ANSWER KEY & MARKING SCHEME SET 1

Chapter 3: **The Making of a Global World (History)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** potato blight	1845
2	**(c)** Wall Street, New York	Crash
3	**(a)** USA and USSR	Superpowers
4	**(b)** ancient trade routes linking Asia with Europe and northern Africa	Trade links
5	**(d)** 1914	Europe
6	**(a)** cattle	Africa
7	**(c)** 1944	USA
8	**(b)** the Americas	New World
9	**(b)** Russian Revolution	1917
10	**(c)** 1929	Crash

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	A famine is a severe shortage of food that causes widespread hunger and death (1); The Irish potato famine of 1845-49 is an example (1).	1+1
12	Indentured labour was bonded work under a contract for a fixed period (1); Indian workers were taken to plantations in the Caribbean, Mauritius and Fiji (1).	1+1
13	The World Bank was set up at Bretton Woods in 1944 (1); It was originally meant to finance post-war reconstruction in Europe (1).	1+1
14	Rinderpest was a cattle plague that spread in Africa in the 1890s (1); It killed most of the cattle and ruined livelihoods (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Indentured labourers worked under a contract for a fixed period (1); They were taken to plantations in far-off colonies with false promises (1); Living conditions were harsh and they had few legal rights (1).	1+1+1
16	It was based on fixed exchange rates (1); It created the IMF and the World Bank (1); It was meant to bring stability to world trade (1).	1+1+1
17	Muharram turned into Hosay in Trinidad (1); Chutney music emerged in the Caribbean (1); Indian languages and customs blended with local ones (1).	1+1+1
	OR: Trade and incomes grew rapidly in the 1950s and 1960s (1); Europe and Japan were rebuilt (1); Employment and consumption increased (1).	1+1+1
18	The International Monetary Fund (1); The World Bank (International Bank for Reconstruction and Development) (1); The Bretton Woods system of fixed exchange rates (1).	1+1+1
	OR: Railways carried goods and people over land (1); The telegraph sent messages quickly across long distances (1); Steamships and refrigerated ships made sea transport faster and carried meat (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	The Silk Routes were land and sea routes linking Asia with Europe and northern Africa (1); Chinese pottery, Indian textiles and spices were traded along them (1); Religions such as Buddhism spread along these routes (1); Food like noodles reached Italy as pasta (1); Diseases also travelled, so societies were connected in many ways (1).	1+1+1+1+1
	OR: The Great Depression began in 1929 and lasted until the mid-1930s (1); Overproduction caused agricultural prices to fall (1); US banks stopped lending abroad and withdrew loans (1); The Wall Street crash of October 1929 led to bank failures and unemployment (1); Trade fell and the crisis spread worldwide, hitting the USA the most (1).	1+1+1+1+1

20	After 1945 the USA and the USSR became the two superpowers (1); The Bretton Woods institutions were set up to give economic stability (1); Europe and Japan were rebuilt and trade grew rapidly (1); Colonies in Asia and Africa became independent (1); The new countries formed the G-77 and demanded a fairer economic order (1).	1+1+1+1+1
	OR: In the nineteenth century the world economy was based on trade, flows of labour and flows of capital (1); Trade in food and cotton grew after the Corn Laws were abolished (1); Millions migrated to America and Australia and indentured workers moved to colonies (1); Capital from Europe was invested in railways, ports and mines (1); New technology like railways, steamships and the telegraph linked distant markets (1).	1+1+1+1+1

Mistakes to avoid:

- Describing the **Silk Routes** as a single road; they were a network of land and sea routes linking Asia, Europe and northern Africa.
- Saying **Corn Laws** encouraged imports; they *restricted* the import of corn, and their abolition made food cheaper and ruined British farmers.
- Calling **rinderpest** a human disease; it was a cattle plague that reached Africa in the 1890s.
- Equating **indentured labour** with slavery or free migration; it was bonded labour under a contract.
- Mixing up the **IMF** (short-term deficits and surpluses) with the **World Bank** (post-war reconstruction loans).
- Placing the Great Depression after the Second World War; it began in **1929**, and Bretton Woods came later in **1944**.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 2

