ANSWER KEY & MARKING SCHEME SET 1

Chapter 17: **Outcomes of Democracy (Political Science)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(c)** developing procedures to negotiate differences	It respects differences
2	**(c)** accountable	It is a basic outcome of democracy
3	**(b)** responsive	A second expected outcome
4	**(d)** transparency	It is often missing in non-democracies
5	**(b)** Sinhala dominance in Sri Lanka	It excluded Tamils
6	**(b)** moral and legal backing	Democracy strengthened claims of disadvantaged castes
7	**(c)** Hungary	It was 10.0 per cent
8	**(d)** sharing information with citizens	Elections are better
9	**(c)** citizens	By awareness and expectation
10	**(c)** transparency in government	Citizens can examine decisions

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Time and delay in decisions (1); But decisions are more acceptable (1).	1+1
12	Receiving respect from fellow beings (1); Equal treatment of all individuals (1).	1+1
13	Democracy strengthened claims for equal status (1); Caste atrocities lack moral and legal foundation (1).	1+1
14	Top 20 per cent get more than 60 per cent of national income (1); Bottom 20 per cent get less than 3 per cent (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	South Africa: top 20 per cent get 64.8 per cent, bottom 20 per cent 2.9 per cent (1); Denmark: top 20 per cent get 34.5 per cent, bottom 20 per cent 9.6 per cent (1); Denmark is more equal (1).	1+1+1
16	Regular, free and fair elections (1); Open public debate on major policies (1); Citizens' right to information (1).	1+1+1
17	Strengthened claims of disadvantaged castes (1); Gave them equal status and opportunity (1); Caste atrocities lack legal and moral basis (1).	1+1+1
	OR: The poor constitute a large proportion of voters and no party likes to lose their votes (1); Yet elected governments do not seem as keen to address poverty as expected (1); The voice of the poor needs strengthening (1).	1+1+1
18	Majority works with minority (2); Majority is not a fixed community in terms of religion, race or language (1).	2+1
	OR: Most people think democracy is suitable for their country (1); They wish to be ruled by their elected representatives (1); Support exists even in non-democratic countries (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Top 20 per cent get over 60 per cent in South Africa and Brazil (1); Bottom 20 per cent get under 3 per cent there (1); Denmark and Hungary have lower inequality (1); Democracy does not automatically reduce inequality (1); Poor often lack voice (1).	1+1+1+1+1
	OR: Procedures to conduct competition (1); Respect for differences (1); Majority works with minority (1); Majority is not a fixed community (1); Belgium and Sri Lanka as examples (1).	1+1+1+1+1
20	No guarantee of growth (1); Dictatorships grew slightly faster on average (1); In poor countries the gap is negligible (1); Development depends on many factors (1); Democracy should not lag behind dictatorship (1).	1+1+1+1+1
	OR: People overwhelmingly agree with rule by elected leaders (1); Most think democracy is suitable for their country (1); Democracy preferable in several countries (1); Support exists in both democratic and non-democratic regimes (1); Democracy generates its own support (1).	1+1+1+1+1

Mistakes to avoid:

- Writing that democracy **guarantees** prosperity and no inequality; the chapter says it does not automatically deliver faster growth or remove inequality.
- Forgetting the three expected outcomes of a democratic government: **accountable, responsive and legitimate**.
- Mixing up **political equality** (one person, one vote) with **economic equality**; democracy gives the first but has not fully achieved the second.
- Saying democracy has made no progress for women and disadvantaged groups; it has increased **dignity and freedom**, though gaps remain.
- Quoting the growth figures the wrong way round: 1950-2000 **dictatorial regimes 4.42**, **democratic regimes 3.95**, but among poor countries 4.34 vs 4.28; do not conclude that dictatorship is better.
- Forgetting that a democratic government can be slower in taking decisions, but this is the cost of **consultation and accountability**.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
