THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET A

Chapters 8 & 13: **World Geography, Dynamics of Population** | Class 8 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** shape and direction	But distorts size near the poles
2	**(d)** make a large share of the oxygen we breathe	Almost half of our oxygen
3	**(a)** warm ocean current	Flows from near the Equator towards Western Europe
4	**(c)** north-eastern Australia	A UNESCO World Heritage Site
5	**(c)** highest and largest plateau on Earth	Average height over 4,500 m
6	**(b)** schools	Use of demographic data
7	**(d)** 17 per cent	As per the chapter
8	**(d)** live births per 1,000 population in a year	Key indicator
9	**(a)** 1979	To control fast growth
10	**(a)** Education of girls and women's work outside home	Social change

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Gulf: a large inlet of the sea deeply cutting into land (1). Bay: a smaller, broad inlet of the sea (1).	1+1
12	It joins the Red Sea and the Mediterranean, opened in 1869 (1). It gives the shortest sea route from India to Europe (1).	1+1
13	Average number of years a newborn is expected to live (1). Under present health and living conditions (1).	1+1
14	271 per 1,000 in 1950 (1). 28 per 1,000 in 2023 (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Grassland over 8,000 km across Eurasia (1). Act as a carbon sink and reduce greenhouse effect over time (1). Resting place for migratory birds such as the Siberian crane (1).	1+1+1
16	Stage 1 in 1901–1921 (1). Stage 2 after 1951 (1). Stage 3 after the mid-1980s as fertility fell (1).	1+1+1
17	About 2,500 km long, from the Arctic Ocean to Kazakhstan (1). Natural boundary between Europe and Asia (1). Rich in iron ore, copper, coal, oil and gas (1).	1+1+1
	OR: Fertile soil and farming (1). Rivers helped trade and transport (1). Flat land and favourable climate; cities like Paris, Berlin, Moscow (1).	1+1+1
18	Females = 5,000,000 × 950 ÷ 1,000 (1). 4,750,000 females (1). Fewer females than males (1).	1+1+1
	OR: Measures gender balance (1). Reflects social and cultural conditions (1). Needed for equitable development (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Plain: flat, fertile; crops (1). Rivers, trade and resources (1). Cities (1). Alps: crescent, Mont Blanc, forests and wildlife (1). Rivers, water, power, minerals (1).	1+1+1+1+1
	OR: Hot climate, below 25 cm rain (1). Nomads and trade routes (1). Adaptations of plants and animals (1). Oasis (1). Nile uses (1).	1+1+1+1+1
20	Base, middle, top (1). Wide base means young (1). Narrow triangle in 1950 (1). Bell shape now (1). Future ageing (1).	1+1+1+1+1
	OR: Meaning (1). Youth bulge and 65% working age (1). Workers and taxpayers (1). Education, skills and health (1). Limited window until 2050 (1).	1+1+1+1+1

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET B

Chapters 8 & 13: **World Geography, Dynamics of Population** | Class 8 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** Europe and Asia	About 2,500 km long
2	**(d)** Sahara	In northern Africa
3	**(b)** Colorado Plateau	Red rock layers cut by the Colorado River
4	**(c)** narrow channel joining two water bodies	Important for trade
5	**(c)** A is true but R is false	A is true; R is false. They are called so for their biodiversity
6	**(d)** 70 years	Better health care
7	**(b)** 1951	Death rate fell, births stayed high
8	**(c)** an ageing population	Median age about 50
9	**(a)** managing both job responsibilities and household duties	Needs childcare support
10	**(a)** Both A and R are true and R is the correct explanation of A	R explains A

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	It has the largest reserves of fresh water outside the polar regions (1). It is also very cold and high with glaciers (1).	1+1
12	They stand at a height and store snow and glaciers (1). The melting snow supplies fresh water to rivers (1).	1+1
13	Movement of people from one place to another (1). Jobs, education, disasters or instability (1).	1+1
14	A graph showing the number of people by age group and gender (1). Used to study composition and change (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Crescent-shaped range about 1,200 km long with Mont Blanc (1). Source of the Rhine and Danube tributaries (1). Tourism, skiing, hydroelectric power and minerals (1).	1+1+1
16	Wide base: many children and high birth rate (1½). Narrow top: few elderly and low life expectancy (1½).	1½+1½
17	Nomads herd camels, goats and sheep (1). Loose clothing and headgear keep the body cool; underground homes (1). Cacti store water; the fennec fox has large ears to lose heat (1).	1+1+1
	OR: Longest river, about 6,650 km (1). Cradle of ancient Egyptian civilisation (1). Gives irrigation, drinking water, fishing, power and transport (1).	1+1+1
18	Narrow triangle in 1950 (1). Base is narrower now (1). Bell-shaped with a wide middle and top slowly widening (1).	1+1+1
	OR: Large young population of 16–30 years (1). Common in Stage 2 (1). Gives workers, producers and taxpayers (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Andes: largest range, Aconcagua, Uyuni (1). Fresh water and minerals (1). Only about one-fourth of flora and fauna left (1). Amazon river and rainforest, 400 indigenous communities (1). Deforestation and climate change (1).	1+1+1+1+1
	OR: (i) Cheap clothes made quickly and discarded when fashion changes (1½). (ii) Creates huge waste in places like Atacama, an environmental and social problem (1½). (iii) Reuse, repair, donate, buy less (2).	1½+1½+2
20	More health needs (1). Fewer workers (1). Pensions (1). Japan's responses (1). Childcare and support for women (1).	1+1+1+1+1
	OR: (i) 100 − 27 − 65 = 8 per cent (2). (ii) Demographic dividend (1). (iii) Young population will decline after 2050 (2).	2+1+2

