- Quoting Belgium's and Sri Lanka's data interchangeably: Belgium **59% Dutch, 40% French**; Sri Lanka **74% Sinhala, 18% Tamil**.
- Calling the 1956 Sri Lankan Act a step toward equality: it made **Sinhala the only official language** and favoured the majority.
- Confusing horizontal and vertical division of power: **horizontal** = among organs (legislature, executive, judiciary); **vertical** = among levels of government (Union, state, local).
- Forgetting that Belgium is **not** majoritarian: it gave equal ministers to Dutch and French speakers even though Dutch speakers are the majority.
- Writing 'community government' for the Belgian state government; the community government is elected by people of **one language community** irrespective of where they live.
