# THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

## ANSWER KEY & MARKING SCHEME SET A

Chapters 13 & 14: **Dynamics of Population, India's Urban Landscape** | Class 8 Social Science | Maximum Marks: 40

### SECTION — A (Objective Type) — Answers — 10 × 1 = 10

| Q. | Correct Option | Brief Reasoning |
|---|---|---|
| 1 | **(d)** schools | Use of demographic data |
| 2 | **(a)** 17 per cent | As per the chapter |
| 3 | **(d)** live births per 1,000 population in a year | Key indicator |
| 4 | **(d)** 1979 | To control fast growth |
| 5 | **(d)** Education of girls and women's work outside home | Social change |
| 6 | **(d)** gram panchayats | Grade 6 local government |
| 7 | **(a)** 3,000 persons per sq km | 1,20,000 ÷ 40 |
| 8 | **(c)** the shift of population from rural to urban areas | The share of rural population falls |
| 9 | **(d)** Bombay Stock Exchange in 1875 | Trade and commerce expanded |
| 10 | **(b)** wooden toys | Karnataka |

### SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

| Q. | Expected Answer / Value Points | Marks |
|---|---|---|
| 11 | Average number of years a newborn is expected to live (1). Under present health and living conditions (1). | 1+1 |
| 12 | 271 per 1,000 in 1950 (1). 28 per 1,000 in 2023 (1). | 1+1 |
| 13 | Business Process Outsourcing — a company hires another provider for some functions (1). Gurugram (1). | 1+1 |
| 14 | To ease pressure of a growing population on Delhi's housing, water and sewerage (1). It included NOIDA and Ghaziabad (1). | 1+1 |

### SECTION — C (Short Answer) — Answers — 4 × 3 = 12

| Q. | Expected Answer / Value Points | Marks |
|---|---|---|
| 15 | Stage 1 in 1901–1921 (1). Stage 2 after 1951 (1). Stage 3 after the mid-1980s as fertility fell (1). | 1+1+1 |
| 16 | (i) Waste and water scarcity (1). (ii) Segregation at source, rainwater harvesting (1). (iii) Government, NGOs, RWAs and citizens together (1). | 1+1+1 |
| 17 | Females = 5,000,000 × 950 ÷ 1,000 (1). 4,750,000 females (1). Fewer females than males (1). | 1+1+1 |
| | **OR:** Measures gender balance (1). Reflects social and cultural conditions (1). Needed for equitable development (1). | 1+1+1 |
| 18 | (i) Nearness to iron ore and the steel plant (1). (ii) Tree-lined streets or hospital or gardens (1). (iii) Jobs, attracting people from within and outside the state (1). | 1+1+1 |
| | **OR:** (i) Mixed-use planning (1). (ii) Less reliance on cars, vibrant public places (1). (iii) Rooftop and vertical gardens and many parks (1). | 1+1+1 |

### SECTION — D (Long Answer) — Answers — 2 × 5 = 10

| Q. | Expected Answer / Value Points | Marks |
|---|---|---|
| 19 | Base, middle, top (1). Wide base means young (1). Narrow triangle in 1950 (1). Bell shape now (1). Future ageing (1). | 1+1+1+1+1 |
| | **OR:** Meaning (1). Youth bulge and 65% working age (1). Workers and taxpayers (1). Education, skills and health (1). Limited window until 2050 (1). | 1+1+1+1+1 |
| 20 | Slums are overcrowded settlements with poor services (1). Dwellers do informal work: vending, domestic help, laundry (1). Construction and plumbing work support the city (1). Pradhan Mantri Aawaas Yojana gives affordable housing (1). Better health, education and housing infrastructure needed (1). | 1+1+1+1+1 |
| | **OR:** (i) Housing, water and sewerage (1). (ii) NCR with NOIDA and Ghaziabad (1). (iii) Gurugram (1). (iv) A company hires another provider for business functions (1). (v) Faster, wider transport helped expansion (1). | 1+1+1+1+1 |

**Evaluator's note:** Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option

attempted. Deduct up to ½ mark for missing units or figures where required.

