- Writing that the fog is violent; it moves **silently** like a cat, sits on its haunches over harbour and city, and then moves on.
- Missing the point: the cat's quiet, soft movement is the **central image**, and 'haunches' fits the cat's crouch.
- Saying the fog stays forever; the poem says it **moves on**, i.e. is temporary.
- Spelling slips: *fog, haunches, harbour, Sandburg, metaphor*.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
