1. All questions are compulsory.
2. Q. 1–15 are Objective Type (1 mark each).
3. Q. 16–20 are Very Short Answer Type (2 marks each).
4. Q. 21–25 are Short Answer Type (3 marks each).
5. Q. 26–27 are Long Answer Type (5 marks each).
6. Internal choice is given in Q. 24–25 and Q. 26–27.
7. Write the question number before each answer.
8. Hard level: application and higher-order questions.

SECTION — A (Objective Type Questions) 15 × 1 = 15

Choose the correct option and write it in your answer book.

1. The per capita availability of foodgrains is higher in a state but many people go hungry. This suggests: 1

(a) income is equal
(b) no hunger exists
(c) PDS is perfect
(d) availability does not ensure access for the poor

2. Assertion (A): Formal credit is cheaper than informal credit. Reason (R): RBI supervises formal sources. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

3. A garment factory hires workers on contract for three months at a time. The most likely impact is: 1

(a) higher wages **(b)** no change
(c) less job security **(d)** more job security

4. A shopkeeper says 'no returns' for a defective item. The consumer should: 1

(a) pay more **(b)** use the right to seek redressal
(c) accept it **(d)** throw the item

5. A farm needs four workers but six work on it. If two leave and output stays the same, this proves that they were: 1

(a) fully employed **(b)** under-employed
(c) seasonally employed **(d)** in the organised sector

6. A person prefers a lower paid job in a safe environment with respect. This shows that: 1

(a) respect is irrelevant **(b)** safety is not valued
(c) money is everything **(d)** goals are not only about money

7. Consider: (i) Currency notes are issued by the RBI; (ii) Demand deposits can be used with cheques; (iii) Collateral is the interest paid. Which are correct? 1

(a) (i) and (iii) only **(b)** (i) and (ii) only
(c) (ii) and (iii) only **(d)** all three

8. Assertion (A): Developing countries criticise the WTO. Reason (R): The WTO rules are decided only by developing countries. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

9. Assertion (A): The consumer movement started in India. Reason (R): Consumers were dissatisfied with hoarding, black marketing and adulteration. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

10. Which of the following is the most accurate description of the unorganised sector? 1

(a) Only government offices
(b) Only large companies
(c) Fully registered units with benefits
(d) Small scattered units, low irregular pay and no benefits

11. If a country wants to reduce dependence on crude oil, a sustainable step would be: 1

(a) wasting fuel
(b) using renewable energy sources
(c) increasing imports only
(d) using more oil

12. Assertion (A): Credit always makes the borrower better off. Reason (R): Credit can lead to a debt trap. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

13. **Assertion (A):** Consumers need protection in the marketplace. 1
Reason (R): Individual consumers are often in a weak position against large producers and sellers, who may adopt unfair trade practices and short weights.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

14. **Assertion (A):** Only final goods and services are counted while calculating the GDP. 1
Reason (R): The value of final goods already includes the value of all the intermediate goods used in making them, so counting the latter again would be double counting.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

15. **Assertion (A):** Per capita income is the average income of a country. 1
Reason (R): It is calculated by dividing the total income of the country by its total population.
Choose the correct option:
(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

SECTION — B (Very Short Answer Type) — 5 × 2 = 10

Answer in about 20–30 words each.

16. Why is sustainable use of groundwater important? 2

17. How do SHGs differ from banks? 2

18. How did the barriers hurt consumers earlier? 2

19. What can the aware consumer do if refused a bill? 2

20. Why does a faster rise in services than in jobs create a problem for farm families? 2

SECTION — C (Short Answer Type) — 5 × 3 = 15

Answer in about 40–60 words each.

21. Explain how services have grown due to globalisation. 3

22. Explain the interrelation between the rights of safety and information. 3

23. Why do people in the same family remain in farming even when they are under-employed? 3

24. Examine the limitations of comparing Haryana and Kerala only by income. 3

OR

Why is credit important for small industries? 3

25. Why do MNCs prefer to place orders with small producers instead of setting up their own factories? 3

OR

Why do some consumers hesitate to approach courts? 3

SECTION — D (Long Answer Type) — 2 × 5 = 10

Answer in about 100–150 words each.

26. **Case study.** Ramesh, a shoe maker, wants to buy wheat. The farmer who grows wheat does not want shoes; he wants to buy clothes. Ramesh sells his shoes to a shopkeeper for rupees, and then buys wheat with the money from the farmer. A cheque is used when he pays the leather supplier, who deposits it in his own bank account. 5
(i) What is the difficulty Ramesh would face in a barter system called?
(ii) Who issues currency notes in India?
(iii) What is a cheque?
(iv) Why are demand deposits accepted as money even though they are not currency?

27. Explain how collateral and documentation requirements shape access to credit. 5

OR

Explain the process of fragmented production across countries and who gains. 5
