ANSWER KEY & MARKING SCHEME SET 1

Chapter 12: **Lifelines of National Economy (Geography)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(c)** state governments	Link state capitals
2	**(a)** trade	Lifeline
3	**(b)** Kerala	Low in J&K
4	**(a)** Central Public Works Department	NHAI
5	**(d)** Silchar and Porbandar	Corridor
6	**(a)** tidal port	Gujarat
7	**(d)** Odisha	Iron ore export
8	**(a)** remote areas of the north-east and J&K	Oil and Natural Gas Corporation
9	**(c)** largest in the world	Postal
10	**(a)** 1960	Strategic roads

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Mumbai (1); Kochi (1).	1+1
12	A tidal port is a port affected by the rise and fall of tides, e.g. Kandla (1); It handles ships mainly at high tide and helps Gujarat (1).	1+1
13	NHAI is the National Highways Authority of India (1); It builds and maintains national highways and the Golden Quadrilateral (1).	1+1
14	The North-South corridor links Srinagar with Kanyakumari (1); The East-West corridor links Silchar in Assam with Porbandar in Gujarat (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Ports handle ships and cargo (1); They are gateways of foreign trade (1); They provide loading, storage and exports (1).	1+1+1
16	Pipelines carry crude oil and natural gas (1); The Hazira-Vijaipur-Jagdishpur pipeline carries gas (1); Oil moves from Assam oil fields to refineries like Barauni (1).	1+1+1
17	Roads are used for short distances and give door-to-door service (1); They link villages and remote areas to towns (1); Construction is cheap and they can cross difficult terrain (1).	1+1+1
	OR: The North-South corridor connects Srinagar and Kanyakumari, about 4,000 km (1); The East-West corridor connects Silchar and Porbandar, about 3,300 km (1); They improve connectivity across the country (1).	1+1+1
18	The Golden Quadrilateral links Delhi, Kolkata, Chennai and Mumbai (1); It is a 5,846 km long four or six lane highway (1); It reduces travel time and cost, and helps trade (1).	1+1+1
	OR: Mumbai has a natural harbour (1); Kandla is a tidal port (1); Jawaharlal Nehru Port, Marmagao and Kochi are other west coast ports (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Pipelines move oil and gas without traffic (1); The Hazira-Vijaipur-Jagdishpur line carries gas (1); Waterways are cheapest for bulky goods (1); NW-1, NW-2 and NW-3 are national waterways (1); They are under-used in India (1).	1+1+1+1+1
	OR: Air transport is the fastest mode (1); It is costly (1); It connects remote areas (1); Pawan Hans provides helicopter service in hills and the north-east (1); It is important for perishables and emergency (1).	1+1+1+1+1
20	Railways are the principal mode of transport (1); The first train ran from Bombay to Thane in 1853 (1); They carry goods and passengers (1); The Konkan Railway links Mumbai and Mangalore (1); Problems are ticketless travel, theft and damage (1).	1+1+1+1+1

	OR: Roads are flexible and door-to-door (1); Rail is cheaper for heavy goods over long distances (1); Roads suit short distances (1); Rail is less flexible (1); Both are essential (1).	1+1+1+1+1

Mistakes to avoid:

- Writing that Mumbai is an **artificial** harbour: it is the **biggest natural harbour**, while Chennai is an artificial port and Kandla a **tidal** port.
- Mixing up the Golden Quadrilateral (**Delhi-Kolkata-Chennai-Mumbai**) with the North-South (**Srinagar-Kanyakumari**) and East-West (**Silchar-Porbandar**) corridors.
- Saying that the **NHAI** builds state highways; state highways and district roads are built and maintained by the State Public Works Department, and the BRO builds roads in border areas.
- Confusing **balance of trade** (goods only, exports minus imports) with 'balance of payments', or calling a deficit 'favourable'.
- Forgetting that the first railway ran from **Mumbai to Thane** in 1853, and treating railways as unimportant now; they are still the principal mode for bulk freight.
- Treating communication as only the telephone: it includes **personal communication** (post, telephone, internet) and **mass communication** (radio, TV, newspapers, cinema).

