THE MASTERMIND COACHING CLASSES

CBSE / RBSE · Nursery – Class XII · Road No. 5, VKIA, Jaipur · 9887258679

CLASS IX — SOCIAL SCIENCE · MID-TERM / FULL SYLLABUS PRACTICE PAPER

Session 2026-27 · CBSE / RBSE Pattern · Set 04

Class: 9	Subject: Social Science	Set 04	Time: 3 Hours	Max. Marks: 80

General Instructions:

1. This question paper contains 37 questions. All questions are compulsory.
2. The paper is divided into SIX sections — A, B, C, D, E and F.
3. Section A — Q.1–20 are multiple-choice questions of 1 mark each.
4. Section B — Q.21–24 are Very Short Answer (VSA) questions of 2 marks each (about 40 words); there is internal choice in 1 question.
5. Section C — Q.25–29 are Short Answer (SA) questions of 3 marks each (about 60 words); there is internal choice in 1 question.
6. Section D — Q.30–33 are Long Answer (LA) questions of 5 marks each (about 120 words); internal choice is given in all four questions.
7. Section E — Q.34–36 are case/source-based questions of 4 marks each with sub-parts of 1, 1 and 2 marks.
8. Section F — Q.37 is a map-skill question of 5 marks.
9. A separate set of questions in lieu of the map question is given for visually impaired candidates only.
10. Write the question number before each answer.

SECTION A — Multiple Choice Questions — 20 questions · 20 marks

Select the most appropriate option. (20 × 1 = 20)

1. The famous Hindu Kush–Himalayan fold mountains were formed by the collision of the: **1**

(a) Indian plate and the Eurasian plate (b) African and Pacific plates
(c) Arabian and Antarctic plates (d) Pacific and Nazca plates

2. A U-shaped valley is the work of: **1**

(a) rivers (b) glaciers (c) wind (d) sea waves

3. Sea arches and sea stacks are landforms created by: **1**

(a) rivers (b) glaciers
(c) winds in deserts (d) sea waves

4. Read the statements and choose the correct option. **1**

Statement 1: Rocks in the lithosphere are broken down by weathering.
Statement 2: Weathering needs the movement of the broken material by water or wind.

(a) Both statements are correct
(b) Statement 1 is correct, Statement 2 is incorrect
(c) Statement 1 is incorrect, Statement 2 is correct
(d) Both statements are incorrect

5. **Assertion (A):** Places near the equator receive more insolation than the poles. **1**
Reason (R): The Sun's rays fall nearly vertically at the equator.

(a) Both A and R are true, and R is the correct explanation of A.
(b) Both A and R are true, but R is not the correct explanation of A.
(c) A is true but R is false.
(d) A is false but R is true.

6. Which gas in the atmosphere is essential for respiration of living beings? **1**

(a) Oxygen (b) Nitrogen (c) Argon (d) Neon

7. The rotation of the Earth deflects winds to the right in the Northern Hemisphere. This is known as the: **1**

(a) Doppler effect (b) Greenhouse effect
(c) Coriolis effect (d) Tyndall effect

8. Who among the following studies the choices people make in using limited resources? **1**

(a) A geologist (b) An astronomer (c) An economist (d) A botanist

9. The PPC is bowed outward (concave to the origin) because: **1**

(a) resources are not equally good at producing both goods

(b) prices are constant

(c) demand is falling

(d) the government taxes goods

10. In a market economy, what to produce is decided mainly by: **1**

(a) a five-year plan (b) the Supreme Court

(c) foreign banks (d) consumer demand and profit

11. An example of a market where a single seller controls the supply is a: **1**

(a) perfect competition (b) monopoly

(c) barter system (d) cooperative

12. The government's decision to fix the maximum retail price of an essential medicine is an example of a price: **1**

(a) floor (b) ceiling (c) equilibrium (d) subsidy

13. **Assertion (A):** An increase in the number of sellers shifts the market supply curve to the right. **1**
Reason (R): More sellers mean a larger quantity supplied at each price.

(a) Both A and R are true, and R is the correct explanation of A.

(b) Both A and R are true, but R is not the correct explanation of A.

(c) A is true but R is false.

(d) A is false but R is true.

14. The earliest known Neolithic site in the Indian subcontinent, on the Bolan river, is: **1**

(a) Burzahom (b) Chirand (c) Mehrgarh (d) Sanganakallu

15. Which of the following was a Mahajanapada with its capital at Kaushambi? **1**

(a) Vatsa (b) Kosala (c) Avanti (d) Anga

16. The Chola kingdom was centred on the delta of the river: **1**

(a) Godavari (b) Krishna (c) Narmada (d) Kaveri

17. Xuanzang, the Chinese pilgrim, visited India during the reign of: **1**

(a) Ashoka (b) Samudragupta (c) Kanishka (d) Harshavardhana

18. Match Column I with Column II and choose the correct option. **1**

Column I	Column II
(a) Pulakeshin II	1. Kannauj
(b) Harshavardhana	2. Pataliputra
(c) Chandragupta Maurya	3. Aihole inscription

