	OR: NOTICE Mastermind Public School, Jaipur 10 November 2026 **CHANGE IN BUS ROUTE** Bus No. 4 will not go via Station Road from 16 November 2026 because of road work. It will take the Ring Road instead and pick students from Gandhi Chowk at the usual time. Parents are requested to note this change. Transport In-charge	3
2	6, Ratanada Jodhpur 10 November 2026 The Principal Mastermind Public School Jodhpur Subject: Request for extra Mathematics classes Respected Sir/Madam, I am a student of Class 10-B. Many of us find Mathematics difficult because the syllabus is long and class time is short. With the board examination approaching, we need more practice and individual attention. I request you to arrange extra classes in the afternoon for weaker students. We shall be thankful to you for this kind help. Yours obediently, Amit/Amita Class 10-B	5
	OR: 15, Sardarpura Jodhpur 10 November 2026 Dear Neeraj, Last Sunday I went with my family to the Pushkar Fair, and I want to tell you about it. The fair was crowded and colourful. There were camels, horses and cattle in hundreds. I rode a giant wheel and tasted local sweets. Folk dancers entertained the crowd with songs and music. The best part was the sunset over the sand dunes. I bought a few souvenirs. I wish you had been with me. Do come next year. Yours affectionately, Seema/Sameer	5
3	My aim in life is to become a doctor. I have seen how a doctor can save lives and help the poor. I want to serve people living in villages where medical help is hard to get. To achieve this, I study hard, especially science subjects, and I read about the human body. I also help my family when anyone is ill. I know the way is long, but with hard work and honest effort, I hope to realise my dream. *(Content 2 · Organisation 1 · Language 1)*	4
	OR: Plastic has become a threat to the environment. It does not decay and remains in the soil for hundreds of years. Plastic bags choke drains and cause floods. Animals, including cows and fish, swallow plastic and die. Burning it releases poisonous gases. We should avoid single-use plastic, carry cloth bags, recycle bottles and encourage the use of alternatives. Government and citizens must work together to protect the earth. *(Content 2 · Organisation 1 · Language 1)*	4

SECTION — B — Answers — 8 Marks

Q.	Expected Answer / Value Points	Marks
