THE MASTERMIND COACHING CLASSES

CBSE / RBSE • NURSERY – CLASS XII • JAIPUR

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET A

Economics Chapters 1 & 3: **Development, Money and Credit** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(b)** security and respect	Non-material goals
2	**(a)** 62	Table 1.4
3	**(d)** 94	Table 1.4
4	**(d)** Higher support prices	Table 1.1
5	**(d)** 6.9	Table 1.6
6	**(b)** Grains and cattle	Early forms
7	**(a)** cheque	Cheque payment
8	**(c)** Difference between interest on loans and deposits	Banking
9	**(a)** 23 per cent	Graph 1
10	**(a)** 1 per cent	Graph 1

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Per capita income (average income).	2
12	Based on health (life expectancy), education (years of schooling) and per capita income; published by UNDP in the Human Development Report.	1+1
13	Money is safe with banks and earns interest; they can withdraw as and when required.	2
14	Moneylenders 51 per cent, commercial banks 23, cooperatives 10, relatives and friends 7, other formal 5, other informal 3, landlords 1.	2

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Persons have different life situations; their goals conflict (dams vs displacement); what benefits one group may harm another; hence we must ask whether the idea benefits many or a few.	1+1+1
16	Informal credit costly; formal meets half; cheap credit raises incomes; reduces dependence on moneylenders.	1+1+1
17	Hides disparities; does not capture health, education, environment; money cannot buy collective goods or non-material things.	1+1+1
	OR: Collective provision is cheaper and available to all; Kerala's schools and health facilities lower IMR and raise literacy; PDS in Tamil Nadu improves nutrition.	1+1+1
18	Minimum cash balance, loans to small borrowers, periodic information about lending; informal lenders are unsupervised.	1+1+1
	OR: Salim: need for working capital, risk of non-delivery, outcome profit; Swapna: need for cultivation loan, risk of crop failure, outcome debt trap and sale of land.	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Equal treatment, freedom, security, respect; friendships; job security; women's dignity; examples of jobs; conflicts between income and security.	5
	OR: World Bank classification — high, low, low-middle (India); average income useful; hides disparities; ignores health, education; UNDP HDI as alternative.	5
20	Moneylender, trader, bank, landowner, cooperative; interest rates 60% per annum, 3% per month, 8.5% per annum, 5% per month; effect on income; who gets cheap credit.	5
	OR: Double coincidence of wants; grains and cattle, metal coins; modern currency authorised by government; demand deposits and cheques; digital transactions.	5

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

ANSWER KEY & MARKING SCHEME SET B

Economics Chapters 1 & 3: **Development, Money and Credit** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** Pakistan	Rank 168
2	**(d)** 77.5	Table 1.6
3	**(c)** Groundwater	Renewable
4	**(d)** three times	28 vs 6
5	**(a)** Bihar	Table 1.3
6	**(b)** 10 per cent	Graph 1
7	**(b)** Moneylenders	51%
8	**(d)** Reserve Bank of India	RBI
9	**(d)** Rs 25 to Rs 100 or more	SHG
10	**(c)** 9 million	Grameen

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Countries have different populations, so total income does not tell what an average person is likely to earn.	2
12	Resources replenished by nature; e.g. crops, groundwater (if not overused).	1+1
13	Absence of collateral and proper documents; banks not present everywhere (any two).	1+1
14	Lower interest, no collateral required, timely loans, records maintained and no harassment.	2

