CLASS 10 — SOCIAL SCIENCE · HARD LEVEL CHAPTER TEST SET 2

Chapter 18: **Development (Economics)** | RBSE Pattern | Session 2026–27

Time: 1 Hour 30 Minutes Name: _____ Roll No.: _____ **Maximum Marks: 40**

General Instructions:

1. All questions are compulsory.
2. Q. 1–10 are Objective Type (1 mark each).
3. Q. 11–14 are Very Short Answer Type (2 marks each).
4. Q. 15–18 are Short Answer Type (3 marks each).
5. Q. 19–20 are Long Answer Type (5 marks each).
6. Internal choice is given in Q. 17 to 20.
7. Write the question number before each answer.
8. Hard level: application and higher-order questions.

SECTION — A (Objective Type Questions) 10 × 1 = 10

Choose the correct option and write it in your answer book.

1. Match: 1 Per capita income; 2 HDR; 3 Infant mortality; 4 PDS with A UNDP; B ration shops; C average income; D health indicator. Correct: 1

(a) 1-C, 2-A, 3-D, 4-B **(b)** 1-D, 2-B, 3-C, 4-A
(c) 1-A, 2-C, 3-B, 4-D **(d)** 1-B, 2-D, 3-A, 4-C

2. Assertion (A): Kerala performs well on human development in spite of its lower per capita income. Reason (R): Kerala has well functioning public facilities such as PDS, schools and health care. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

3. Assertion (A): Two countries with the same average income may differ in people's well-being. Reason (R): Averages hide differences in the distribution of income. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

4. Consider: (i) Literacy rate - education; (ii) Infant mortality rate - health; (iii) Per capita income - education. Which pairs are correct? 1

(a) (ii) and (iii) only **(b)** all three
(c) (i) and (iii) only **(d)** (i) and (ii) only

5. Which of the following, if rising, indicates improving human development? 1

(a) literacy rate **(b)** school dropout
(c) illiteracy **(d)** infant mortality rate

6. A comparison of countries based on the UNDP's HDR is more comprehensive than one based only on income because it: 1

(a) excludes people **(b)** includes area
(c) includes health and education **(d)** excludes income

7. Assertion (A): Kerala has a better infant mortality rate than Haryana. Reason (R): Kerala has a higher per capita income than Haryana. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

8. Assertion (A): The Human Development Report is based only on per capita income. Reason (R): The UNDP compares countries on education, health and income. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

9. Which is a correct statement about public facilities? 1

(a) They exist only in rich countries
(b) They are not needed
(c) They are bought by individuals
(d) They are provided collectively as individuals cannot buy them alone

10. Assertion (A): The World Bank uses per capita income to classify countries. Reason (R): Per capita income is total income divided by total population. 1

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

SECTION — B (Very Short Answer Type) — 4 × 2 = 8

Answer in about 20–30 words each.

11. Why did the chapter give the example of the dam? 2

12. How does HDR improve over income-only classification? 2

13. What does the PDS contribute to Kerala's record? 2

14. Why do we need collective arrangements for some goods? 2

SECTION — C (Short Answer Type) — 4 × 3 = 12

Answer in about 40–60 words each.

15. Country X: total income Rs 2,40,000 crore, population 30 crore. Country Y: total income Rs 1,00,000 crore, population 10 crore. Which has higher per capita income and by how much? 3

16. Discuss how a country with unequal income distribution can have a high average income. 3

17. Analyse the claim that people's goals are shaped by their situations. 3

OR

Evaluate the role of government spending in improving human development. 3

18. What would you consider in assessing the development of your village? 3

OR

Analyse how inequality can reduce the value of high per capita income. 3

SECTION — D (Long Answer Type) — 2 × 5 = 10

Answer in about 100–150 words each.

19. Using Kerala, Haryana and Bihar, discuss the relation between income and human development. 5

OR

Analyse the role of public facilities in human development. 5

20. Explain the concept of sustainability with reference to groundwater and crude oil. 5

OR

Write an essay on 'What is development?' 5