## ANSWER KEY & MARKING SCHEME SET C

Chapters 13 & 14: **Dynamics of Population, India's Urban Landscape** | Class 8 Social Science | Maximum Marks: 40

### SECTION — A (Objective Type) — Answers — 10 × 1 = 10

| Q. | Correct Option | Brief Reasoning |
|---|---|---|
| 1 | **(d)** healthcare facilities | Age structure shapes services |
| 2 | **(b)** 8.2 billion | Up from 2.5 billion in 1950 |
| 3 | **(b)** fertility rate | Not the same as birth rate |
| 4 | **(a)** 2022 | It has started to shrink |
| 5 | **(c)** Bihar | 3.0 with female literacy 55% |
| 6 | **(d)** demographers | They measure density too |
| 7 | **(c)** New Delhi and Kolkata | As shown in the chapter's chart |
| 8 | **(c)** rich iron ore deposits | Resource-based location |
| 9 | **(b)** 1910s | It flourished by the 1930s |
| 10 | **(b)** silk sarees | Tamil Nadu |

### SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

| Q. | Expected Answer / Value Points | Marks |
|---|---|---|
| 11 | Economic growth potential from a large working-age population (1). Young workers earn, produce and pay taxes (1). | 1+1 |
| 12 | 50 × 24 (1). 1,200 births (1). | 1+1 |
| 13 | Traffic jams and air pollution (1). Reduced green spaces or heat islands (1). | 1+1 |
| 14 | A person who plans and designs how land in cities and towns is used (1). Aim is better infrastructure and quality of life (1). | 1+1 |

### SECTION — C (Short Answer) — Answers — 4 × 3 = 12

| Q. | Expected Answer / Value Points | Marks |
|---|---|---|
| 15 | India 28, Japan 50 (1). Difference 22 years (1). India is young, Japan is ageing (1). | 1+1+1 |
| 16 | Population size and types of jobs (1). Transport and connected mobility (1). Location of homes, parks, schools, hospitals and safety services (1). | 1+1+1 |
| 17 | Under-5 numbers peaked in 2007 (1). Under-15 peaked in 2011 (1). After 2050 India begins to age (1). | 1+1+1 |
| | **OR:** More need for health care (1). Fewer workers and slower economy (1). Pension burden on government (1). | 1+1+1 |
| 18 | Cities get food and raw materials from villages (1). Villages get markets, jobs and services from cities (1). Cities' pollution and growth also affect rural areas (1). | 1+1+1 |
| | **OR:** Town: 90,000 ÷ 30 = 3,000 per sq km (1). City: 2,40,000 ÷ 20 = 12,000 per sq km (1). The city is four times more crowded (1). | 1+1+1 |

### SECTION — D (Long Answer) — Answers — 2 × 5 = 10

| Q. | Expected Answer / Value Points | Marks |
|---|---|---|
| 19 | (i) Bihar higher fertility and lower literacy (2). (ii) Higher female literacy is linked to lower fertility (1). (iii) Girls' education and health services (2). | 2+1+2 |
| | **OR:** (i) 190 million (1). (ii) 1,210 − 361 = 849 million (2). (iii) Falling death rates with high births (2). | 1+2+2 |
| 20 | They grow, adapt and change over time (1). Centres of production and consumption (1). Ideas, tradition and modernity meet there (1). Pollution, congestion and inequality affect rural areas too (1). A sustainable city offers opportunity without exhausting resources (1). | 1+1+1+1+1 |
| | **OR:** Housing, jobs and affordable transport (1). Parks and public spaces reachable by all (1). Access for children, elderly and people with disabilities (1). Safe streets, police and fire stations nearby (1). Waste, water, ICT and green energy systems (1). | 1+1+1+1+1 |

**Evaluator's note:** Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