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	It shows how long the stock lasts at present extraction rates (about 50 years for the world); countries depend on imports or secure oil through power; need for alternatives.	1+1+1
16	54 per cent of poor households' loans are informal; rich households 17 per cent informal and 83 per cent formal.	1+1+1
17	About 300 districts show a decline of over 4 metres in 20 years; one-third of the country overuses groundwater; 60 per cent in the next 25 years if trends continue; problem in Punjab, Western U.P., urban areas.	1+1+1
	OR: It adds health and education to income; focuses on people's well-being; shows that Sri Lanka, Nepal and Bangladesh perform better in some respects despite lower incomes.	1+1+1
18	Group is responsible for repayment; non-repayment is followed up by members; banks lend in the name of the group.	1+1+1
	OR: Rs 5 lakh from a bank at 12 per cent per annum for 10 years in monthly instalments; employment and salary records; house papers as collateral.	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	GNI, life expectancy, schooling, rank; Sri Lanka ahead in all; Nepal and Bangladesh lower GNI but Bangladesh better life expectancy; interpretation.	5
	OR: Renewable vs non-renewable; groundwater overuse data; crude oil reserves; India imports; environmental degradation crosses boundaries; need for balance.	5
20	Deposits, interest, cash reserve, loans, difference in interest; mediation; cheques; supervision by RBI.	5
	OR: Sources, supervision, interest, collateral, access, impact on income and debt trap.	5

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.

Road No. 5, VKIA, Jaipur — 9887258679

ANSWER KEY & MARKING SCHEME SET C

Economics Chapters 1 & 3: **Development, Money and Credit** | Class 10 Social Science | Maximum Marks: 40

SECTION — A (Objective Type) — Answers — 10 × 1 = 10

Q.	Correct Option	Brief Reasoning
1	**(a)** Both A and R are true and R is the correct explanation of A	Import dependence
2	**(c)** A is true but R is false	A true (6 vs 28); R false (Haryana higher)
3	**(b)** agriculturally prosperous regions of Punjab and Western U.P.	Text
4	**(b)** It does not show distribution of income	Averages hide disparities
5	**(c)** UNDP, New York	Source of Table 1.6
6	**(d)** the law legalises it as a medium of payment	Legal tender
7	**(d)** Employers	Textbook exercise
8	**(a)** Both A and R are true and R is the correct explanation of A	Cash provision
9	**(c)** A is true but R is false	A true; R false (moneylenders 51%, banks 23%)
10	**(c)** She borrows from her employer, a landowner, at 5 per cent per month	Sonpur

SECTION — B (Very Short Answer) — Answers — 4 × 2 = 8

Q.	Expected Answer / Value Points	Marks
11	Many countries like India do not have enough stocks of their own and must buy from abroad, which is a burden when prices rise.	2
12	India has a low rank in human development out of 193 countries, even though it is a big country; Sri Lanka at 89 is ahead.	2
13	Money needed for ongoing expenses of production such as raw materials and wages.	2
14	Farmers cooperatives, weavers cooperatives, industrial workers cooperatives (any two).	1+1

SECTION — C (Short Answer) — Answers — 4 × 3 = 12

Q.	Expected Answer / Value Points	Marks
15	Facilities for family, working atmosphere, opportunity to learn, job security, time for family — all affect security and freedom.	1+1+1
16	Trader supplies inputs on credit at 3 per cent a month; makes farmers promise to sell crop to him; buys at low price, sells later at higher price.	1+1+1
17	Paid work raises dignity in the household and society; respect leads to sharing of housework and acceptance of women working; safe environment allows more women to take up jobs.	1+1+1
	OR: Literacy of rural males 76 per cent and females 54 per cent; children 10–14 years 90 and 87 per cent literate; 85 and 82 per cent attend school.	1+1+1
18	Banks are supervised, charge lower interest, keep records, need collateral; moneylenders are unsupervised, charge high interest, harass borrowers.	1+1+1
	OR: Higher income, more crop production, small-scale industries, trade and business, employment.	1+1+1

SECTION — D (Long Answer) — Answers — 2 × 5 = 10

Q.	Expected Answer / Value Points	Marks
19	Pollution-free environment, unadulterated medicines, protection from infectious diseases need collective action; collective provision of security, schools; Kerala example.	5
	OR: Averages hide disparities; Country A vs B; equitable distribution; lottery of citizenship; rising average does not mean all sections benefit.	5
20	Poor depend on informal; collateral issue; SHGs; Grameen; cooperatives; expansion of banks; equal distribution of formal credit.	5

	OR: Salim vs Swapna; risk; support; cultivation costs; terms of credit; debt trap.	5

Evaluator's note: Award step marks as shown; accept any correct alternative method. In internal-choice questions, evaluate only the option attempted. Deduct up to ½ mark for missing units or figures where required.
