(a) using more oil **(b)** buying more private cars
(c) burning waste **(d)** using public transport

21. Which fuel is essential in steel making? 1

(a) wood **(b)** wind **(c)** solar energy **(d)** coking coal

22. Assertion (A): Pipelines are suitable for transporting liquids and gases. Reason (R): They give a continuous flow without loading and unloading. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

23. Concentrating all political power in one person or group goes against which basic principle of democracy? 1

(a) judges should be elected
(b) parties should be banned
(c) people are the source of all political power
(d) the executive should be strong

24. Consider: (i) Residuary subjects are with the Union; (ii) Concurrent subjects are with the States alone; (iii) Union territories have no State-level powers. Which are correct? 1

(a) (i) and (iii) only
(b) (i) and (ii) only
(c) (ii) only
(d) (ii) and (iii) only

25. Which of the following is correct about the rural poverty ratio in 1999-2000 from the NSSO table? 1

(a) ST (45.8) was higher than SC (35.9)
(b) OBC was highest
(c) SC was higher than ST
(d) Hindu upper castes were highest

26. Assertion (A): Parties lack internal democracy. Reason (R): Parties do not keep membership registers or hold regular organisational elections. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

27. A student concludes 'democracy is useless because it did not make her family rich'. A suitable reply from the chapter is: 1

(a) she should leave democracy
(b) dictatorship is better
(c) democracy always provides wealth
(d) democracy only creates conditions and citizens must use them

28. If a country wants to reduce dependence on crude oil, a sustainable step would be: 1

(a) using more oil
(b) wasting fuel
(c) increasing imports only
(d) using renewable energy sources

29. Assertion (A): Credit always makes the borrower better off. Reason (R): Credit can lead to a debt trap. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

30. A government that signs WTO agreements is likely to: 1

(a) ban trade
(b) print currency
(c) reduce trade barriers
(d) increase them

31. Assertion (A): The Consumer Protection Act, 2019 replaced the Consumer Protection Act, 1986. Reason (R): The new law strengthened consumer protection, for instance by creating a Central Consumer Protection Authority and covering e-commerce. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

32. A hospital owned by a company that charges patients commercial fees to earn a profit is best described as: 1

(a) unregistered sector
(b) primary sector
(c) public sector
(d) private sector

(a) alluvial soil **(b)** black soil **(c)** forest soil **(d)** laterite soil

39. Assertion (A): Large dams help to protect forests. Reason (R): They submerge large areas of forest. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

40. Which approach would help an arid region most? 1

(a) open canals only **(b)** water imports by tanker
(c) building a huge dam far away **(d)** local rainwater harvesting

41. **Assertion (A):** Consumers need protection in the marketplace. 1
Reason (R): Individual consumers are often in a weak position against large producers and sellers, who may adopt unfair trade practices and short weights.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

42. **Assertion (A):** Only final goods and services are counted while calculating the GDP. 1
Reason (R): The value of final goods already includes the value of all the intermediate goods used in making them, so counting the latter again would be double counting.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

43. **Assertion (A):** The Congress of Vienna was held in 1815 to undo most changes made during the Napoleonic wars. 1
Reason (R): The Congress was hosted by the Austrian chancellor Duke Metternich.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

44. **Assertion (A):** The Jallianwala Bagh massacre took place on 13 April 1919 in Amritsar. 1
Reason (R): The Rowlatt Act of 1919 allowed detention of political prisoners without trial for two years.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

45. **Assertion (A):** The Bretton Woods conference was held in July 1944 in New Hampshire, USA. 1
Reason (R): The IMF and the World Bank are also called the Bretton Woods twins.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

46. **Assertion (A):** The spinning jenny was invented by James Hargreaves in 1764. 1
Reason (R): Richard Arkwright created the cotton mill.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

47. **Assertion (A):** Martin Luther's Ninety Five Theses were widely circulated in print. 1
Reason (R): Print helped spread Luther's ideas and contributed to the Protestant Reformation.
Choose the correct option:
(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

48. **Assertion (A):** Laterite soil develops in areas of high temperature and heavy rainfall. 1
Reason (R): Red soil develops on crystalline igneous rocks in areas of low rainfall.
Choose the correct option:
(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

49. **Assertion (A):** The Chipko movement started in the Himalayas. 1
Reason (R): The Beej Bachao Andolan in Tehri shows that diversified crop production without synthetic chemicals is possible.
Choose the correct option:
(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

50. **Assertion (A):** The Hirakud project is built in the Mahanadi basin. 1
Reason (R): The Bhakra-Nangal project uses the water of the Sutlej-Beas basin for hydel power and irrigation.
Choose the correct option:
(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.
