CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET 03

Writing Skills & Grammar | Class 10 English | Maximum Marks: 20

SECTION — A — Answers — 10 Marks

Q.	Expected Answer / Value Points	Marks
1	7, Shastri Nagar Ajmer 10 November 2026 The Municipal Commissioner Ajmer Municipal Corporation Ajmer Subject: Irregular garbage collection Sir, I wish to bring to your notice that garbage is not collected regularly from Shastri Nagar. For over two weeks heaps of waste have been lying on the roadside, giving off a foul smell and attracting stray animals and flies. This is a serious health risk, especially for children. Several complaints have been made to the local office, but there has been no action. I request you to arrange daily collection and to place more bins in the locality at the earliest. Yours faithfully, Deepak/Divya	5
	OR: 11, Civil Lines Jaipur 8 November 2026 The Principal Excel Academy Jaipur Subject: Enquiry about the career-guidance programme Sir/Madam, I have learnt from your brochure that you conduct a career-guidance programme for Class 10 students. I would be grateful if you could send me details regarding the dates, the number of sessions, the experts who conduct them and the fees. Kindly also let me know whether aptitude tests are included and whether students of other schools may enrol. I should like to join if the timings do not clash with my school hours. Yours faithfully Sonal/Sandeep *(Format 1 · Content 2 · Organisation 1 · Language 1)*	5
2	The table shows the sources of the state's electricity. Coal contributes the largest share, 60 per cent, which makes the state heavily dependent on a polluting fuel. Solar and wind together provide 20 per cent, while hydro-power accounts for 15 per cent and other sources for 5 per cent. Since coal is limited and harms the environment, the state should increase the share of renewable sources. Subsidies for rooftop solar panels, investment in wind farms and public awareness campaigns can help reduce the dependence on coal and ensure a cleaner future. *(Content 2 · Organisation 1 · Analysis/Interpretation 1 · Language 1)*	5
	OR: The table compares average marks according to study habits. Students who study regularly every day score the highest, with an average of 78, while those with no fixed routine score the lowest at 48. Group study yields 70 marks, which is also high, and those who study only before the examination score 55. The figures prove that consistency matters more than last-minute effort. Students should make a timetable, revise daily and study with friends when they find a topic difficult. Teachers can support this by assigning regular homework and holding revision sessions. *(Content 2 · Organisation 1 · Analysis/Interpretation 1 · Language 1)*	5

SECTION — B — Answers — 10 Marks

Q.	Expected Answer / Value Points	Marks
3	will have completed.	1
4	ought to.	1
5	since.	1
6	She asked me where I lived.	1
7	By whom was this novel written?	1
8	He worked hard so that he might pass.	1