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET C

Chapters 8 & 13: **World Geography, Dynamics of Population** | Class 8 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** size is greatly distorted near the poles	Distortion of size
2	**(c)** Arctic Ocean	Home to polar bears and walruses
3	**(c)** Challenger Deep in the Mariana Trench	Over 11,000 metres below sea level
4	**(b)** changes in the chemistry of ocean water due to human actions	Loss of habitat for sea animals
5	**(c)** Indo-Australian and Eurasian plates	Also formed the Himalayas
6	**(b)** healthcare facilities	Age structure shapes services
7	**(a)** 8.2 billion	Up from 2.5 billion in 1950
8	**(d)** fertility rate	Not the same as birth rate
9	**(c)** 2022	It has started to shrink
10	**(b)** Bihar	3.0 with female literacy 55%

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Soil that stays frozen most of the time in the tundra (1). Melting releases stored greenhouse gases and speeds up climate change (1).	1+1
12	Wheat and barley (1+1). (Rye or potatoes also accepted.)	1+1
13	Economic growth potential from a large working-age population (1). Young workers earn, produce and pay taxes (1).	1+1
14	50 × 24 (1). 1,200 births (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	A tropical grassland with scattered trees and seasonal rainfall (1). Lies between rainforests and deserts (1). Elephants, lions, zebras and giraffes (1).	1+1+1
16	India 28, Japan 50 (1). Difference 22 years (1). India is young, Japan is ageing (1).	1+1+1
17	Vast evergreen trees take in carbon dioxide (1). They release oxygen (1). It is also a great store of biodiversity and rainfall (1).	1+1+1
	OR: About 1,000 km desert in Chile, one of the driest places (1). Clear skies used for stargazing and testing rovers (1). Becoming a dump for discarded cheap clothes (1).	1+1+1
18	Under-5 numbers peaked in 2007 (1). Under-15 peaked in 2011 (1). After 2050 India begins to age (1).	1+1+1
	OR: More need for health care (1). Fewer workers and slower economy (1). Pension burden on government (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Colorado Plateau and Grand Canyon (1). Rockies, 4,800 km, minerals, Yellowstone (1). Appalachians, old, coal, timber (1). Great Lakes, five freshwater lakes (1). Human use and problems (1).	1+1+1+1+1
	OR: Large part arid, Great Australian Desert (1). Desert animals (1). Spinifex people (1). Great Barrier Reef (1). Tourism and conservation (1).	1+1+1+1+1
20	(i) Bihar higher fertility and lower literacy (2). (ii) Higher female literacy is linked to lower fertility (1). (iii) Girls' education and health services (2).	2+1+2
	OR: (i) 190 million (1). (ii) 1,210 − 361 = 849 million (2). (iii) Falling death rates with high births (2).	1+2+2

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET D

Chapters 8 & 13: **World Geography, Dynamics of Population** | Class 8 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** tundra	Soil called permafrost
2	**(a)** Nile	Cradle of ancient Egyptian civilisation
3	**(a)** wolves	Wolves reduced overgrazing by elk
4	**(b)** five large freshwater lakes	Used for shipping and drinking water
5	**(d)** A is false but R is true	A is false; R is true
6	**(b)** migration	Within or across countries
7	**(d)** females per 1,000 males	Gender balance indicator
8	**(a)** demographic dividend	A limited window
9	**(a)** Both A and R are true and R is the correct explanation of A	R explains A
10	**(a)** Both A and R are true and R is the correct explanation of A	R explains A

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	A spot in a desert with water and vegetation (1). It supports date palms, people and animals (1).	1+1
12	Source of fresh water for rivers like the Amazon (1). Rich in minerals such as copper, zinc, silver and lithium (1).	1+1
13	1,210 − 361 (1). 849 million (1).	1+1
14	More pressure on healthcare (1). Fewer workers and difficulty paying pensions (1).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Elk overgrazed the land and upset the balance (1). Wolves were introduced in 1995 (1). Wolves reduced the elk and plants returned (1).	1+1+1
16	Raised retirement age (1). Uses technology and automation (1). Community centres, robots and AI assistants (1).	1+1+1
17	A highland in the south-western USA of over 330,000 sq km (1). Layers of sedimentary rock uplifted and eroded into red rocks and canyons (1). Grand Canyon draws about 5 million visitors a year (1).	1+1+1
	OR: Large part of Australia is arid (1). Animals include camels, dingoes, bilbies, skinks (1). The Spinifex have lived there for over 25,000 years (1).	1+1+1
18	Job plus household duties (1½). Daycare centres and flexible work hours help (1½).	1½+1½
	OR: Deaths: 25 × 8 = 200 (1½). Natural increase 20 − 8 = 12 per 1,000 (1½).	1½+1½

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Deforestation in the Amazon (1). Fast fashion waste in Atacama (1). Coral bleaching (1). Permafrost melting and climate change (1). Ways to manage resources wisely (1).	1+1+1+1+1
	OR: (i) Overgrazing led to ecological imbalance (1½). (ii) Wolves were introduced and hunted elk (1½). (iii) Every species has a role; balance can be restored (2).	1½+1½+2
20	India median age 28 (1). Japan 50 (1). India wide base and middle (1). Japan wide top (1). Different policy needs (1).	1+1+1+1+1
	OR: Life expectancy 30 to 70 (1). Child mortality 271 to 28 (1). Better health care (1). Nutrition and sanitation (1). Effect on population size and age (1).	1+1+1+1+1

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
