wants to learn pot making, **Arenla** is her skilled mother, and **Onula** is the kind older woman who guides her. Do not call the mother Onula.
- Saying Arenla refused out of dislike for her daughter. She wished to spare Sentila a tiring, poorly paid craft; the elders' view was that skills belong to the community and must be passed on.

- In 'Quality', saying Mr Gessler failed because his boots were poor. His business suffered because bigger firms advertised while he stayed faithful to **hand-made quality**; the story contrasts honest craft with commerce.
- Giving the meaning of 'vocation' as a holiday or hobby. It means an occupation one is suited to; link it to the **dignity of labour** in the poems.
- Spelling and usage slips: *skilful* (one 'l' in British spelling); 'spoke **to** Sentila', not 'spoke on'. Plural of boot is *boots*.
- Writing one story's facts under the other's title. Keep the two prose pieces separate: a village potter and a bootmaker, and mention a poem only when the question names it.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
