ANSWER KEY & MARKING SCHEME SET 1

Chapter 20: **Globalisation and the Indian Economy (Economics)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** developed countries keep barriers while asking others to remove them	Unequal rules
2	**(a)** allowing employers to ignore labour laws	The first would harm workers
3	**(b)** liberalisation and foreign investment	Competition increased
4	**(d)** greater purchasing power and choice	Mostly urban consumers gain
5	**(a)** employment	The social cost of globalisation
6	**(c)** an MNC buying up a local company	Foreign investment through purchase
7	**(a)** flexible labour practices	Firms prefer flexibility
8	**(b)** foreign trade connects markets and gives consumers choice	Cheap goods appear in Indian markets
9	**(b)** foreign investment and liberalisation	MNCs spread to Indian markets
10	**(b)** no taxes for an initial five years	World-class facilities

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	To get technology and investment (1); To integrate with the global economy (1).	1+1
12	Skilled English-speaking workers are available (1); Wages are lower than in the home country of the company (1).	1+1
13	Faster transport moves goods cheaply (1); Better communication links buyers and sellers (1).	1+1
14	Developed countries keep barriers (1); Rules seem unfair to developing countries (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Developed countries maintain barriers (1); Developing countries asked to remove theirs (1); Unequal power (1).	1+1+1
16	There is a wider choice of goods (1); Quality has improved (1); Competition lowers prices (1).	1+1+1
17	By improving the quality of their goods (1); By improving technology with credit support (1); By taking help from the government (1).	1+1+1
	OR: To attract investment (1); To promote exports (1); To create jobs (1).	1+1+1
18	Trade barriers restrict imports (1); Liberalisation removes the barriers (1); It increases competition (1).	1+1+1
	OR: It lowers costs (1); It gives flexible supply (1); The MNC controls quality and the brand (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	It creates opportunities for all (1); Labour laws should be enforced (1); Small producers should be supported (1); The WTO rules should be fair (1); Developing countries can form alliances (1).	1+1+1+1+1
	OR: Tata Motors has expanded abroad (1); Infosys provides services across the world (1); Ranbaxy sells medicines in many countries (1); Asian Paints has operations abroad (1); They used technology and capital to grow (1).	1+1+1+1+1
20	MNCs set up production in other countries (1); They buy or join local firms (1); They bring technology (1); They export goods (1); Economies become interdependent (1).	1+1+1+1+1
	OR: Urban consumers get more choice and quality (1); Rural consumers have less access (1); Income decides who can benefit (1); Prices have fallen for many goods (1); Inequality remains (1).	1+1+1+1+1

Mistakes to avoid:

- Defining an MNC as any big company; an MNC is one that **owns or controls production in more than one nation**.
- Mixing up **foreign trade** (buying and selling goods across borders) with **foreign investment** (money spent on assets by an MNC in another country).
- Writing that liberalisation means **adding** trade barriers; it means **removing** barriers or restrictions, as India did from about 1991.

- Saying globalisation benefited everyone equally; the chapter shows gains for consumers and some producers but stress for **small producers and workers**.
- Listing only trade as the link between countries: also **investment, technology and the movement of people**.
- Thinking that trade barriers are always bad or only developing countries use them: developed countries also kept them, and the WTO's rules are **not applied fairly**.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 2

Chapter 20: **Globalisation and the Indian Economy (Economics)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** production spread across countries	Fragmented production
2	**(b)** labour is cheaper there	A reason for locating there
3	**(a)** easy credit and technology support	Government support
4	**(b)** improved quality	Producers must improve
5	**(d)** quota	A limit on the quantity
6	**(c)** more imported goods	Barriers were removed
7	**(b)** IT and BPO	Services exports increased
8	**(c)** joint production	It combines technology and local knowledge
9	**(d)** use of ICT in globalisation	Services are produced across countries
10	**(b)** Chennai	Ford chose Chennai

