SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	The narrator is James Herriot, a young vet (1), who works as an assistant to Mr Siegfried Farnon (1).	1+1
12	She loved Tricki like a child (1) and feared that he might die or be unhappy without her (1).	1+1
13	She was overjoyed to see him lively again (1) and called his recovery a triumph of surgery (1).	1+1
14	Tricki was fed too many rich foods such as cream cakes and chocolates (1) and he took almost no exercise, so he became fat and breathless (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Tricki was fed cakes, cream and other rich foods several times a day and never had to walk much. His owner carried and pampered him constantly, so he grew fat and idle. He had little interest in play, and his poor health was a result of this over-indulgence.	1+1+1
16	The title is ironic. Mrs Pumphrey, who knew nothing about medicine, gave the credit to surgery when Tricki recovered. In reality he was cured by diet, exercise and companionship. The phrase thus reminds us of the gap between what people believe and what actually happens.	1+1+1
17	Mrs Pumphrey said that Tricki was her darling. In reported speech the present tense 'is' changes to the past tense 'was'. Another example: He said, 'I am ready' becomes He said that he was ready. The pronoun and tense both shift accordingly.	1+1+1
	OR: Mrs Pumphrey was deeply attached to Tricki and might be hurt if she were blamed for his condition. Herriot therefore had to be tactful. He gave her the idea that Tricki needed a stay at the surgery, so that the dog could be cured without hurting her pride.	1+1+1
18	The humour makes the story light and enjoyable even though a pet is seriously ill. It lets the writer point out the owner's silliness without cruelty. We smile at her and still feel sympathy for her, and the message about over-indulgence is delivered pleasantly.	1+1+1
	OR: Tricki had been overfed before he came to the surgery. The past perfect 'had been' shows the earlier action, overfeeding, which finished before the later past action of coming. The simple past 'came' shows the second event. This sequence keeps the time order clear.	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Mrs Pumphrey is a rich widow who lives in a big house with a chauffeur and servants. She has no family, so Tricki is the centre of her life, and she treats him like a child. (2) Her love is real, but it is foolish: she feeds him rich food and never lets him exercise, thereby damaging his health. Her letters from 'Tricki' to 'Uncle Herriot' show her whimsical imagination. (2) She is generous, sending lavish presents, and she is grateful when Tricki recovers, though she wrongly credits surgery. She is amusing but lovable. (1)	2+2+1

	OR: Herriot realised that she loved her dog deeply and would be hurt if told she was to blame. Rather than accuse her, he proposed that Tricki stay at the surgery for a rest. (2) He kept the real reason of his illness gentle and let her imagine that the dog was getting special care. When Tricki recovered, he accepted her thanks gracefully. (2) This approach saved her pride, cured the dog and kept a good client, showing the value of tact in dealing with people. (1)	2+2+1
20	Herriot saw that Tricki was ill because of overfeeding and idleness, so he kept him at the surgery, away from his owner. (2) There the dog was given plain food in small quantities and allowed to mix with other dogs. Their play and competition at mealtimes slowly cured his laziness and revived his appetite. (2) No operation was performed at all. Mrs Pumphrey, ignorant of this, called it a triumph of surgery, which makes the title ironic. (1)	2+2+1
	OR: The story is set in a small Yorkshire town where Herriot works as an assistant to the vet Mr Farnon. (2) The main characters are Herriot, the thoughtful narrator; Mr Farnon, his plain-speaking employer; Mrs Pumphrey, the rich pet-lover; and Tricki, the spoilt Pekingese. The chauffeur and the kennel dogs add colour. (2) The calm, rural background suits the gentle, humorous tone of the narrative. (1)	2+2+1

Mistakes to avoid:

- Writing that Tricki had an operation; 'a triumph of surgery' is Mrs Pumphrey's **mistaken phrase**, as Herriot cured Tricki only by diet and exercise.
- Calling Mrs Pumphrey a poor owner; she is a rich, kind-hearted lady who **overfeeds and pampers** her Pekinese out of love.
- Naming the narrator wrongly: the vet is **Herriot**, who tells the story in the first person; Siegfried is his employer.
- Missing the humour: she writes as if from Tricki and calls Herriot 'Uncle Herriot'; mention the **letters and gifts**.
- Not tying the title to the moral: too much love can harm, and Herriot's *practical treatment* saved the dog.
- Spelling slips: *Pekinese, Pumphrey, surgery, Herriot, overfed*; and mixing 'who' and 'whose'.

