	OR: 15, Vidya Nagar Bikaner 10 November 2026 The Editor The Desert Times Bikaner Subject: Traffic jams near schools Sir/Madam, Through your newspaper I wish to draw attention to the daily traffic jams near the schools of Vidya Nagar. Parents' cars and auto-rickshaws stop in the middle of the road, and children find it difficult to cross. I suggest that the traffic police be posted at peak hours, that no-parking zones be marked and that schools stagger their timings. Parents should use car-pools and drop children at a safe distance from the gate. I hope this will be given prompt attention. Yours faithfully Reena/Ravi *(Format 1 · Content 2 · Organisation 1 · Language 1)*	5
2	The table shows the literacy rates of a district over twenty years. Male literacy rose from 70 per cent in 2001 to 85 per cent in 2021, a gain of 15 points. Female literacy grew faster, from 45 to 72 per cent, a rise of 27 points. Although the gap between the sexes has narrowed from 25 to 13 points, it has not yet closed. The trend shows that campaigns for girls' education have succeeded. Yet further efforts, such as free uniforms and safe transport for girls, are needed to reach full equality. *(Content 2 · Organisation 1 · Analysis/Interpretation 1 · Language 1)*	5
	OR: The table shows how a Class 10 student spends 24 hours. Sleep takes 7 hours and school 6 hours. Study at home takes 3 hours, equal to the time spent on screen entertainment, which suggests that a good deal of time is spent in leisure. Play and other activities take 5 hours. Considering the importance of the board examination, the time given to screens could be reduced by an hour and used for revision or outdoor play. A balanced schedule that includes adequate sleep, study and exercise will help students perform better. *(Content 2 · Organisation 1 · Analysis/Interpretation 1 · Language 1)*	5