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	It gets knowledge of the local market (1); It shares the investment with a local partner (1).	1+1
12	Imports become costlier (1); Domestic goods become cheaper in comparison (1).	1+1
13	Imports give more choice (1); Competition can lower prices (1).	1+1
14	They offer world-class facilities (1); They offer a tax holiday (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Benefits are shared unevenly (1); Some people lose their jobs (1); Policies are needed to protect them (1).	1+1+1
16	Enforce labour laws and minimum wages (1); Protect job security (1); Allow workers to form unions (1).	1+1+1
17	IT and BPO jobs grew (1); Small manufacturing lost jobs (1); Mixed effect (1).	1+1+1
	OR: It enables faster communication (1); Services can be delivered across borders (1); Production in different places can be coordinated (1).	1+1+1
18	More foreign brands became available (1); Quality improved (1); Competition lowered prices (1).	1+1+1
	OR: It brings capital (1); It creates jobs (1); It brings new technology (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Small producers face competition from imports (1); Many small units close down (1); Jobs become flexible and insecure (1); Wages may be low (1); Government support is needed (1).	1+1+1+1+1
	OR: Benefits: more choice and new technology (1); Competition improves quality (1); Drawbacks: small units are hurt (1); Job insecurity increases (1); Inequality can widen (1).	1+1+1+1+1
20	SEZs offer world-class facilities (1); They offer a tax holiday (1); They attract investment (1); Labour laws are relaxed (1); Critics worry about workers' rights (1).	1+1+1+1+1
	OR: MNCs choose cheap locations (1); They set up joint production with local firms (1); They place orders with small producers (1); Examples: Ford at Chennai and Cargill buying Parakh Foods (1); They keep control through the brand (1).	1+1+1+1+1

Mistakes to avoid:

- Defining an MNC as any big company; an MNC is one that **owns or controls production in more than one nation**.
- Mixing up **foreign trade** (buying and selling goods across borders) with **foreign investment** (money spent on assets by an MNC in another country).
- Writing that liberalisation means **adding** trade barriers; it means **removing** barriers or restrictions, as India did from about 1991.
- Saying globalisation benefited everyone equally; the chapter shows gains for consumers and some producers but stress for **small producers and workers**.

- Listing only trade as the link between countries: also **investment, technology and the movement of people**.
- Thinking that trade barriers are always bad or only developing countries use them: developed countries also kept them, and the WTO's rules are **not applied fairly**.

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET 3

Chapter 20: **Globalisation and the Indian Economy (Economics)** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(d)** liberalisation	Barriers were reduced
2	**(d)** cheap imported toys	Imports flooded the market
3	**(b)** to use local knowledge of markets and reduce risk	Share costs and benefits
4	**(c)** foreign investment and trade	Links the Indian and global economy
5	**(d)** they lacked income to buy and access to markets	Benefits were uneven
6	**(c)** costlier	Tariffs make imports costlier
7	**(d)** earns low prices fixed by the brand	Large MNCs fix price and quality
8	**(c)** liberalise trade and integrate with the world	Participation in global trade
9	**(a)** good infrastructure and low costs	SEZs provide such facilities
10	**(c)** They may cooperate or compete	Relation depends

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Cheap labour and resources (1); Access to markets and ports (1).	1+1
12	Competition from cheap goods (1); Lack of technology and capital (1).	1+1
13	Firms hire temporary workers (1); Labour laws are flexible (1).	1+1
14	Production is divided into parts (1); Spread across countries (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	They have higher incomes (1); They have more shops (1); They have access to more brands (1).	1+1+1
16	Bought up Parakh Foods (1); Obtained brand and market (1); Became a large producer (1).	1+1+1
17	Faster entry to the market (1); Access to local brands and distribution (1); Control production (1).	1+1+1
	OR: To attract investors who want flexibility (1); Workers' rights may suffer as a result (1); A balance between investment and workers' rights is needed (1).	1+1+1
18	Containers carry goods in large quantities (1); They lower the cost of transport (1); This allows larger volumes of trade (1).	1+1+1
	OR: They compete with them (1); They may cooperate through joint production (1); They may take over local firms (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	It makes rules for trade (1); It aims to liberalise trade (1); Rules are seen as unequal (1); Developing countries criticise them (1); Reform is demanded (1).	1+1+1+1+1
	OR: Transport technology lowers costs (1); ICT connects distant places (1); Call centres show services across borders (1); Production can be coordinated (1); Costs are reduced (1).	1+1+1+1+1
20	Improved transport technology (1); Information and communication technology (1); Liberalisation of trade and investment (1); The role of the WTO (1); The activities of MNCs (1).	1+1+1+1+1
	OR: Before 1991, barriers protected domestic producers (1); Only essential imports were allowed (1); After 1991, trade was liberalised (1); Competition increased (1); The economy became integrated with the world (1).	1+1+1+1+1

Mistakes to avoid:

- Defining an MNC as any big company; an MNC is one that **owns or controls production in more than one nation**.
- Mixing up **foreign trade** (buying and selling goods across borders) with **foreign investment** (money spent on assets by an MNC in another country).

- Writing that liberalisation means **adding** trade barriers; it means **removing** barriers or restrictions, as India did from about 1991.
- Saying globalisation benefited everyone equally; the chapter shows gains for consumers and some producers but stress for **small producers and workers**.
- Listing only trade as the link between countries: also **investment, technology and the movement of people**.
- Thinking that trade barriers are always bad or only developing countries use them: developed countries also kept them, and the WTO's rules are **not applied fairly**.