Chapter 3: **The Making of a Global World (History)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** meat	Technology
2	**(b)** developing countries	Group
3	**(c)** gold	Exchange rate
4	**(c)** trade without barriers such as tariffs	Liberal policy
5	**(b)** plantations	Contracts
6	**(a)** pasta	Food spread
7	**(a)** 1918	Armistice
8	**(d)** imports	Trade tax
9	**(d)** imports of corn	British law
10	**(d)** Caribbean islands	Plantations

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	The Silk Routes were ancient trade routes linking Asia with Europe and northern Africa (1); Silk, pottery and textiles were carried along them (1).	1+1
12	The Corn Laws were British laws that restricted the import of corn (1); They were abolished in 1846 (1).	1+1
13	A tariff is a tax on imports (1); It makes imported goods costlier and protects home producers (1).	1+1
14	A TNC is a transnational corporation that operates in many countries (1); It locates production in low-cost countries (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	India's exports and imports nearly halved between 1928 and 1934 (1); Agricultural prices fell but taxes remained the same (1); Peasants sold gold, and India became a net gold exporter (1).	1+1+1
16	Colonies in Asia and Africa gained independence (1); The new nations were poor and sought development (1); They formed groups like the G-77 to demand fairer trade (1).	1+1+1
17	Overproduction of farm goods led to falling prices (1); US banks withdrew loans from Europe and stopped lending (1); The Wall Street crash of 1929 caused bank failures (1).	1+1+1
	OR: TNCs operate in several countries at the same time (1); They locate factories in low-wage countries (1); They can spread production across countries to reduce costs (1).	1+1+1
18	Silk was one of the goods traded along the Silk Routes (1); Chinese pottery was carried to the West (1); Textiles and spices from India were also traded (1).	1+1+1
	OR: Millions of people were killed or injured (1); Europe was heavily indebted, and the US became a creditor (1); Industries were restructured for war and trade was disrupted (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Rinderpest was a cattle disease that reached Africa in the 1890s (1); It was carried by infected cattle imported from British Asia (1); It killed about 90 per cent of the cattle (1); People lost their livelihoods and food (1); Colonisers took control of the surviving cattle and forced Africans into wage labour (1).	1+1+1+1+1
	OR: India's exports and imports nearly halved between 1928 and 1934 (1); Agricultural prices fell and wheat prices dropped by half (1); Revenue demands remained fixed, so peasants became indebted (1); Peasants sold gold and India became a net exporter of gold (1); Rural India suffered more than urban India, and the discontent supported the national movement (1).	1+1+1+1+1

20	Indentured labour was a contract labour system for a fixed number of years (1); Indians were taken to plantations in the Caribbean, Fiji and Mauritius (1); Recruiting agents gave false promises to the poor (1); Conditions were harsh and legal protection was weak (1); It was abolished in 1921, and migrants created new cultures like Hosay and chutney music (1).	1+1+1+1+1
	OR: Railways and steamships carried goods and people faster and cheaper (1); The telegraph sent messages instantly across continents (1); Refrigerated ships carried meat over long distances (1); Markets for food and goods were linked across the world (1); Technology also helped colonial powers control their territories (1).	1+1+1+1+1

Mistakes to avoid:

- Describing the **Silk Routes** as a single road; they were a network of land and sea routes linking Asia, Europe and northern Africa.
- Saying **Corn Laws** encouraged imports; they *restricted* the import of corn, and their abolition made food cheaper and ruined British farmers.
- Calling **rinderpest** a human disease; it was a cattle plague that reached Africa in the 1890s.
- Equating **indentured labour** with slavery or free migration; it was bonded labour under a contract.
- Mixing up the **IMF** (short-term deficits and surpluses) with the **World Bank** (post-war reconstruction loans).
- Placing the Great Depression after the Second World War; it began in **1929**, and Bretton Woods came later in **1944**.

