THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET A

Chapters 8–14: **World Geography, Dynamics of Population, India's Urban Landscape** | Class 8 Social Science | Maximum Marks: 50

SECTION — A (Objective Type) — Answers — 12 × 1 = 12

Q.	Correct Option	Brief Reasoning
1	**(c)** cartographer	Map-maker
2	**(b)** South America	Home to Mount Aconcagua
3	**(c)** chemicals in the water	No light, so no photosynthesis
4	**(a)** farming, trade and dense populations	Fertile soils; wheat, barley, rye, potatoes
5	**(d)** 'Hum do humare do'	Emphasised two children
6	**(d)** 1.9	Now below replacement
7	**(d)** medical advances and better sanitation reducing deaths	Antibiotics, vaccines, ORS
8	**(c)** 28 years	A young population
9	**(c)** 5,000	Definitions differ across countries
10	**(a)** 50	Higher AQI means greater health risk
11	**(d)** IT and BPO companies	Part of the National Capital Region
12	**(d)** Taj Mahal	Tourism livelihood

SECTION — B (Very Short Answer) — Answers — 5 × 2 = 10

Q.	Expected Answer / Value Points	Marks
13	A ridge at or near the ocean surface, natural or artificial (1). Natural reefs are made of rock or built by tiny sea animals called corals (1).	1+1
14	Birth rate: live births per 1,000 population in a year (1). Fertility rate: average children per woman in her lifetime (1).	1+1
15	Females per 1,000 males (1). 943 (1).	1+1
16	Shift of population from rural to urban areas (1). Share of people in rural areas falls as a result (1).	1+1
17	Mumbai lies on the Arabian Sea and Kolkata near the eastern coast (1). This helped domestic and international trade (1).	1+1

SECTION — C (Short Answer) — Answers — 6 × 3 = 18

Q.	Expected Answer / Value Points	Marks
18	Mercator preserves shape and direction (1). It distorts size near the poles (1). Robinson is a compromise balancing size and shape distortions (1).	1+1+1
19	Antibiotics, vaccines and ORS (1). Better water and sanitation (1). Fewer child deaths and economic prosperity (1).	1+1+1
20	Grid pattern with rectangular chowkris (1). Wide streets, gardens and nine public squares (1). A 20-foot wall with seven gates and pink sandstone buildings (1).	1+1+1
21	Visitors come to the Taj Mahal or sacred places (1). Demand for transport, hospitality and food vending (1). Handicrafts and souvenirs give livelihoods (1).	1+1+1
22	Blue shows water bodies (1). Green plains, yellow/brown plateaus (1). Dark brown mountains, light yellow deserts, white ice (1).	1+1+1
	OR: Influences the climate of Asia (1). Source of rivers such as Indus, Brahmaputra and Yangtze (1). Holds large fresh-water reserves, the Third Pole (1).	1+1+1
23	Stage 1: high birth and death rates (1). Stage 2: death rate falls, births high (1). Stage 3: both low as births fall (1).	1+1+1
	OR: Life expectancy 30 to 70 years (1). Child mortality 271 to 28 per 1,000 (1). Better health care and nutrition (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
24	Meaning (1). Pull factors like jobs and education (1). Push factors like disasters and instability (1). Urban growth (1). Pressure on resources and services (1).	1+1+1+1+1

	OR: Policy of 1979 (1). Fertility fell from 7.5 to 1 (1). Peak of 1.43 billion in 2022 (1). Elderly rising from 14% to 26% (1). Fewer workers and no siblings (1).	1+1+1+1+1
25	Rural origin with farm work (1). New infrastructure such as factories and banks (1). Shift to secondary and tertiary jobs, small towns (1). Population grows and attracts more people (1). Metropolitan areas with high-rises, malls and metro (1).	1+1+1+1+1
	OR: Concept Plan for 40 years; Master Plan every 5 years (1). Mixed-use spaces with homes, offices and parks nearby (1). Mass Rapid Transit, cycling and walking corridors (1). Vertical and rooftop gardens — 'garden city' (1). Housing for seniors with healthcare, childcare and green spaces (1).	1+1+1+1+1

