THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

CLASS 8 — SOCIAL SCIENCE UNIT TEST SET C

Chapters 1 & 7: **Natural Resources and Their Use, Factors of Production** | RBSE Pattern | Session 2026–27

Time: 2 Hours Name: _____ Roll No.: _____ **Maximum Marks: 50**

General Instructions:

1. All questions are compulsory.
2. Q. 1–12 are Objective Type (1 mark each).
3. Q. 13–17 are Very Short Answer Type (2 marks each).
4. Q. 18–23 are Short Answer Type (3 marks each).
5. Q. 24–25 are Long Answer Type (5 marks each).
6. Internal choice is given in Q. 22 to 25.
7. Write the question number before each answer.
8. Draw neat maps and diagrams wherever required.

SECTION — A (Objective Type Questions) 12 × 1 = 12

Choose the correct option and write it in your answer book.

1. Regeneration refers to Nature's ability to: 1

(a) stop growth
(b) create new life and conditions for thriving
(c) extract minerals
(d) only restore the old

2. **Assertion (A):** Sikkim's switch to organic farming improved its farmers' incomes. 1
Reason (R): Premium prices were obtained for cardamom, ginger and traditional vegetables.

(a) Both A and R are true and R is the correct explanation of A
(b) Both A and R are true but R is not the correct explanation of A
(c) A is true but R is false
(d) A is false but R is true

3. The natural resource curse (paradox of plenty) means that resource-rich regions may: 1

(a) stop all trade **(b)** always grow faster
(c) have no people **(d)** grow more slowly

4. Trees become a resource when: 1

(a) they stand in a forest **(b)** they are ignored
(c) they are counted **(d)** their wood is used to make furniture

5. Pema's farm in Sikkim recovered by using: 1

(a) compost, neem and garlic repellents and multiple crops
(b) more chemical fertilisers
(c) monoculture
(d) extra bore wells

6. The Kaveri river is shared by: 1

(a) Karnataka, Tamil Nadu, Kerala and Puducherry
(b) Gujarat and Rajasthan
(c) Odisha and Bihar
(d) Punjab and Haryana

7. Labour refers to: 1

(a) only physical work
(b) physical and mental effort used in production
(c) money invested
(d) machines

8. **Assertion (A):** India's young population can drive growth. 1
Reason (R): A demographic dividend requires quality education, health and skilling.

(a) Both A and R are true and R is the correct explanation of A
(b) Both A and R are true but R is not the correct explanation of A
(c) A is true but R is false
(d) A is false but R is true

9. A disruption such as COVID-19 can: 1

(a) improve all production
(b) create land
(c) remove factors
(d) halt production by breaking supply chains

10. Healthcare supports human capital by: 1

(a) improving fitness and reducing absenteeism
(b) increasing pollution
(c) cutting wages
(d) reducing education

11. A supply chain is: 1

(a) a network of people, organisations and activities in production and sale
(b) a bank scheme
(c) a metal chain
(d) a chain of shops only

12. Payment for the use of land is called: 1

(a) profit **(b)** interest **(c)** wages **(d)** rent

SECTION — B (Very Short Answer Type) — 5 × 2 = 10

Answer in about 10–15 words each.

13. When does nature become a resource? Give one example. 2

14. Differentiate restoration from regeneration. 2

15. Who is an entrepreneur? 2

16. What is a startup? 2

17. What does land include as a factor of production? 2

SECTION — C (Short Answer Type) — 6 × 3 = 18

Answer in about 30–40 words each.

18. Describe the natural resource curse and how India avoided it. 3

19. Classify natural resources by use with one example each. 3

20. Explain land, labour, capital and entrepreneurship with the example of a restaurant. 3

21. Explain how factors of production are connected using mobile phone manufacture. 3

22. Explain how education and healthcare build human capital. 3

OR

Explain the role of an entrepreneur in production. 3

23. Explain Case 1: groundwater over-exploitation in Punjab. 3

OR

Explain the condition for a renewable resource to remain renewable. 3

SECTION — D (Long Answer Type) — 1 × 5 = 5

Answer in about 80–100 words each.

24. Write about India's demographic dividend and what is needed to benefit from it. 5

OR

Compare labour-intensive and capital-intensive production and explain how technology shifts the balance. 5

END OF QUESTION PAPER — Total: 50 Marks
