- Missing the irony: Mother worries that Grandpa may forget his way, but it is Mother who forgot **Grandpa's birthday**. Naming Ravi or Grandpa as the one needing Vitamin-M loses the mark.
- Describing Ravi's secret following as rude or cruel. He hides behind benches and trees because he is worried about Grandpa, so state the motive (concern) along with the action.
- Mixing the poem with the story: 'I Cannot Remember My Mother' is by **Rabindranath Tagore**; its mood is tender and wistful, and the shiuli flower and the tune bring only a faint memory.
- Writing that the speaker of the poem hates or has forgotten his mother. He *cannot remember* her because she is no longer with him, so the feeling is loss, not anger.
- Tense errors: *Grandpa **had gone** out without telling anyone* (past perfect), not 'had went'. Plural of child is *children*.
