ANSWER KEY & MARKING SCHEME SET 1

Chapter 12: **Lifelines of National Economy (Geography)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(d)** Kochi	Natural harbour
2	**(b)** flat land and high population density	Easy construction
3	**(a)** backwater and ayurvedic tourism	Natural attractions
4	**(d)** gives door-to-door service and is flexible	Roads connect even small places
5	**(b)** pipelines	Continuous flow
6	**(c)** Visakhapatnam	Andhra Pradesh
7	**(a)** Paradip	Deep-water port
8	**(c)** it reaches even distant villages	Largest postal network in the world
9	**(a)** Kerala	Population density is high
10	**(b)** gems and jewellery	Also software

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	A deficit drains foreign exchange (1); A surplus strengthens the economy (1).	1+1
12	They link distant regions (1); They carry goods and people, binding the nation (1).	1+1
13	Countries depend on each other's goods (1); This builds ties and joint interests (1).	1+1
14	Rural roads link villages to markets and towns (1); Farmers sell produce and get services (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Ticketless travel (1); Theft and damage to property (1); Old technology and overcrowding (1).	1+1+1
16	They carry oil and gas efficiently (1); No traffic or loading problems (1); Costs are low once built (1).	1+1+1
17	It links the four metros (1); It reduces time and cost (1); It helps industries and trade (1).	1+1+1
	OR: Ports load and unload cargo (1); They handle exports and imports (1); They link inland and world markets (1).	1+1+1
18	Roads, rail and ports open markets (1); Industries locate in well-connected areas (1); Remote areas lag (1).	1+1+1
	OR: Personal communication is between individuals (1); Mass communication reaches many (1); Examples are letters and TV (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Problems include theft, ticketless travel and congestion (1); Old tracks slow trains (1); Solutions are modernisation and security (1); More lines and wagons are needed (1); Better management helps (1).	1+1+1+1+1
	OR: Tourism earns foreign exchange (1); It creates jobs (1); It promotes crafts (1); It can harm the environment (1); It needs planning (1).	1+1+1+1+1
20	Pipelines carry crude and gas (1); They reach refineries (1); Flow is continuous (1); Costs are low (1); They ensure energy supply (1).	1+1+1+1+1
	OR: Roads are flexible and door-to-door (1); Railways carry heavy goods cheaply (1); Pipelines move oil and gas (1); Waterways are cheapest for bulk (1); Air is the fastest but costly (1).	1+1+1+1+1

Mistakes to avoid:

- Writing that Mumbai is an **artificial** harbour: it is the **biggest natural harbour**, while Chennai is an artificial port and Kandla a **tidal** port.
- Mixing up the Golden Quadrilateral (**Delhi-Kolkata-Chennai-Mumbai**) with the North-South (**Srinagar-Kanyakumari**) and East-West (**Silchar-Porbandar**) corridors.
- Saying that the **NHAI** builds state highways; state highways and district roads are built and maintained by the State Public Works Department, and the BRO builds roads in border areas.
- Confusing **balance of trade** (goods only, exports minus imports) with 'balance of payments', or calling a deficit 'favourable'.

- Forgetting that the first railway ran from **Mumbai to Thane** in 1853, and treating railways as unimportant now; they are still the principal mode for bulk freight.
- Treating communication as only the telephone: it includes **personal communication** (post, telephone, internet) and **mass communication** (radio, TV, newspapers, cinema).

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 2

Chapter 12: **Lifelines of National Economy (Geography)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** trade deficit	Unfavourable balance
2	**(c)** crude oil	India imports petroleum
3	**(b)** rugged terrain	Hills are difficult to build on
4	**(a)** remote border areas	Strategic roads
5	**(b)** television	Mass medium
6	**(a)** waterways	Low fuel cost
7	**(c)** the growing volume of trade	Ports handle foreign trade
8	**(c)** Rajasthan	Jaipur and Udaipur
9	**(c)** rugged terrain and high cost of construction	Mountains make tracks costly
10	**(d)** state highways	Built by state PWDs

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Roads can go almost anywhere, even villages (1); Vehicles can be used for any distance and loads (1).	1+1
12	Planes cross hills and forests quickly (1); Helicopters reach remote villages (1).	1+1
13	Tourists spend on food, stay and crafts (1); Local people get jobs and income (1).	1+1
14	Rivers are shallow and seasonal (1); Silting and lack of terminals limit use (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Trade needs transport, trade workers and services (1); Exports create factory jobs (1); Tourism adds jobs (1).	1+1+1
16	Telecom links businesses (1); It supports banking and trade (1); It spreads information (1).	1+1+1
17	Tourists buy crafts (1); Artisans get markets (1); Heritage skills survive (1).	1+1+1
	OR: Congestion, accidents and poor maintenance (1); Pollution from vehicles (1); Insufficient road length in some regions (1).	1+1+1
18	Tourism can damage fragile places (1); Waste and congestion rise (1); Planning is needed (1).	1+1+1
	OR: Different modes suit different needs (1); Combining them cuts cost and time (1); Good links reduce congestion (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	The Nagpur Plan began road planning in 1943 (1); NHAI built the Golden Quadrilateral (1); Corridors link north-south and east-west (1); Congestion and accidents are problems (1); Poor rural roads need work (1).	1+1+1+1+1
	OR: Communication spreads information (1); It aids business and governance (1); It supports banking and education (1); It reduces isolation (1); It improves life (1).	1+1+1+1+1
20	India exports gems and jewellery, chemicals and software (1); It imports petroleum and gold (1); A surplus is favourable (1); A deficit is unfavourable (1); Trade shows the economy's health (1).	1+1+1+1+1
	OR: Mumbai, Kandla, JNPT, Marmagao, Kochi on the west (1); Chennai, Visakhapatnam, Paradip, Kolkata-Haldia on the east (1); They handle imports and exports (1); They link inland with world (1); Natural and artificial harbours exist (1).	1+1+1+1+1

