ANSWER KEY & MARKING SCHEME SET A

History Chapter 3: **The Making of a Global World** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** vibrant pre-modern trade and cultural links between distant parts of the world	Chinese silk to the west
2	**(d)** potato	Also maize, chillies, tomatoes
3	**(a)** 10 lakh (1,000,000)	Double the number emigrated
4	**(d)** Corn Laws	Abolished under pressure of industrialists
5	**(a)** Both A and R are true and R is the correct explanation of A	Control over cattle resources
6	**(d)** Hosay	For Imam Hussain
7	**(b)** 1921	Seen as abusive
8	**(a)** Henry Ford	T-Model car
9	**(b)** July 1944	New Hampshire, USA
10	**(d)** G-77	1960s

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	A bonded labourer under contract to work for an employer for a specific amount of time, to pay off his passage to a new country or home.	2
12	Laws allowing the British government to restrict the import of corn; abolished because industrialists and urban dwellers, unhappy with high food prices, forced their abolition.	1+1
13	Groups of Indian bankers and traders who financed export agriculture in Central and Southeast Asia, using their own funds or those borrowed from European banks.	2
14	Tax imposed on a country's imports from the rest of the world; levied at the point of entry.	2

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	(i) Trade — flow of goods like cloth or wheat (ii) Labour — migration of people in search of employment (iii) Capital — movement of capital for short-term or long-term investments over long distances.	1+1+1
16	(i) Foods like potatoes, maize, tomatoes, chillies came from America and changed diets — poor Europeans began eating better and living longer (ii) Precious metals, especially silver from Peru and Mexico, enhanced Europe's wealth and financed its trade with Asia (iii) Germs like smallpox killed native Americans and helped conquest.	1½+1½
17	It arrived in the late 1880s with infected cattle from British Asia; spread like forest fire, reaching Africa's Atlantic coast in 1892 and the Cape five years later; killed 90 per cent of cattle; destroyed African livelihoods; colonial powers monopolised scarce cattle resources and forced Africans into the labour market.	3
	OR: Railways, steamships and telegraph transformed the world; railways linked ports to hinterlands; refrigerated ships allowed meat to be transported from America, Australia and New Zealand to Europe — reduced shipping costs and lowered meat prices in Europe.	3
18	Recruited by agents from eastern UP, Bihar, central India, Tamil Nadu; went to Caribbean, Mauritius, Fiji, Sri Lanka, Malaya; living and working conditions harsh, few legal rights; developed new forms of culture — Hosay in Trinidad, Rastafarianism, chutney music.	3
	OR: Cheaper food imports came into Britain; British agriculture could not compete; vast land left uncultivated; people flocked to cities or migrated overseas; food prices fell, consumption rose; industrial growth increased demand for agricultural products.	3

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks

19	Causes: agricultural overproduction — falling prices; US loans withdrawn from Europe; US banks collapsed; protective tariffs. Impact on India: exports and imports nearly halved (1928–1934); wheat prices fell 50 per cent; peasants' revenue unchanged — indebtedness; jute producers of Bengal ruined; India became exporter of gold; urban salaried people benefited from falling prices.	2+3
	OR: Lessons of inter-war years — mass production needs mass consumption; economic links with the world needed; July 1944 conference at Bretton Woods, New Hampshire; IMF to deal with external surpluses and deficits; IBRD (World Bank) to finance post-war reconstruction; fixed exchange rates — national currencies pegged to the dollar at a fixed rate, dollar to gold at 35 dollars per ounce; Western industrial powers controlled decisions (US veto); era of unprecedented growth.	5
20	Recruitment by agents with false information; some forcibly abducted; long and hard journey; on arrival — conditions different from what was promised; harsh living and working conditions; few legal rights; many escaped to the wilds; workers developed new forms of individual and collective self-expression; abolished in 1921.	5
	OR: Fought between Allies (Britain, France, Russia, later US) and Central Powers (Germany, Austria-Hungary, Ottoman Turkey); first modern industrial war — machine guns, tanks, aircraft, chemical weapons; 9 million dead, 20 million injured; men reduced in workforce; industries restructured for war; Britain borrowed from US banks — US became international creditor; post-war Britain faced debt, unemployment; wheat prices fell.	5