(a) a-3, b-1, c-2 (b) a-1, b-2, c-3 (c) a-2, b-3, c-1 (d) a-3, b-2, c-1

19. Which one of the following is NOT a feature of a democratic government? **1**

(a) Free and fair elections (b) Rulers cannot be changed by the people

(c) Rule of law (d) Freedom of expression

20. The voting machine used in Indian elections is called: **1**

(a) ATM (b) RTI (c) EVM (d) NOTA

SECTION B — Very Short Answer Type — 4 questions · 8 marks

Each question carries 2 marks. Answer in about 40 words. (4 × 2 = 8)

21. Define ‘plate tectonics’. Name any two major plates. **2**

22. State the difference between ‘demand’ and ‘quantity demanded’. **2**

23. What is the Right to Education? Which Article ensures it? **2**

24. Why are the Vedas important sources of information on the early Vedic period? **2**

OR

What is the importance of Sangam literature?

SECTION C — Short Answer Type — 5 questions · 15 marks

Each question carries 3 marks. Answer in about 60 words. (5 × 3 = 15)

25. How are mountains important to humans? Give any three points. **3**

26. Describe any three effects of global warming. **3**

OR

Suggest three ways to reduce climate change.

27. How do changes in income and price of related goods affect demand? Explain with examples. **3**

28. Describe the features of the Gupta age that earned it the name ‘golden age’. **3**

29. Explain how First-Past-the-Post works with an example. **3**

SECTION D — Long Answer Type — 4 questions · 20 marks

Each question carries 5 marks. Answer in about 120 words. (4 × 5 = 20)

30. Describe how wind and sea waves shape landforms with examples. **5**

OR

Explain the layers of the Earth's interior with their features.

31. Why does scarcity force people to make choices? Explain with the help of examples of a household, a firm and a government. **5**

OR

Describe the role of a market economy and the government's role in it, citing the ‘referee’ analogy.

32. Describe the life of early humans from the Palaeolithic to the Neolithic age. **5**

OR

Why is the Neolithic called a ‘revolution’? Mention its major sites in India.

33. Explain the objectives of the Constitution as stated in the Preamble. **5**

OR

What are the three organs of government? Explain their functions.

SECTION E — Source-based / Case-based Questions — 3 questions · 12 marks

Each question carries 4 marks (1 + 1 + 2). (3 × 4 = 12)

34.

> *Read the passage carefully and answer the questions that follow.*
> “The atmosphere is a thick envelope of gases around the Earth held by gravity. About 78 per cent of it is nitrogen and about 21 per cent is oxygen; the remaining 1 per cent includes argon, carbon dioxide, neon and water vapour. Most clouds, rain and storms occur in the lowest layer, the troposphere. Above it lies the stratosphere, which contains the ozone layer that protects living beings from harmful ultraviolet rays.”

(i) Which is the most abundant gas in the atmosphere? 1

(ii) In which layer do clouds and rain occur? 1

(iii) Why is the ozone layer important for life on Earth? 2

35. *Read the passage carefully and answer the questions that follow.*
"The government of a country buys wheat from farmers at a minimum price called the Minimum Support Price (MSP) so that farmers do not have to sell at very low prices when the harvest is large. This wheat is stored in warehouses and later sold at low rates to poor families through ration shops. Both MSP and the ration system are examples of government intervention in the market."

(i) What is MSP? 1

(ii) Name one place where the government sells foodgrains at low rates. 1

(iii) Explain why the government intervenes in the market for foodgrains. 2

36. *Read the passage carefully and answer the questions that follow.*
"The Mauryan emperor Ashoka, after the war in Kalinga around 261 BCE, felt deep remorse at the loss of lives. He gave up conquest and adopted dhamma — a code of conduct based on tolerance, non-violence, respect for elders and kindness to all living beings. He had his messages engraved on rocks and pillars across the empire in Prakrit using the Brahmi script, and he appointed special officials called dhamma mahamattas."

(i) In which war did Ashoka feel remorse? 1

(ii) Name the script of Ashoka's edicts. 1

(iii) Explain any two principles of Ashoka's dhamma. 2

SECTION F — Map-based Question — 1 questions · 5 marks

(1 × 5 = 5)

37. On the outline map of India provided, locate and label any **five** of the following (use the given letter/number for each): *Attempt any five. Each item carries 1 mark.* **5**

A. Bhimbetka (rock shelters)
B. Burzahom (Neolithic site)
C. Ujjain (Avanti Mahajanapada)
D. Kalibangan (Harappan site)
E. Pataliputra (Patna)
F. Kaveri delta (Chola kingdom)

Note — in lieu of Q.37, for visually impaired candidates only (answer any five):

1. Name the State/UT in which Bhimbetka is located.
2. Name the State/UT in which Burzahom is located.
3. Name the State/UT in which Ujjain is located.
4. Name the State/UT in which Kalibangan is located.
5. Name the State/UT in which Pataliputra is located.
6. Name the State/UT in which Kaveri delta is located.