Mistakes to avoid:

- Writing that Mumbai is an **artificial** harbour: it is the **biggest natural harbour**, while Chennai is an artificial port and Kandla a **tidal** port.
- Mixing up the Golden Quadrilateral (**Delhi-Kolkata-Chennai-Mumbai**) with the North-South (**Srinagar-Kanyakumari**) and East-West (**Silchar-Porbandar**) corridors.
- Saying that the **NHAI** builds state highways; state highways and district roads are built and maintained by the State Public Works Department, and the BRO builds roads in border areas.

- Confusing **balance of trade** (goods only, exports minus imports) with 'balance of payments', or calling a deficit 'favourable'.
- Forgetting that the first railway ran from **Mumbai to Thane** in 1853, and treating railways as unimportant now; they are still the principal mode for bulk freight.
- Treating communication as only the telephone: it includes **personal communication** (post, telephone, internet) and **mass communication** (radio, TV, newspapers, cinema).

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 3

Chapter 12: **Lifelines of National Economy (Geography)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** faster flow of information	Helps trade and administration
2	**(c)** Chennai	One of the oldest artificial ports
3	**(a)** decongest Mumbai port	Container port
4	**(d)** Zila Parishad	Link district headquarters
5	**(c)** NW-1 from Haldia to Prayagraj	On the Ganga
6	**(a)** low cost and high carrying capacity	Economical for freight
7	**(c)** exchange surplus goods for what they lack	Gains from trade
8	**(c)** Marmagao	West coast port
9	**(b)** Pradhan Mantri Gram Sadak Yojana	Rural roads
10	**(a)** newspaper	Reaches many people

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Ports load and unload ships (1); They link inland areas to world markets (1).	1+1
12	Mumbai has a spacious natural, well-sheltered harbour (1); Ships can enter easily (1).	1+1
13	Information drives business and governance (1); Networks connect people across distances (1).	1+1
14	They are underground or fixed (1); Traffic jams do not affect them (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Roads are flexible and give door-to-door service (1); Railways are cheaper for heavy loads over long distances (1); Roads suit short trips, rails suit long hauls (1).	1+1+1
16	Planes and helicopters reach hills and remote areas (1); Pawan Hans serves the north-east (1); They carry urgent supplies (1).	1+1+1
17	Natural ports like Mumbai have deep sheltered harbours (1); Artificial ports like Chennai need breakwaters (1); Natural ports are cheaper (1).	1+1+1
	OR: Exports earn foreign exchange (1); Imports are paid from it (1); Balanced trade avoids deficits (1).	1+1+1
18	Water routes are natural (1); Fuel use is low per tonne (1); Boats carry heavy loads (1).	1+1+1
	OR: NW-1 runs from Haldia to Prayagraj on the Ganga (1); It is about 1,620 km long (1); It carries bulky goods like coal (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Waterways use rivers and canals (1); NW-1, NW-2, NW-3 exist (1); They are cheap for bulk (1); Silting and shallow depth limit use (1); Dredging and terminals can improve (1).	1+1+1+1+1
	OR: Rural roads link farms to markets (1); Telecom brings information (1); Post offices serve villages (1); Connectivity raises incomes (1); It reduces isolation (1).	1+1+1+1+1
20	Transport carries goods to ports (1); Ports connect to world (1); Trade creates demand for transport (1); Both grow together (1); Poor transport hurts trade (1).	1+1+1+1+1
	OR: Transport links regions (1); Trade moves goods between them (1); This integrates markets (1); It spreads development (1); It strengthens national unity (1).	1+1+1+1+1

Mistakes to avoid:

- Writing that Mumbai is an **artificial** harbour: it is the **biggest natural harbour**, while Chennai is an artificial port and Kandla a **tidal** port.
- Mixing up the Golden Quadrilateral (**Delhi-Kolkata-Chennai-Mumbai**) with the North-South (**Srinagar-Kanyakumari**) and East-West (**Silchar-Porbandar**) corridors.

- Saying that the **NHAI** builds state highways; state highways and district roads are built and maintained by the State Public Works Department, and the BRO builds roads in border areas.
- Confusing **balance of trade** (goods only, exports minus imports) with 'balance of payments', or calling a deficit 'favourable'.
- Forgetting that the first railway ran from **Mumbai to Thane** in 1853, and treating railways as unimportant now; they are still the principal mode for bulk freight.
- Treating communication as only the telephone: it includes **personal communication** (post, telephone, internet) and **mass communication** (radio, TV, newspapers, cinema).