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET B

Chapters 8–14: **World Geography, Dynamics of Population, India's Urban Landscape** | Class 8 Social Science | Maximum Marks: 50

SECTION — A (Objective Type) — Answers — 12 × 1 = 12

Q.	Correct Option	Brief Reasoning
1	**(b)** 97 per cent	Most water is salty
2	**(b)** the Red Sea and the Mediterranean Sea	Shortest sea route from India to Europe
3	**(a)** Both A and R are true and R is the correct explanation of A	R explains A
4	**(d)** Alps	Mont Blanc is a famous peak
5	**(d)** A is false but R is true	A false; R true
6	**(d)** the size, structure and changes of human population	Size, structure, pattern and trend
7	**(d)** a young and growing population	Many births
8	**(c)** 5 years per 1,000 live births	Indicator of child health
9	**(c)** 220	Japan uses 50,000
10	**(c)** brass work	Specialised small city
11	**(c)** the prime ministers of India	A cultural hub
12	**(c)** vacant land is available and affordable housing is lacking	Migration pressure

SECTION — B (Very Short Answer) — Answers — 5 × 2 = 10

Q.	Expected Answer / Value Points	Marks
13	The Earth is a curved, nearly spherical body (1). Drawing it on a flat surface stretches or squeezes size, shape or direction (1).	1+1
14	A large stream of water flowing in the ocean like a river (1). Warm currents and cold currents (1).	1+1
15	A fertility rate of 2.1 (1). The number needed to replace the parents and keep population stable (1).	1+1
16	Location near rivers for easy transport (1). Crossroads of trade routes or access to raw materials (1).	1+1
17	Number of people living per unit area, usually per sq km (1). Density = total population ÷ area in sq km (1).	1+1

SECTION — C (Short Answer) — Answers — 6 × 3 = 18

Q.	Expected Answer / Value Points	Marks
18	Bays are broad inlets of the sea (1). They shield ships from strong open-ocean winds (1). So they became safe havens for ports and dockyards (1).	1+1+1
19	Pacific, Atlantic, Indian, Arctic, Southern (1). Pacific is largest and deepest (1). Arctic is smallest and shallowest or Southern encircles Antarctica (1).	1+1+1
20	Hum do humare do campaign (1). Girls' education and women's jobs (1). Urbanisation and higher cost of living (1).	1+1+1
21	Port location and trade (1). Bombay Stock Exchange set up in 1875 (1). Talent gathered; modern infrastructure and film industry developed (1).	1+1+1
22	Influx raises population (1). Cities like Delhi and Mumbai grow (1). Pressure on water, housing and transport (1).	1+1+1
	OR: 361 million in 1951 and 1,210 million in 2011 (1). Increase of 849 million (1). Growth in every decade (1).	1+1+1
23	AQI often above 400 against a safe limit of 50 (1). Vehicles and construction add to pollutants (1). Serious health risk to residents (1).	1+1+1
	OR: Capital, trade and culture from early times; expansion strained housing and water (1). NCR created with NOIDA and Ghaziabad (1). Roads, highways and metro helped expansion (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks

24	Cover 71% and hold 97% of water (1). Plankton give oxygen (1). Regulate climate (1). Trade and fishing (1). Home to rich life from plankton to whales (1).	1+1+1+1+1
	OR: Steppes: grassland, 8,000 km, carbon sink (1). Birds and nomads in yurts (1). Urals: 2,500 km boundary of Europe and Asia (1). Taiga, tundra, minerals (1). Permafrost and climate change (1).	1+1+1+1+1
25	Vidyadhar Bhattacharya was chief planner in 1727 (1). Based on vāstu and śhilpa shāstra with grid and chowkris (1). Wide streets, gardens and nine public squares (1). 20-foot wall with seven gates for security (1). Pink sandstone, shaded markets and water supply suited the dry climate (1).	1+1+1+1+1
	OR: Sabarmati Riverfront has promenades, parks and Atal Bridge (1). Blends ecology with public use (1). Gangtok's M.G. Road is pedestrian-only and clean (1). Technology and citizen participation, waste and water services, e-governance (1). Balance growth with care for people and nature (1).	1+1+1+1+1

