1. All questions are compulsory.
2. Q. 1–10 are Objective Type (1 mark each).
3. Q. 11–14 are Very Short Answer Type (2 marks each).
4. Q. 15–18 are Short Answer Type (3 marks each).
5. Q. 19–20 are Long Answer Type (5 marks each).
6. Internal choice is given in Q. 17 to 20.
7. Write the question number before each answer.
8. Medium level: multi-step questions.

SECTION — A (Objective Type Questions) 10 × 1 = 10

Choose the correct option and write it in your answer book.

1. A farmer sells milk to a dairy, which makes it into butter. Dairy farming and butter making belong respectively to the: 1

(a) primary and secondary sectors **(b)** secondary and tertiary sectors
(c) tertiary and secondary sectors **(d)** primary and tertiary sectors

2. A farmer sells wheat worth Rs 40,000 to a flour mill, which sells flour worth Rs 55,000 to a biscuit maker. The biscuit maker sells biscuits worth Rs 90,000 to consumers. The contribution of these transactions to GDP is: 1

(a) Rs 40,000 **(b)** Rs 1,85,000 **(c)** Rs 90,000 **(d)** Rs 55,000

3. If the tertiary sector is the largest producer but agriculture the largest employer, it means that: 1

(a) industry is the largest employer
(b) agriculture produces the most
(c) services employ most workers
(d) agriculture workers earn a small share of national income

4. A family of six cultivates 3 hectares and only four workers are needed. The number of disguised unemployed members is: 1

(a) 6 **(b)** 2 **(c)** 0 **(d)** 4

5. Which of the following workers is most likely to get provident fund and paid leave? 1

(a) A farm labourer on daily wages **(b)** A street hawker
(c) A clerk in a government office **(d)** A casual construction worker

6. A private school and a government school differ mainly in: 1

(a) their location only **(b)** the age of students only
(c) the subject they teach **(d)** who owns and runs them

7. A shopkeeper selling mobile phones is part of the: 1

(a) secondary sector **(b)** primary sector
(c) tertiary sector **(d)** public sector only

8. In the example above, the value added by the flour mill is: 1

(a) Rs 40,000 **(b)** Rs 95,000 **(c)** Rs 55,000 **(d)** Rs 15,000

9. Which of the following is the best example of a newly emerged service? 1

(a) A flour mill **(b)** A call centre
(c) A blacksmith's workshop **(d)** A handloom unit

10. Constructing an irrigation canal in a village can create employment because it: 1

(a) stops farming
(b) reduces the work of farmers
(c) removes the need for wages
(d) lets farmers grow more crops and gives labour work

SECTION — B (Very Short Answer Type) 4 × 2 = 8

Answer in about 20–30 words each.

11. Classify as primary, secondary or tertiary: a silk farm, a silk weaving unit, a silk-selling shop. 2

12. Why has the secondary sector grown with the spread of factories? 2

13. State two works under MGNREGA that help a village. 2

14. Why are sectors said to be interdependent? Give one example. 2

SECTION — C (Short Answer Type) 4 × 3 = 12

Answer in about 40–60 words each.

15. Classify these into sectors and justify: a poultry farm, a sweet-making factory, a courier service. 3

16. Explain with an example how seasonal unemployment is different from disguised unemployment. 3

17. What kind of protection do farmers in the unorganised sector need? 3

OR

Explain how a decline in agriculture can affect the secondary and tertiary sectors. 3

18. Why do small farmers need additional income sources? 3

OR

Why is government control of the organised sector easier than of the unorganised sector? 3

SECTION — D (Long Answer Type) 2 × 5 = 10

Answer in about 100–150 words each.

19. Explain the three sectors with examples and show how they are interdependent. 5

OR

Differentiate organised and unorganised sectors and mention why protection is necessary for the latter. 5

20. A farmer sells wheat worth Rs 40,000 to a mill. The mill sells flour worth Rs 55,000 to a biscuit maker, who sells biscuits worth Rs 90,000. Calculate GDP contribution and value added at each stage; explain. 5

OR

Why is employment in the unorganised sector described as insecure? Illustrate with examples. 5

END OF QUESTION PAPER Total: 40 Marks