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET B

History Chapter 3: **The Making of a Global World** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** chillies	Came from America
2	**(b)** smallpox	Spanish conquerors' most powerful weapon
3	**(b)** 25 to 40 times	Nineteenth-century growth
4	**(b)** eastern Uttar Pradesh, Bihar, central India and dry districts of Tamil Nadu	Decline of cottage industries
5	**(a)** Both A and R are true and R is the correct explanation of A	Debt
6	**(c)** Agricultural overproduction and withdrawal of US loans	1929
7	**(c)** the dollar at a fixed exchange rate	Dollar to gold at 35 dollars per ounce
8	**(d)** India	Scramble for Africa
9	**(a)** Trinidad	Muharram procession
10	**(a)** 1950s and 1960s	Post-war

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	The fabled city of gold that Europeans searched for in South America.	2
12	Living and working conditions were harsh and very different from what they had been promised; they had few legal rights.	2
13	The first mass-produced car of the world, produced on the assembly line; the price of cars came down.	2
14	(i) An industrial society based on mass production cannot be sustained without mass consumption (ii) A country's economic links with the outside world must be maintained.	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Poverty and hunger were common in Europe until the nineteenth century; cities were crowded and deadly diseases widespread; religious conflicts and persecution of dissenters; America offered plantations and new opportunities.	3
16	Exports and imports nearly halved between 1928 and 1934; agricultural prices fell sharply — wheat by 50 per cent; colonial government refused to reduce revenue; peasants fell into debt, sold jewellery and precious metals; India became an exporter of gold.	3
17	Shikaripuri shroffs and Nattukottai Chettiars financed export agriculture in Central and Southeast Asia; Hyderabadi Sindhi traders established emporia at busy ports; they followed European colonisers into Africa and developed sophisticated systems of transfer of money.	3
	OR: They were new forms of cultural fusion; Rastafarianism (made famous by Bob Marley) reflected social and cultural links with Indian migrants in the Caribbean; chutney music, popular in Trinidad and Guyana, was a creative contemporary expression of the post-indenture experience.	3
18	Europeans were attracted by vast land and mineral resources; Africa had few people and little need for wage work; Europeans used heavy taxes, changed inheritance laws, and confined mineworkers to compounds to force Africans into wage labour; rinderpest destroyed cattle.	3
	OR: IMF and World Bank (IBRD); started financial operations in 1947; decisions controlled by Western industrial powers; US had effective right of veto over key IMF and World Bank decisions.	1+2

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks

19	Tariffs on Indian cloth in Britain; share of cotton textiles in India's exports fell from about 30 per cent (1800) to 15 per cent (1815) and below 3 per cent by the 1870s; raw cotton exports rose while British manufactures flooded Indian markets; indigo exported; opium exported to China; Britain had a trade surplus with India; 'home charges' — remittances by British officials, interest on India's external debt; India helped Britain balance its deficits with other countries.	5
	OR: Most colonies became independent after WWII; poverty and lack of resources; IMF and World Bank shifted attention to developing countries in late 1950s; newly independent nations found that the system favoured Western powers; G-77 demanded NIEO — real control over natural resources, more development assistance, fairer prices for raw materials, better access to markets in developed countries.	5
20	Dollar no longer commanded confidence (1960s) — fixed rates collapsed; floating exchange rates; developing countries borrowed from Western commercial banks — debt crises; MNCs shifted production to low-wage Asian countries; China opened up after 1949 revolution — low costs; transformation of world economic geography — India, China, Brazil saw rapid growth.	5
	OR: Food came from far away; vast lands in America, Australia cleared; railways and harbours built; migration of 50 million Europeans; in India, the British built canals to turn semi-desert wastes of west Punjab into fertile land — canal colonies settled by peasants from other parts of Punjab to grow wheat and cotton for export.	5