Q.	Expected Answer / Value Points	Marks
11	He mixed with the other dogs and played with them (1) and when he saw them eating he joined in, so his appetite returned (1).	1+1
12	He did not operate on him (1) but only gave him a simple diet, exercise and the company of other dogs (1).	1+1

14	She sent generous gifts of food and drink (1) as a way of thanking Uncle Herriot for caring for her pet (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	In the kennels Tricki met ordinary dogs who ran, played and ate with great enthusiasm. Watching them, he forgot his laziness and began to join their games. Their competition at mealtime revived his appetite, and exercise soon made him lean, lively and healthy.	1+1+1
16	On arrival Tricki was a bloated, sluggish, breathless dog who would not eat. After some days he played, barked and ate eagerly with the other dogs. When he left he was slim, alert and full of energy, almost a different animal altogether.	1+1+1
17	Mrs Pumphrey was an indulgent owner who gave Tricki everything he wanted. Because of this, the dog became sluggish and tired. Herriot was tactful in explaining the treatment so that he did not hurt the lady's feelings. Each word is used with a clear meaning.	1+1+1
	OR: The letters show that she treated Tricki like a human child and imagined his thoughts. She called Herriot 'uncle' through him. This reveals her loneliness, her great affection for the dog, and her foolish habit of spoiling him in every possible way.	1+1+1
18	Herriot is a young, skilled and sensible vet. He is patient and diplomatic with an anxious owner and knows when plain care is better than an operation. He is also modest and humorous, willing to accept praise he does not deserve in order to keep a client content.	1+1+1
	OR: Herriot knew that explaining the real cause would shame Mrs Pumphrey and might make her return to the old habits. By saying nothing, he kept her happy and Tricki healthy. His silence is a kind of kindness and shows his understanding of human nature.	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Humour is the main tool of the writer. He describes Tricki as a pampered prince with a chauffeured owner, and the dog's 'letters' to Uncle Herriot are comic. (2) Mrs Pumphrey's lavish gifts and her fuss over the dog's health also amuse us. Yet the humour is never cruel; we smile at her weaknesses and still sympathise with her. (2) Through laughter the writer delivers his message that too much love can harm, and the lesson is easy to remember. (1)	2+2+1

	OR: Date and heading to begin the entry. (2) Mention how the lively Tricki leapt about the surgery, wagged his tail and ate his plain dinner eagerly, thanks to the other dogs. Describe Mrs Pumphrey's tears of joy and her talk of 'surgery'. (2) End with a quiet remark that it was nature, not surgery, that had cured the dog, and a hope that the lady will now be wiser. (1)	2+2+1
20	Tricki arrived fat, sluggish and unwilling to eat. Herriot kept him in the kennels and gave him a simple diet. (2) At first Tricki was lonely, but he soon met other dogs who played with him. Seeing them eat, he joined in, and his lost appetite returned. Daily exercise slimmed him down and brought back his energy. (2) After a few days he was a lively, healthy dog again and was ready to go home to his delighted owner. (1)	2+2+1
	OR: At home Tricki lived in luxury: soft cushions, endless sweets and a mistress who obeyed his every whim. He had no exercise, so he grew dull and fat. (2) At the surgery he was fed plain food, made to move about and allowed to play with other dogs. There he became fit, active and happy. (2) The comparison shows that comfort without discipline is harmful, while simple living with companionship brings health. (1)	2+2+1

Mistakes to avoid:

- Writing that Tricki had an operation; 'a triumph of surgery' is Mrs Pumphrey's **mistaken phrase**, as Herriot cured Tricki only by diet and exercise.
- Calling Mrs Pumphrey a poor owner; she is a rich, kind-hearted lady who **overfeeds and pampers** her Pekinese out of love.
- Naming the narrator wrongly: the vet is **Herriot**, who tells the story in the first person; Siegfried is his employer.
- Missing the humour: she writes as if from Tricki and calls Herriot 'Uncle Herriot'; mention the **letters and gifts**.
- Not tying the title to the moral: too much love can harm, and Herriot's *practical treatment* saved the dog.
- Spelling slips: *Pekinese, Pumphrey, surgery, Herriot, overfed*; and mixing 'who' and 'whose'.

1	**(b)** tactful and wise	He let her believe in the miracle to protect her feelings.
2	**(c)** she was tearful and anxious	She feared losing her darling.
3	**(c)** treated with too much indulgence	To pamper is to spoil with care.
4	**(a)** flabby	Flabby = soft and overweight.
5	**(a)** other dogs, who played with him	Mixing with the ordinary dogs revived him.
6	**(b)** sluggish	Lethargic = lacking energy.
7	**(a)** had recovered	Past perfect for the earlier past action.
8	**(b)** he began to eat with them	Competition woke up his appetite.
9	**(a)** Herriot said that the dog needed exercise.	Present tense backshifts to past in reported speech.
10	**(b)** Common sense and kindness can cure what luxury has harmed	Theme summary.

