ANSWER KEY & MARKING SCHEME SET 1

Chapter 4: **Melting Ice in Alaska** | Class 8 English_Gulmohar | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(c)** Craig Welch	An environmental journalist with National Geographic.
2	**(b)** the Ninglick River	Newtok is near the Ninglick.
3	**(b)** greenhouse gases	They add to warming.
4	**(c)** Newtok	Newtok is the old village.
5	**(a)** 1949	As per the chapter.
6	**(a)** causes further warming	A feedback loop.
7	**(d)** Yup'ik	The Yup'ik people.
8	**(a)** nomadic hunters	They hunted seals, moose, musk oxen.
9	**(c)** children may be divided between two communities	Two villages complicate schooling.
10	**(c)** permanently frozen ground	Frozen soil that stays frozen.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Craig Welch (1). Nature, climate change and its effect on people (1).	1+1
12	Houses and fuel tanks tilt (1) and the landfill has been washed away (1).	1+1
13	Through poems (1) about her sadness at leaving her ancestral land (1).	1+1
14	Permanently frozen ground (1) that is now melting because of warming (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Permafrost melts and the ground sinks (1). Homes and tanks tilt and landfills wash away (1). Floods and erosion threaten the whole village (1).	1+1+1
16	Relief at safety (1). Grief at leaving ancestral land (1). Mixed emotions in young and old (1).	1+1+1
17	The permafrost is melting (1). Erosion has eaten the bank (1). They plan to relocate soon (1).	1+1+1
	OR: Earlier they were nomadic hunters (1). They hunted seals, moose, musk oxen and gathered berries (1). In 1949 they settled in Newtok but still lived by subsistence (1).	1+1+1
18	He is a community leader (1). He sees relocation as necessary (1). Safety and survival matter most (1).	1+1+1
	OR: The bank is eaten by the river (1). Object becomes subject (1). Verb changes to 'is eaten' (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Permafrost thaws; ground sinks (1). Houses and fuel tanks tilt (1). Landfill washed away; homes demolished (1). Erosion and floods isolate families (1). Village may be swallowed by the river (1).	2+2+1
	OR: Date (1). The demolition (1). Memories of home (1). Feelings of sadness and acceptance (1). Hope for Mertarvik (1).	2+2+1
20	Reason: safety and survival (1). Higher ground chosen (1). Only a few families moved (1). Facilities under construction (1). Difficulties of running two villages (1).	2+2+1
	OR: Sea ice melts and moves from shore (1). Storm surges reach inland (1). Erosion speeds up (1). Villages consider relocation (1). Link to climate change (1).	2+2+1

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 2

Chapter 4: **Melting Ice in Alaska** | Class 8 English_Gulmohar | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(d)** off what nature provides	Depending on nature.
2	**(a)** necessary for safety and survival	A leader's view.
3	**(c)** It is melting	Climate change is thawing it.
4	**(c)** seals and berries	Seals, moose, musk oxen, berries.
5	**(c)** poems	She writes poems of sadness.
6	**(a)** climate change and warming	Global warming melts it.
7	**(d)** tilting	The ground under them sinks.
8	**(d)** mixed, with relief and grief	Mixed emotions.
9	**(c)** sinks and collapses	It loses support.
10	**(b)** washed away	Erosion destroyed it.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Living by using what nature provides (1) rather than by industry (1).	1+1
12	A school (1) and a community centre, water plant or power station (1).	1+1
13	Native people of Alaska living in Newtok (1), who traditionally hunted and gathered (1).	1+1
14	It lets storm surges reach inland (1) and speeds erosion (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Thawing releases greenhouse gases (1). Gases trap heat (1). More warming melts more permafrost, a cycle (1).	1+1+1
16	Her sadness at leaving (1). Her deep attachment to ancestral land (1). The emotional cost of relocation (1).	1+1+1
17	Andrew John said that they had to move / must move (1). The pronoun We becomes they (1). 'That' links the clause (1).	1+1+1
	OR: Sea ice acts as a barrier against storm surges (1). Melting moves it away from shore (1). Water then reaches inland and erodes land (1).	1+1+1
18	Melting permafrost (1). Rising seas and stronger storms (1). Erosion of riverbanks and flooding (1).	1+1+1
	OR: were demolished (1). Passive, past tense (1). The subject receives the action (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Hunted seals, moose, musk oxen (1). Gathered berries and plants (1). Subsistence lifestyle (1). Settled in Newtok in 1949 (1). Now nature's change forces them out (1).	2+2+1
	OR: Format (1). Introduction to Newtok (1). The problems (1). The move to Mertarvik (1). Closing thoughts (1).	2+2+1
20	Permafrost is frozen soil (1). Nine million square miles in the far north (1). Thaw weakens buildings, roads, pipelines (1). Releases greenhouse gases (1). Causes a cycle of warming (1).	2+2+1
	OR: Headline (1). Place and people (1). Causes (1). Progress and difficulties (1). Reactions (1).	2+2+1

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 3

Chapter 4: **Melting Ice in Alaska** | Class 8 English_Gulmohar | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** a school and a community centre	Also a water plant and a power station.
2	**(c)** Mertarvik	Mertarvik is on higher ground.
3	**(c)** they became unsafe	Sinking ground made them unsafe.
4	**(c)** slow, with only a few families moved	Only some have moved.
5	**(c)** safety and survival	Newtok is no longer safe.
6	**(b)** reach inland communities	No ice barrier remains.
7	**(d)** gradual wearing away of land	Land is lost.
8	**(c)** higher ground	It is safer from floods.
9	**(d)** a rise of sea water pushed by a storm	Water driven inland.
10	**(a)** stay	Stay in the same place.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Slow wearing away of land (1). Erosion eats the riverbank every year (1).	1+1
12	Their old village is no longer safe (1) because of melting permafrost, floods and erosion (1).	1+1
13	That children may be divided (1) between the two villages (1).	1+1
14	To move to a new place (1) to live there (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	A few families have moved (1). A school, community centre, water plant and power station are being built (1). Only about one-third of the homes are ready (1).	1+1+1
16	The Yup'ik adapt by relocating (1). They plan together (1). Adaptability helps survival (1).	1+1+1
17	A cycle in which an effect strengthens its own cause (1). Melting permafrost releases gases (1). Gases cause more warming and more melting (1).	1+1+1
	OR: Schooling is complicated (1). Local administration is divided (1). Children may be split between communities (1).	1+1+1
18	Gases that trap heat in the atmosphere (1). Thawing permafrost releases them (1). They increase global warming (1).	1+1+1
	OR: Ice and frozen ground are melting (1). Alaska is the setting (1). The melting changes people's lives (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Relief at the move (1). Grief for ancestral land (1). Andrew John accepts it as necessary (1). Dixon fears division (1). Martha's poems show sadness (1).	2+2+1
	OR: Climate change is real (1). It hurts communities (1). We should reduce harm (1). Adapt and help others (1). Respect nature (1).	2+2+1
20	Climate change affects homes and culture (1). Need to protect nature (1). Adaptability and unity (1). Courage in loss (1). Act early (1).	2+2+1
	OR: Newtok: sinking, flooding (1). Mertarvik: higher ground (1). Newtok: old homes; Mertarvik: new energy-efficient homes (1). Mertarvik: school, centre, water, power (1). Both carry the community's heritage (1).	2+2+1

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
