Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET A

Chapter 1: **The Problem of Choice** | Class 9 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** 30 quintals of wheat	next best alternative given up
2	**(a)** the benefit of hiring workers	alternative use of money
3	**(d)** 20 rice	difference in the good given up
4	**(c)** resources are limited in relation to wants	basic economic problem
5	**(b)** distribution of goods among people	who will use the goods
6	**(a)** not attainable with the present resources	beyond capacity
7	**(a)** 1991	economic reforms
8	**(c)** reports how the Indian economy is performing	data and analysis
9	**(b)** make choices	allocation
10	**(a)** Both A and R are true and R is the correct explanation of A	mixed economies

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Resources are limited in relation to the wants of people; this forces choices (2).	2
12	Needs are essentials such as food; wants are things we desire such as a holiday or gadgets (1+1).	1+1
13	The value of the next best alternative given up (1); spending ₹100 on a notebook means giving up a story book (1).	1+1
14	Oikonomia means household management; it deals with the management of limited resources (2).	2

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Scarcity is a permanent limit on resources compared to wants (1.5); shortage is a temporary lack of supply, such as sugar after a poor harvest (1.5).	1½+1½
16	Wants keep changing with income, tastes and technology (1.5); production must keep changing and economies must choose what to produce (1.5).	1½+1½
17	To increase barley from 0 to 30, he gives up 30 wheat (1.5); the PPC shows this trade-off (1.5).	1½+1½
	OR: Whichever is chosen, the other is given up (1.5); the value of the story book is the opportunity cost of buying the notebook (1.5).	1½+1½
18	Choosing between water-intensive sugarcane and drought-resistant millets (1.5); each has benefits and an opportunity cost (1.5).	1½+1½
	OR: Techniques may use more labour (handlooms) or more machinery (steel) (1.5); the choice depends on cost and availability of labour (1.5).	1½+1½

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	(i) Limited resources relative to unlimited wants (1). (ii) Resources have alternative uses so some uses must be given up (2). (iii) Notebook vs story book; wheat vs barley on a farm (2).	1+2+2
	OR: (i) The PPC (1). (ii) 30 wheat for 30 barley (1). (iii) 30 wheat for 25 barley, i.e. 1.2 wheat per barley (2). (iv) Unused or wasted resources (1).	1+1+2+1
20	(i) What, how, for whom (1). (ii) What: sugarcane or millets; how: handloom or power loom; for whom: shoes for office-goers (3). (iii) Scarce resources with alternative uses (1).	1+3+1
	OR: (i) What to produce (1). (ii) The benefit of growing millets, water saved and soil health (1). (iii) Millets (1). (iv) By giving support price, irrigation and market access (2).	1+1+1+2

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME — SET B

Chapter 1: **The Problem of Choice** | Class 9 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(c)** the story book	forgone alternative
2	**(d)** repairing the roof	next best use
3	**(b)** 30 laptops	difference in the good given up
4	**(c)** food and water	essentials for survival
5	**(a)** how to produce	technique of production
6	**(d)** the government or central authority	central planning
7	**(d)** United States of America	private ownership
8	**(a)** data and analysis	surveys and reports
9	**(b)** income, tastes and needs of people	purchasing power
10	**(d)** A is false but R is true	inside = under-utilisation

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	What to produce, how to produce and for whom to produce (2).	2
12	The different combinations of two goods that can be produced with given resources and the trade-off between them (2).	2
13	Resources are not fully or efficiently used (2).	2
14	Resources are limited with alternative uses, so choices have to be made (2).	2

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Goods must reach people according to income, tastes and needs (1.5); e.g. leather shoes target office-goers (1.5).	1½+1½
16	Because resources are limited and have alternative uses (1.5); allocation must be decided in any system (1.5).	1½+1½
17	Decision maker: government vs market; ownership: public vs private; efficiency/incentives: low incentives vs high (1+1+1).	1+1+1
	OR: Ensures law and order, safety and public goods and infrastructure (1.5); it does not control prices and production in a pure market (1.5).	1½+1½
18	It uses the efficiency of markets (1.5) along with government intervention for welfare and infrastructure (1.5).	1½+1½
	OR: After independence India used planning and the public sector (1.5); in 1991 reforms opened trade and investment and increased competition (1.5).	1½+1½

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	(i) Private ownership, prices by demand and supply; competition and innovation, but inequality and neglect of public goods (2.5). (ii) Government decisions; equality and planning but no incentive and delay (2.5).	2½+2½
	OR: (i) Mix of market and planned features (1). (ii) Benefits of both systems (2). (iii) Planning and public sector after 1947; 1991 reforms opening to markets (2).	1+2+2
20	(i) How much to produce or supply and for whom (1). (ii) Production, arrival in markets and price data (1). (iii) Importing, releasing stock or price monitoring (1). (iv) Substitute vegetables and reduce quantity (2).	1+1+1+2
	OR: (i) Evidence-based decisions (2). (ii) Surveys and government reports (1). (iii) Shows how the economy is performing and guides the Budget (2).	2+1+2

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