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	The dog needed only proper food and exercise (1) rather than any medicine or operation (1).	1+1
12	He decided to keep Tricki at the surgery (1) away from his owner and to put him on a plain diet with exercise (1).	1+1
13	He drives her and Tricki about (1) and his presence shows that she is a wealthy woman (1).	1+1
14	He laughs at it gently (1) without insulting her, showing humour and sympathy together (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Mrs Pumphrey sent hampers of food and drink to the surgery to show her gratitude. The gifts were so generous that they amused the household. They also display her wealth and her habit of expressing love through lavish presents, just as she did with Tricki.	1+1+1
16	She was rich and lonely, and she showed her love by giving. In her view, food was the proof of care, which is why she pampered Tricki. She thought Herriot had worked a miracle and wished to reward him. Her generosity is warm-hearted though a little misguided.	1+1+1
17	Tricki's life of luxury and idleness is contrasted with the free, active life of the kennel dogs. The ordinary dogs are healthy, while the pampered one is ill. This contrast makes the point clearly: a plain, active life is better than one filled with excess.	1+1+1
	OR: Mr Farnon was more direct and impatient, while Herriot was gentle and diplomatic. Herriot handled the owner's feelings with care and followed a gradual treatment. Their different approaches show two ways of dealing with people, one blunt, one tactful, both aiming at the pet's good.	1+1+1
18	The story shows that pets can be loved deeply, but love must be sensible. Mrs Pumphrey harms Tricki by spoiling him, while Herriot restores him by discipline and kindness. A good owner cares for the pet's real needs, not just its momentary pleasures.	1+1+1
	OR: She is a wealthy, kind-hearted and lonely woman who loves her pet to excess. She is foolish about his health but sincere in her feelings. She is also grateful and generous. The writer makes her amusing, but we cannot dislike her.	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Mrs Pumphrey's affection for Tricki was genuine but excessive. She fed him cakes, chocolates and cream whenever he looked at her, and she never let him run about. (2) As a result, he became breathless, fat and ill, though she believed she was doing him good. Herriot's firm but kind treatment shows what real care means: proper food, exercise and company. (2) The story therefore teaches that love needs wisdom, otherwise it becomes a harmful indulgence. (1)	2+2+1

	OR: Begin with a respectful greeting to the principal, teachers and friends. Introduce the topic by mentioning Tricki, the pampered dog. (2) Explain that love for pets must be sensible: proper food, exercise and company are more important than sweets and luxury. Show how Tricki fell ill because of over-feeding. (2) Close with an appeal to treat animals kindly but wisely, and thank the audience. (1)	2+2+1
20	Format with sender's address, date, salutation 'Dear Uncle Herriot' and a closing line. (2) Body: Tricki says he now feels lively and slim, enjoys the garden walks and has made good friends among the dogs at the surgery. He promises to eat only what is good for him and to obey his mistress when she asks him to run. (2) Closing with warm thanks, and a playful bark of love, signed 'Your friend Tricki'. (1)	2+2+1
	OR: The author wishes to say that affection must be combined with common sense. Mrs Pumphrey's love for Tricki became harmful because it ignored the dog's real needs. (2) Simple remedies such as exercise, proper diet and company can cure what luxury has spoilt. The story also shows that a good professional must be tactful and honest at once. (2) These lessons are delivered in a light and amusing manner. (1)	2+2+1

Mistakes to avoid:

- Writing that Tricki had an operation; 'a triumph of surgery' is Mrs Pumphrey's **mistaken phrase**, as Herriot cured Tricki only by diet and exercise.
- Calling Mrs Pumphrey a poor owner; she is a rich, kind-hearted lady who **overfeeds and pampers** her Pekinese out of love.
- Naming the narrator wrongly: the vet is **Herriot**, who tells the story in the first person; Siegfried is his employer.
- Missing the humour: she writes as if from Tricki and calls Herriot 'Uncle Herriot'; mention the **letters and gifts**.
- Not tying the title to the moral: too much love can harm, and Herriot's *practical treatment* saved the dog.
- Spelling slips: *Pekinese, Pumphrey, surgery, Herriot, overfed*; and mixing 'who' and 'whose'.