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 2

Chapter 12: **Lifelines of National Economy (Geography)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** rural roads under PMGSY	Villages
2	**(b)** Zila Parishad	Link district headquarters
3	**(c)** lifelines of a nation's economy	Link production and consumption
4	**(c)** West Coast Canal, Kottapuram to Kollam	205 km
5	**(c)** gems and jewellery, software	Items
6	**(c)** Ganga, Haldia to Allahabad	1,620 km
7	**(d)** Goa	Iron ore exports
8	**(c)** fastest, most comfortable and prestigious mode	Costly
9	**(b)** crude oil and natural gas	Liquids and gases
10	**(a)** 1943	Plan

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	International trade is the exchange of goods and services among countries (1); It consists of exports and imports, and is a barometer of a nation's economy (1).	1+1
12	The Golden Quadrilateral is a super highway project linking Delhi, Kolkata, Chennai and Mumbai (1); It is about 5,846 km long, four or six lane, and built by the NHAI (1).	1+1
13	The Border Roads Organisation (BRO) was set up in 1960 (1); It builds roads in remote border areas for security and development (1).	1+1
14	Waterways use natural routes and need low fuel (1); They can carry heavy and bulky goods at the lowest cost (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Road traffic is heavy and roads get congested (1); Many roads are poorly maintained and narrow (1); Accidents and pollution are rising (1).	1+1+1
16	Chennai is an artificial harbour (1); Visakhapatnam is the deepest landlocked port (1); Paradip, Tuticorin and Kolkata-Haldia are also major (1).	1+1+1
17	Railways carry bulk goods and passengers over long distances (1); They are cheaper than roads for heavy goods (1); They help in trade, tourism and national integration (1).	1+1+1
	OR: Ticketless travel and pilferage hurt revenue (1); Damage to property and chain-pulling cause losses (1); Old tracks and congestion slow trains (1).	1+1+1
18	India's postal network is the largest in the world (1); It reaches villages (1); It handles letters, parcels and money orders (1).	1+1+1
	OR: Tourism earns foreign exchange (1); It creates jobs and promotes crafts (1); It spreads national integration and culture (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Trade is the exchange of goods and services (1); It brings goods not produced at home (1); It earns foreign exchange (1); It promotes specialisation (1); It creates jobs (1).	1+1+1+1+1
	OR: Communication spreads information (1); It supports trade and administration (1); Telecom helps banking and education (1); It reduces isolation (1); It improves quality of life (1).	1+1+1+1+1
20	India has one of the largest road networks in the world (1); The Nagpur Plan of 1943 began planned roads (1); National highways, state highways, district and rural roads exist (1); Golden Quadrilateral and corridors improved links (1); Roads carry most traffic (1).	1+1+1+1+1

	OR: Communication includes personal and mass media (1); Letters and phones are personal (1); Radio, TV and newspapers are mass media (1); India's postal network is the largest (1); Communication links people and markets (1).	1+1+1+1+1

Mistakes to avoid:

- Writing that Mumbai is an **artificial** harbour: it is the **biggest natural harbour**, while Chennai is an artificial port and Kandla a **tidal** port.
- Mixing up the Golden Quadrilateral (**Delhi-Kolkata-Chennai-Mumbai**) with the North-South (**Srinagar-Kanyakumari**) and East-West (**Silchar-Porbandar**) corridors.
- Saying that the **NHAI** builds state highways; state highways and district roads are built and maintained by the State Public Works Department, and the BRO builds roads in border areas.
- Confusing **balance of trade** (goods only, exports minus imports) with 'balance of payments', or calling a deficit 'favourable'.
- Forgetting that the first railway ran from **Mumbai to Thane** in 1853, and treating railways as unimportant now; they are still the principal mode for bulk freight.
- Treating communication as only the telephone: it includes **personal communication** (post, telephone, internet) and **mass communication** (radio, TV, newspapers, cinema).

