THE MASTERMIND COACHING CLASSES

CBSE / RBSE · Nursery – Class XII · Road No. 5, VKIA, Jaipur · 9887258679

CLASS IX — SOCIAL SCIENCE · MID-TERM / FULL SYLLABUS PRACTICE PAPER

Session 2026-27 · CBSE / RBSE Pattern · Set 03

Class: 9	Subject: Social Science	Set 03	Time: 3 Hours	Max. Marks: 80

General Instructions:

1. This question paper contains 37 questions. All questions are compulsory.
2. The paper is divided into SIX sections — A, B, C, D, E and F.
3. Section A — Q.1–20 are multiple-choice questions of 1 mark each.
4. Section B — Q.21–24 are Very Short Answer (VSA) questions of 2 marks each (about 40 words); there is internal choice in 1 question.
5. Section C — Q.25–29 are Short Answer (SA) questions of 3 marks each (about 60 words); there is internal choice in 1 question.
6. Section D — Q.30–33 are Long Answer (LA) questions of 5 marks each (about 120 words); internal choice is given in all four questions.
7. Section E — Q.34–36 are case/source-based questions of 4 marks each with sub-parts of 1, 1 and 2 marks.
8. Section F — Q.37 is a map-skill question of 5 marks.
9. A separate set of questions in lieu of the map question is given for visually impaired candidates only.
10. Write the question number before each answer.

SECTION A — Multiple Choice Questions — 20 questions · 20 marks

Select the most appropriate option. (20 × 1 = 20)

1. The three main types of rocks are: **1**

(a) igneous, sedimentary and metamorphic (b) granite, basalt and marble
(c) crust, mantle and core (d) alluvial, black and red

2. Which of the following is an example of a metamorphic rock? **1**

(a) Granite (b) Marble (c) Sandstone (d) Basalt

3. The layer of the Earth between the crust and the core is the: **1**

(a) atmosphere (b) hydrosphere (c) biosphere (d) mantle

4. **Assertion (A):** The temperature of the Earth's surface decreases from the equator towards the poles. **1**
Reason (R): The Sun's rays fall more obliquely at higher latitudes.

(a) Both A and R are true, and R is the correct explanation of A.
(b) Both A and R are true, but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

5. Land breeze blows: **1**

(a) from land to sea at night (b) from sea to land at night
(c) from land to sea in the daytime (d) only in winter

6. The air pressure on a mountaintop is lower than at sea level because: **1**

(a) the air is hotter (b) the winds are stronger
(c) the air above is thinner (d) the sun is nearer

7. Read the statements and choose the correct option. **1**
Statement 1: The Indian monsoon is the seasonal reversal of winds.
Statement 2: The south-west monsoon brings most of India's annual rainfall.

(a) Both statements are correct
(b) Statement 1 is correct, Statement 2 is incorrect
(c) Statement 1 is incorrect, Statement 2 is correct
(d) Both statements are incorrect

8. In economics, a ‘want’ differs from a ‘need’ because wants: **1**

(a) are essential for survival
(b) can always be fulfilled
(c) are unlimited and not essential for survival
(d) are fixed by the government

9. Which of the following questions does a central problem of an economy NOT include? **1**

(a) Who will rule? (b) What to produce?
(c) How to produce? (d) For whom to produce?

10. In a planned economy, the main economic decisions are taken by: **1**

(a) consumers (b) private firms
(c) foreign companies (d) the government/central authority

11. When the price of a good falls, the quantity demanded generally: **1**

(a) falls (b) rises (c) stays constant (d) becomes zero

12. **Assertion (A):** The demand curve generally slopes downwards. **1**
Reason (R): Consumers buy more of a good when its price falls, other things remaining the same.

(a) Both A and R are true, and R is the correct explanation of A.
(b) Both A and R are true, but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

13. An outward shift of the demand curve can be caused by: **1**

(a) a fall in the price of the good (b) an increase in the income of consumers
(c) a fall in the cost of production (d) a rise in the supply of the good

14. Which Harappan site in Rajasthan shows evidence of ploughed fields and fire altars? **1**

(a) Lothal (b) Dholavira (c) Kalibangan (d) Harappa

15. The script of the Harappan civilisation: **1**

(a) has not yet been deciphered (b) is Brahmi
(c) is cuneiform (d) is Devanagari

16. Match Column I with Column II and choose the correct option. **1**

Column I	Column II
(a) Chola	1. Madurai
(b) Pandya	2. Vanji / Muziris region (Kerala)
(c) Chera	3. Uraiyur / Kaveri delta