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET C

Chapters 8–14: **World Geography, Dynamics of Population, India's Urban Landscape** | Class 8 Social Science | Maximum Marks: 50

SECTION — A (Objective Type) — Answers — 12 × 1 = 12

Q.	Correct Option	Brief Reasoning
1	**(b)** Southern Ocean	Penguins and seals
2	**(d)** Pacific Ocean	Whales and tuna live here
3	**(a)** Both A and R are true and R is the correct explanation of A	R explains A
4	**(d)** flat, unforested grasslands	A global carbon sink
5	**(a)** India	India overtook China
6	**(a)** 10.3 billion	Then it declines
7	**(a)** both birth and death rates are high	Slow growth
8	**(b)** start moving towards an older age structure	Window is limited
9	**(c)** 300 persons per sq km	6,000 ÷ 20 = 300
10	**(c)** square kilometre	Total population ÷ area
11	**(d)** 40	Chapter figure
12	**(b)** 68 per cent	Up from 55 per cent now

SECTION — B (Very Short Answer) — Answers — 5 × 2 = 10

Q.	Expected Answer / Value Points	Marks
13	Use: preserves shape and direction, helpful in navigation (1). Limitation: distorts size near the poles, e.g. Greenland looks as big as Africa (1).	1+1
14	They absorb heat and release it slowly (1). They add moisture to the air, forming clouds and rainfall (1).	1+1
15	Official count of people in a country (1). Done generally every 10 years, collecting data on age, sex, education and so on (1).	1+1
16	Study of human population (1). Its size, structure and how it changes over time (1).	1+1
17	Rural areas have mostly agriculture-based occupations (1). Urban areas have varied jobs in industry, trade and services (1).	1+1

SECTION — C (Short Answer) — Answers — 6 × 3 = 18

Q.	Expected Answer / Value Points	Marks
18	Near-freezing temperature, great pressure, complete darkness (1). No photosynthesis possible (1). Life uses energy from chemicals in the water (1).	1+1+1
19	Birth rate and fertility rate (1). Death rate (1). Migration (1).	1+1+1
20	Bihar: 3.0 and 55% (1). Delhi: 1.6 and 83.7% (1). Higher literacy goes with lower fertility (1).	1+1+1
21	Mumbai on the Arabian Sea became a port (1). Kolkata near the eastern coast became a trade port (1). Jamshedpur grew near iron ore (1).	1+1+1
22	They specialise in particular industries (1). Moradabad—brass; Tirupur—textiles (1). Channapatna—toys, Kanchipuram—silk (1).	1+1+1
	OR: People from many regions share food, language and festivals (1). Vaḍā pāv in Mumbai (1). Kolkata's Durga Puja, UNESCO listed in 2021 (1).	1+1+1
23	Cover 71% of the surface and hold 97% of the water (1). Plankton give almost half our oxygen (1). They regulate the climate and support life (1).	1+1+1
	OR: North of the Himalayas (1). Formed by collision of Indo-Australian and Eurasian plates (1). About 2,500 km by 1,000 km with average height over 4,500 m (1).	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks

24	Pacific largest and deepest (1). Atlantic busy trade routes and fishing (1). Indian warm waters and biodiversity (1). Arctic smallest with sea ice (1). Southern around Antarctica (1).	1+1+1+1+1
	OR: Sea, Arabian Sea (1). Gulf, Persian Gulf (1). Bay, Bay of Bengal; Strait of Malacca (1). Canal, Suez, 1869 (1). Role in trade and ports (1).	1+1+1+1+1
25	Girls' education (1). Women's work (1). Urbanisation (1). Campaigns like Hum do humare do (1). Example of Bihar and Delhi, or China (1).	1+1+1+1+1
	OR: World 2.5 billion to 8.2 billion (1). Projection of 9.7 and 10.3 billion (1). India 361 million to 1,460 million (1). Reasons for growth (1). Countries with shrinking population (1).	1+1+1+1+1

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