ANSWER KEY & MARKING SCHEME SET 3

Chapter 12: **Lifelines of National Economy (Geography)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** Bombay and Thane	1853
2	**(a)** spacious natural and well-sheltered harbour	Natural harbour
3	**(b)** Brahmaputra, Sadiya to Dhubri	891 km
4	**(d)** freight and passengers	Economy
5	**(d)** deepest landlocked and well-protected port	Andhra Pradesh
6	**(d)** Barauni in Bihar	Oil refineries
7	**(c)** 5,846 km	NHAI project
8	**(b)** Srinagar and Kanyakumari	Corridor
9	**(d)** radio, TV and newspapers	Reach masses
10	**(d)** the world	Total roads

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Pipelines carry crude oil, petroleum products and natural gas to refineries and markets (1); They give a continuous flow with low running cost and no traffic (1).	1+1
12	National highways (1); State highways and district roads (1).	1+1
13	Railways carry bulky goods and passengers over long distances cheaply (1); They bind the economy by linking regions and support trade (1).	1+1
14	Transport moves goods and people while communication carries information; trade exchanges goods (1); Together they link production with consumption areas and keep the economy moving, so they are called lifelines (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Personal communication includes letters and phones (1); Mass communication includes radio, TV and newspapers (1); Mass media reach large audiences (1).	1+1+1
16	By capacity roads are super highways, national highways and state highways (1); District roads and other roads such as rural roads follow (1); Border roads are built by the BRO in border areas (1).	1+1+1
17	Air transport is the fastest and most comfortable (1); It connects far and difficult regions (1); Pawan Hans helicopters serve remote areas (1).	1+1+1
	OR: BRO was started in 1960 (1); It builds roads in the north and north-east border regions (1); Roads support defence and development in remote areas (1).	1+1+1
18	Inland waterways are cheap for heavy goods (1); NW-1 runs from Haldia to Prayagraj on the Ganga (1); NW-2 is on the Brahmaputra and NW-3 on the West Coast Canal (1).	1+1+1
	OR: Trade lets countries exchange surplus goods (1); India exports gems and jewellery, chemicals and software (1); It imports petroleum and gold (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Mumbai and Kandla are major west coast ports (1); Jawaharlal Nehru Port was made to decongest Mumbai (1); Marmagao and Kochi also serve the west (1); Chennai, Visakhapatnam, Paradip and Kolkata-Haldia are on the east (1); Ports handle foreign trade (1).	1+1+1+1+1
	OR: India exports gems and jewellery, chemicals, engineering goods and software (1); It imports petroleum, gold and machinery (1); Exports above imports give a favourable balance (1); Imports above exports give a deficit (1); Foreign trade is a barometer of economy (1).	1+1+1+1+1
20	Transport links producers with consumers (1); Communication spreads information (1); Trade exchanges goods and earns foreign exchange (1); Together they speed up development (1); They are lifelines of the economy (1).	1+1+1+1+1

	OR: Tourism earns foreign exchange (1); It creates jobs (1); It promotes crafts and culture (1); It encourages national integration (1); It supports heritage preservation (1).	1+1+1+1+1

Mistakes to avoid:

- Writing that Mumbai is an **artificial** harbour: it is the **biggest natural harbour**, while Chennai is an artificial port and Kandla a **tidal** port.
- Mixing up the Golden Quadrilateral (**Delhi-Kolkata-Chennai-Mumbai**) with the North-South (**Srinagar-Kanyakumari**) and East-West (**Silchar-Porbandar**) corridors.
- Saying that the **NHAI** builds state highways; state highways and district roads are built and maintained by the State Public Works Department, and the BRO builds roads in border areas.
- Confusing **balance of trade** (goods only, exports minus imports) with 'balance of payments', or calling a deficit 'favourable'.
- Forgetting that the first railway ran from **Mumbai to Thane** in 1853, and treating railways as unimportant now; they are still the principal mode for bulk freight.
- Treating communication as only the telephone: it includes **personal communication** (post, telephone, internet) and **mass communication** (radio, TV, newspapers, cinema).