ANSWER KEY & MARKING SCHEME SET 3

Chapter 3: **The Making of a Global World (History)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** falling prices	Depression
2	**(c)** colonies winning independence	Independence
3	**(a)** 1939	Germany
4	**(b)** assembly line	Mass production
5	**(c)** the movement of goods and people	Technology
6	**(b)** International Monetary Fund	Institution
7	**(a)** Central Powers	WWI
8	**(b)** a company operating in several countries	Operates widely
9	**(a)** quick messages over long distances	Communication
10	**(a)** finance reconstruction of war-torn Europe	Reconstruction

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Fordism is mass production by assembly line, started by Henry Ford (1); It made goods like cars cheaper (1).	1+1
12	The IMF is the International Monetary Fund, set up at Bretton Woods in 1944 (1); It deals with external surpluses and deficits of its member countries (1).	1+1
13	The Great Depression was a worldwide economic collapse that began in 1929 (1); Production, jobs, incomes and trade fell sharply (1).	1+1
14	Decolonisation is the process by which colonies became independent (1); It took place mainly in Asia and Africa after the Second World War (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Food imports into Britain rose (1); Food prices fell for consumers (1); British farmers lost out and many left farming (1).	1+1+1
16	They connected Asia with Europe and Africa (1); They carried silk, spices, textiles and pottery (1); Religions, ideas and diseases also travelled along them (1).	1+1+1
17	Potatoes (1); Maize (corn) and tomatoes (1); Chillies, groundnuts and sweet potatoes (1).	1+1+1
	OR: It killed most of the cattle in Africa (1); People's livelihoods were destroyed (1); Colonisers forced Africans to work for wages (1).	1+1+1
18	The US economy boomed with mass production (1); Cars, refrigerators and washing machines were bought on credit (1); The boom ended in overproduction and the 1929 crash (1).	1+1+1
	OR: They demanded a New International Economic Order (1); They wanted control over their natural resources (1); They sought fairer prices for raw materials and better market access (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	After the war the US economy boomed in the 1920s with mass production by Henry Ford (1); Consumer goods like cars and refrigerators were bought on credit (1); Europe's recovery was slow and uneven (1); Farm prices fell because of overproduction (1); The boom ended with the Wall Street crash of 1929 (1).	1+1+1+1+1
	OR: The First World War (1914-18) was fought on an industrial scale between the Allies and the Central Powers (1); Millions of young people died or were injured (1); Europe was heavily indebted and weakened (1); The USA changed from a debtor to a creditor nation (1); Industries were restructured for war and trade patterns were disrupted (1).	1+1+1+1+1

20	The Bretton Woods Conference was held in New Hampshire, USA, in July 1944 (1); The IMF was set up to deal with external surpluses and deficits of member countries (1); The World Bank was set up to finance post-war reconstruction (1); They are called the Bretton Woods twins (1); The system of fixed exchange rates ensured stability in trade (1).	1+1+1+1+1
	OR: A TNC is a company that operates in several countries (1); After the 1970s TNCs began to shift production to low-wage countries (1); Asian countries like China attracted them (1); They reduced costs by spreading production across countries (1); This increased the integration of the world economy (1).	1+1+1+1+1

Mistakes to avoid:

- Describing the **Silk Routes** as a single road; they were a network of land and sea routes linking Asia, Europe and northern Africa.
- Saying **Corn Laws** encouraged imports; they *restricted* the import of corn, and their abolition made food cheaper and ruined British farmers.
- Calling **rinderpest** a human disease; it was a cattle plague that reached Africa in the 1890s.
- Equating **indentured labour** with slavery or free migration; it was bonded labour under a contract.
- Mixing up the **IMF** (short-term deficits and surpluses) with the **World Bank** (post-war reconstruction loans).
- Placing the Great Depression after the Second World War; it began in **1929**, and Bretton Woods came later in **1944**.
