CLASS 7 — SOCIAL SCIENCE · HARD LEVEL CHAPTER TEST SET 3

Chapter 1: **Geographical Diversity of India** | RBSE Pattern | Session 2026–27

Time: 1 Hour 30 Minutes Name: _____ Roll No.: _____ **Maximum Marks: 40**

General Instructions:

1. All questions are compulsory.
2. Q. 1–10 are Objective Type (1 mark each).
3. Q. 11–14 are Very Short Answer Type (2 marks each).
4. Q. 15–18 are Short Answer Type (3 marks each).
5. Q. 19–20 are Long Answer Type (5 marks each).
6. Internal choice is given in Q. 17 to 20.
7. Write the question number before each answer.
8. Hard level: application and higher-order questions.

SECTION — A (Objective Type Questions) 10 × 1 = 10

Choose the correct option and write it in your answer book.

1. Which of the following can help restore degraded Himalayan slopes? 1

(a) mining **(b)** afforestation and terracing
(c) felling **(d)** open grazing

2. The Chilika lagoon is separated from the sea by 1

(a) a glacier **(b)** a dam **(c)** a mountain **(d)** a sand bar

3. Why are the mountains of the north-east green and rainy? 1

(a) they are islands **(b)** monsoon winds meet the hills
(c) they are on the plateau **(d)** they are in the desert

4. Which statement correctly describes the Eastern Ghats? 1

(a) young fold mountains **(b)** continuous high wall
(c) discontinuous low hills cut by rivers **(d)** volcanic cones

5. Why are ports like Kochi located on the west coast despite a narrow plain? 1

(a) deltas
(b) natural harbours and trade with the Arabian Sea
(c) wide plains
(d) deserts

6. A geologist says the Aravallis are ancient. Which evidence supports this? 1

(a) snow cover **(b)** volcanoes
(c) low, rounded and worn-down peaks **(d)** high jagged peaks

7. Why is the Peninsula an old landmass? 1

(a) it is made of sand **(b)** it is a delta
(c) it is made of ancient hard rocks **(d)** it is formed of recent lava

8. Which type of farming is practised on hill slopes to prevent soil erosion? 1

(a) plantation of rice in plains **(b)** terrace farming
(c) fishing **(d)** shifting only

9. **Assertion (A):** Sand dunes in deserts are shaped by running water. 1
Reason (R): Wind carries and deposits sand in deserts.
Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.
(b) Both A and R are true but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

10. **Assertion (A):** The Western Ghats are a continuous range along the west of the Peninsular Plateau. 1

Reason (R): The Western Ghats are lower and more broken than the Eastern Ghats.

Choose the correct option:

(a) Both A and R are true and R is the correct explanation of A.

(b) Both A and R are true but R is not the correct explanation of A.

(c) A is true but R is false.

(d) A is false but R is true.

SECTION — B (Very Short Answer Type) — 4 × 2 = 8

Answer in about 20–30 words each.

11. Why is relief important to settlement? 2

12. Why do mountain regions have fewer people? 2

13. Why are islands vulnerable? 2

14. Why do cities grow on plains? 2

SECTION — C (Short Answer Type) — 4 × 3 = 12

Answer in about 40–60 words each.

15. Compare the problems of the desert and the delta. 3

16. Examine the geography behind the north-east's heavy rain. 3

17. Discuss the geographical advantages of India's location. 3

OR

Examine how coastal geography shapes trade. 3

18. Discuss how rivers connect people of different regions. 3

OR

Explain the effects of deforestation on hill slopes. 3

SECTION — D (Long Answer Type) — 2 × 5 = 10

Answer in about 100–150 words each.

19. **Case study.** Fathima, a student from Kerala, visits Lakshadweep. She learns that the islands are made of coral and lie in the Arabian Sea. Her friend from Rajasthan describes the Thar desert, where hill-like heaps of sand change shape with the wind. India also has a coastline of over 7,500 km including islands. 5

(i) Of what are the Lakshadweep islands made?

(ii) What are the sand heaps in the Thar called?

(iii) Roughly how long is India's coastline?

(iv) Why is India described as a land of geographical diversity?

20. Discuss the vulnerabilities of India's coasts and islands and suggest protection measures. 5

OR

Evaluate the importance of the Western Ghats as a biodiversity hotspot and as the source of rivers. 5

END OF QUESTION PAPER — Total: 40 Marks
