2	22, Raja Park Jaipur 18 November 2026 Dear Karan, I hope you are well. Last week I went to Jaisalmer with my family. We saw the golden fort, the Patwon ki Haveli and Gadisar Lake. The best part was a camel ride on the Sam sand dunes, where we watched a beautiful sunset. In the night we enjoyed folk music and dance. The food was delicious too. I wish you had been with me. Come with me next time. Your friend Rohan *(Format 1 · Content 2 · Organisation 1 · Language 1)*	5

3	A mobile phone is both a boon and a bane. It helps us talk to anyone anywhere, take pictures and search for information. It also serves as a clock, calculator and map. But excessive use harms eyesight, wastes time and reduces face-to-face talk. Children may be exposed to unsuitable content. Therefore, we should use mobiles wisely and only when needed. Used well, it is a boon; used badly, it is a bane. *(Content 2 · Organisation 1 · Language 1)*	4
	OR: Trees are our best friends. They give us oxygen, fruit, wood and shade. They absorb harmful gases, prevent soil erosion and bring rain. Birds and animals make their homes in them. Despite these benefits, forests are being cut to build roads and buildings. We must stop this and plant more trees. Each student should plant and take care of at least one sapling every year. Without trees, there would be no life on Earth. *(Content 2 · Organisation 1 · Language 1)*	4
