- Mixing up the three-tier system: **District** (up to Rs 1 crore), **State** (Rs 1 crore to Rs 10 crore), **National** (above Rs 10 crore).

- Treating ISI, Agmark and Hallmark as interchangeable: **ISI** for industrial goods, **Agmark** for agricultural goods, **Hallmark** for gold jewellery.
- Writing that the Consumer Protection Act was passed in 1960 or 2005: COPRA was enacted in **1986** (amended in 2019), the RTI Act in **October 2005**.
- Thinking that consumers can complain only to the shopkeeper; they can also go to the Consumer Disputes Redressal Commissions and can file a **class action** or be represented by consumer organisations.
- Confusing the right to be **informed** (MRP, date of manufacture, ingredients) with the right to **choose** (not being forced to buy a product or service).
