# THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

## CLASS 8 — SOCIAL SCIENCE TWO-CHAPTER TEST SET D

Chapters 8 & 13: **World Geography, Dynamics of Population** | RBSE Pattern | Session 2026–27

**Time: 1 Hour 30 Minutes** Name: _____ Roll No.: _____ **Maximum Marks: 40**

**General Instructions:**

1. All questions are compulsory.
2. Q. 1–10 are Objective Type (1 mark each).
3. Q. 11–14 are Very Short Answer Type (2 marks each).
4. Q. 15–18 are Short Answer Type (3 marks each).
5. Q. 19–20 are Long Answer Type (5 marks each).
6. Internal choice is given in Q. 17 to 20.
7. Write the question number before each answer.
8. Draw neat maps and diagrams wherever required.

## SECTION — A (Objective Type Questions) 10 × 1 = 10

*Choose the correct option and write it in your answer book.*

**1.** A treeless cold plain with permanently frozen soil is called: 1

**(a)** tundra **(b)** taiga **(c)** steppe **(d)** savannah

**2.** The longest river in the world, about 6,650 km, is the: 1

**(a)** Nile **(b)** Rhine **(c)** Amazon **(d)** Danube

**3.** Yellowstone's ecological balance was restored in 1995 by introducing: 1

**(a)** wolves **(b)** lions **(c)** bears **(d)** elk

**4.** The Great Lakes of North America are: 1

**(a)** frozen seas **(b)** five large freshwater lakes

**(c)** five oceans **(d)** salt lakes in a desert

**5.** **Assertion (A):** The Amazon is the longest river in the world. 1

**Reason (R):** The Nile is about 6,650 km long and is the longest river in the world.

**(a)** Both A and R are true and R is the correct explanation of A

**(b)** Both A and R are true but R is not the correct explanation of A

**(c)** A is true but R is false

**(d)** A is false but R is true

**6.** Moving from one place to another to settle temporarily or permanently is called: 1

**(a)** fertility **(b)** migration **(c)** projection **(d)** census

**7.** The sex ratio is the number of: 1

**(a)** males per 1,000 females **(b)** females per 100 males

**(c)** children per 1,000 women **(d)** females per 1,000 males

**8.** The large working-age population that can boost economic growth is called the: 1

**(a)** demographic dividend **(b)** census

**(c)** population explosion **(d)** migration pattern

**9.** **Assertion (A):** India's population pyramid has become more bell-shaped in recent years. 1

**Reason (R):** The base has narrowed because families are having fewer children.

**(a)** Both A and R are true and R is the correct explanation of A

**(b)** Both A and R are true but R is not the correct explanation of A

**(c)** A is true but R is false

**(d)** A is false but R is true

**10.** **Assertion (A):** Cities such as Delhi, Mumbai and Bengaluru have grown rapidly. 1
**Reason (R):** Many people migrate to them for jobs and education.
**(a)** Both A and R are true and R is the correct explanation of A
**(b)** Both A and R are true but R is not the correct explanation of A
**(c)** A is true but R is false
**(d)** A is false but R is true

## SECTION — B (Very Short Answer Type) — 4 × 2 = 8

*Answer in about 10–15 words each.*

**11.** What is an oasis? 2

**12.** Name two features that make the Andes important. 2

**13.** If India's population rose from 361 million in 1951 to 1,210 million in 2011, what was the increase? 2

**14.** Name two challenges of an ageing population. 2

## SECTION — C (Short Answer Type) — 4 × 3 = 12

*Answer in about 30–40 words each.*

**15.** What lessons does Yellowstone give about restoring nature? 3

**16.** Describe how Japan is managing its ageing population. 3

**17.** Describe the Colorado Plateau and the Grand Canyon. 3

OR

Name three features of the Great Australian Desert and its people. 3

**18.** Explain the 'double burden' faced by working women and one solution. 3

OR

In a town of 25,000 people the death rate is 8 per 1,000 and the birth rate is 20 per 1,000. Find the number of deaths and the natural increase per 1,000. 3

## SECTION — D (Long Answer Type) — 2 × 5 = 10

*Answer in about 80–100 words each.*

**19.** Explain how human actions cause environmental problems across the world, with examples from this chapter. 5

OR

Case study: Elk grazed so heavily in Yellowstone that plants disappeared. In 1995 wolves were introduced. 5
(i) What was the problem?
(ii) What was the solution?
(iii) What does it teach about ecosystems?

**20.** Compare the population structure of India and Japan with reference to median age and the shape of the pyramid. 5

OR

Explain the role of life expectancy, child mortality and health care in changing India's population. 5

## END OF QUESTION PAPER — Total: 40 Marks
