SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	(i) First-Past-The-Post (1). (ii) The candidate with the most votes (1). (iii) No, 45 per cent is less than 50 per cent (1). (iv) A second round would be held between X and Y (1); in FPTP votes are split among many candidates, and the highest vote-getter wins (1).	1+1+1+2
20	Equality (1); Dignity (1); Access (1); Participation (1); Legitimacy (1).	1+1+1+1+1
	OR: Compromise (1); Stability (1); Representation of regions (1); Delays (1); Examples (1).	1+1+1+1+1

Mistakes to avoid:

- FPTP gives victory to the candidate with the **most** votes (a plurality), not necessarily more than 50 per cent; do not call it a majority.
- Lok Sabha: direct election by FPTP. Rajya Sabha: PR by single transferable vote. President: indirect election. Do not interchange them.
- Delimitation means fixing constituency boundaries and seats; it is not the same as drawing up electoral rolls or counting votes.
- The Election Commission is a constitutional body (Articles 324-329) established on 25 January 1950; the Model Code of Conduct is a set of guidelines for parties and candidates.
- The Anti-Defection Law applies to elected members who voluntarily give up party membership, not to voters.

- Proportional representation gives seats in proportion to votes; do not confuse it with PR-STV used for Rajya Sabha, and know EVM, VVPAT, cVIGIL, Saksham and ERONET by purpose.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