(a) a-3, b-1, c-2 (b) a-1, b-2, c-3 (c) a-2, b-3, c-1 (d) a-3, b-2, c-1

17. Which Mahajanapada was a republic (gana-sangha)? **1**

(a) Magadha (b) Kosala (c) Avanti (d) Vajji

18. A state with an elected president and a fixed term and no monarch is a: **1**

(a) monarchy (b) dictatorship (c) theocracy (d) republic

19. Which Article of the Constitution provides for the Election Commission? **1**

(a) Article 14 (b) Article 324 (c) Article 21 (d) Article 370

20. In the First-Past-the-Post system the winner is the candidate who: **1**

(a) gets more than 50% votes
(b) is nominated by the Governor
(c) gets the highest number of votes in the constituency
(d) has the most property

SECTION B — Very Short Answer Type — 4 questions · 8 marks

Each question carries 2 marks. Answer in about 40 words. (4 × 2 = 8)

21. What is meant by weather and climate? Write one difference. **2**

22. What is a ‘want’? How is it different from a ‘need’? Give an example. **2**

23. Name any two sources from which we learn about the Harappan civilisation. **2**

OR

Mention any two causes of the decline of the Harappan civilisation.

24. Write any two functions of political parties. **2**

SECTION C — Short Answer Type — 5 questions · 15 marks

Each question carries 3 marks. Answer in about 60 words. (5 × 3 = 15)

25. Explain the heat budget of the Earth in brief. **3**

26. Describe the formation of a delta. **3**

27. Why is the market demand curve flatter than the individual demand curve? **3**

28. Describe the rule of Ashoka and the idea of dhamma. **3**

OR

Describe the achievements of Samudragupta.

29. Explain the importance of the voter list (electoral roll) and the voter ID card (EPIC). **3**

SECTION D — Long Answer Type — 4 questions · 20 marks

Each question carries 5 marks. Answer in about 120 words. (4 × 5 = 20)

30. Describe the structure of the atmosphere with a labelled diagram. **5**

OR

Explain the factors that affect the climate of a place.

31. Explain the working of the market economy and the planned economy, and the merits and demerits of each. **5**

OR

Describe the economic reforms of 1991 in India and their significance.

32. Describe the political, social and religious life of the Vedic people. **5**

OR

What were the Mahajanapadas? Why did Magadha become the most powerful?

33. Explain the features of a representative democracy. How is it different from direct democracy? **5**

OR

Describe the Right against Exploitation and Right to Freedom of Religion.

SECTION E — Source-based / Case-based Questions — 3 questions · 12 marks

Each question carries 4 marks (1 + 1 + 2). (3 × 4 = 12)

34.

> *Read the passage carefully and answer the questions that follow.*
> “A river begins as a small stream high in the mountains. In its upper course the steep slope gives it great speed, and it cuts deep V-shaped valleys and forms waterfalls. In the middle course it flows more slowly and begins to swing from side to side in large bends known as meanders. Sometimes a meander gets cut off from the main channel and forms a lake. Near its mouth the river deposits its load and builds a delta.”

(i) In which course of a river are V-shaped valleys formed? 1

(ii) What is a meander? 1

(iii) How is an ox-bow lake formed? 2

35. *Read the passage carefully and answer the questions that follow.*

"The law of demand states that, other things remaining the same, when the price of a good rises, the quantity demanded falls, and when the price falls, the quantity demanded rises. Srivalli buys 1 kg of mangoes at ₹150 per kg, but when the price drops to ₹50 per kg she buys 3 kg. If we plot such pairs of price and quantity on a graph and join them, we get the individual demand curve, which slopes downwards."

(i) State the law of demand. 1

(ii) How much does Srivalli buy at ₹50 per kg? 1

(iii) Why does the demand curve slope downward? Give two reasons. 2

36. *Read the passage carefully and answer the questions that follow.*

"India is the world's largest democracy. Every citizen aged 18 years and above has the right to vote, irrespective of caste, religion, gender, education or income. This principle is called universal adult franchise. Elections are conducted by the Election Commission of India, an independent constitutional body. To ensure free and fair elections, the Commission enforces the Model Code of Conduct once elections are announced."

(i) What is the minimum voting age in India? 1

(ii) Which body conducts elections in India? 1

(iii) Why is the Model Code of Conduct important? 2

SECTION F — Map-based Question — 1 questions · 5 marks

(1 × 5 = 5)

37. On the outline map of India provided, locate and label any **five** of the following (use the given letter/number for each): *Attempt any five. Each item carries 1 mark.* **5**

A. Sanganakallu (Neolithic site)
B. Bhimbetka (rock paintings)
C. Pataliputra (Patna)
D. Madurai (Pandya kingdom)
E. Dhauli (Ashokan rock edict)
F. Kolkata

Note — in lieu of Q.37, for visually impaired candidates only (answer any five):

1. Name the State/UT in which Sanganakallu is located.
2. Name the State/UT in which Bhimbetka is located.
3. Name the State/UT in which Pataliputra is located.
4. Name the State/UT in which Madurai is located.
5. Name the State/UT in which Dhauli is located.
6. Name the State/UT in which Kolkata is located.
