Chapter 9: **Oceans and Life (Geography)** | Class 9 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(d)** an underwater volcanic mountain	Does not reach the surface
2	**(a)** a flat top	Flattened by waves
3	**(d)** using resources without exhausting them	Blue Economy
4	**(d)** high tide	Depth
5	**(c)** continental shelf	Shallow, sunlit water
6	**(d)** Delta on land	Land feature
7	**(c)** coastal (neritic) fish	Neritic
8	**(b)** flood tide	Water rising
9	**(d)** 12 nm	Near-complete control
10	**(d)** global commons	Open to all

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

16	Oil (1); Gas (1); Minerals (1).	1+1+1
17	Navigation (1); Fishing (1); Energy (1).	1+1+1
	OR: Crack becomes cave (1); Cave becomes arch (1); Arch collapses into stack (1).	1+1+1
18	Territorial waters (1); Contiguous zone (1); EEZ (1).	1+1+1
	OR: ITEWC (1); INCOIS (1); IMD (1).	1+1+1

	OR: Caused by winds (1); Cracks and caves (1); Arches and stacks (1); Beaches (1); Energy (1).	1+1+1+1+1

Mistakes to avoid:

- Spring tides occur on new moon and full moon days, **not** in the spring season; high tides recur roughly every 12 hours 25 minutes.
- Waves are caused mainly by wind, whereas tsunamis are caused mainly by undersea earthquakes; do not interchange them.
- Ocean floor features: continental shelf, slope, abyssal plain, trench, mid-ocean ridge, seamount and guyot (flat-topped). The Mariana Trench is the deepest place; the Mid-Ocean Ridge is the longest range.
- The EEZ extends up to 200 nm and gives rights over resources, not full ownership of the sea; the high seas beyond are global commons.
- The Gulf Stream is a **warm** current; where warm and cold currents meet, mixing of nutrients makes rich fishing grounds.
- Sea cliffs, caves, arches and stacks are erosional landforms formed in the order cave, arch, stack, while a beach is a depositional feature.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
