ANSWER KEY & MARKING SCHEME — SOCIAL SCIENCE · CLASS 10 · SET 02

Max. Marks: 80 · The Mastermind Coaching Classes, Jaipur · Alternate correct methods to be given full credit

SECTION A — HISTORY — 9 questions · 20 marks

20 marks

1. **Assertion (A):** The Silk Routes linked Asia with Europe and North Africa.
Reason (R): The name 'silk routes' points to the importance of West-bound Chinese silk cargoes along this route.

> **Ans: (a)** Both true; the name itself comes from the silk trade that was carried on the route.

2. Read the statements about the Corn Laws and choose the correct option.
Statement I: The Corn Laws allowed the British government to restrict the import of corn.
Statement II: After the Corn Laws were abolished, food could be imported into Britain more cheaply than it could be produced within the country.

(a) Both statements are correct
(b) Statement I is correct, Statement II is incorrect
(c) Statement I is incorrect, Statement II is correct
(d) Both statements are incorrect

> **Ans: (a)** Both correct.

3. Match Column I with Column II and choose the correct option.

Column I	Column II
1. James Watt	a. Improved the steam engine
2. Richard Arkwright	b. Created the cotton mill
3. James Hargreaves	c. Invented the spinning jenny

(a) 1-a, 2-b, 3-c (b) 1-b, 2-a, 3-c (c) 1-c, 2-b, 3-a (d) 1-a, 2-c, 3-b

> **Ans: (a)** Watt – steam engine; Arkwright – cotton mill; Hargreaves – spinning jenny.

4. Which of the following statements about the history of print is INCORRECT?

(a) Gutenberg developed the first known printing press in Strasbourg in the 1430s.
(b) The first book Gutenberg printed was the Bible.
(c) Marco Polo brought woodblock printing technology from Italy to China in 1295.
(d) The oldest Japanese book, the Buddhist Diamond Sutra, was printed in AD 868.

> **Ans: (c)** Marco Polo brought woodblock printing from China to Italy, not the reverse.

5. State any two effects of the Great Depression on the Indian economy.

> (1) India's exports and imports nearly halved between 1928 and 1934. (1) Prices of agricultural goods fell sharply (wheat prices fell by 50%) while the government refused to reduce revenue demands, so peasants' indebtedness increased. (Also: gold exports; rural impoverishment) – Any two

6. Why did some industrialists in nineteenth-century Britain prefer hand labour over machines? Explain any three reasons.

> (1) There was no shortage of human labour; poor peasants and vagrants moved to cities in large numbers, so wages were low. (1) Machines required large capital investment; in seasonal industries (gas works, breweries, book binding) demand fluctuated so hand labour was cheaper. (1) Some products needed intricate designs and finish, and the upper-class consumers preferred handmade goods as a mark of class and refinement.

7. Explain the role of print in creating the conditions for the French Revolution.

> (1) Print popularised the ideas of Enlightenment thinkers (Voltaire, Rousseau) who attacked the authority of Church and despotic state. (1) It created a new culture of dialogue and debate; people began to question traditions. (1) Cartoons and caricatures suggested that the monarchy was morally corrupt and indifferent to the plight of commoners. (1) Large numbers of cheap tracts and journals circulated. (1) By the 1780s there was a large literature that mocked monarchs and criticised their morality – creating a mood for revolution.

O R

Describe how print culture promoted religious debates and new ideas in Europe during the sixteenth century.

> (1) Martin Luther's Ninety-Five Theses (1517) were printed and widely read, which led to a division in the Church and the beginning of the Protestant Reformation. (1) Printed translations of the New Testament sold in thousands. (1) Print enabled people to read and interpret religious texts themselves – e.g. Menocchio, the miller in Italy, reinterpreted the Bible and was tried and executed. (1) The Church began to impose controls – Index of Prohibited Books from 1558. (1) Print encouraged questioning of faith and reasoning.

8. Read the source given below and answer the questions.

The Bretton Woods conference of July 1944 established the International Monetary Fund (IMF) to deal with external surpluses and deficits of its member nations. The International Bank for Reconstruction and Development (World Bank) was set up to finance post-war reconstruction. The IMF and the World Bank are referred to as the Bretton Woods institutions or sometimes the Bretton Woods twins.

8.1 Where was the conference held that established the IMF and the World Bank?

> Bretton Woods in New Hampshire, USA.

8.2 Name the two institutions referred to as the 'Bretton Woods twins'.

> International Monetary Fund (IMF) and the World Bank (IBRD).

8.3 Explain any two objectives of the IMF.

> (1) To deal with the external surpluses and deficits of member nations / ensure monetary stability. (1) To provide short-term loans to countries facing a balance of payments crisis and to maintain a stable exchange rate system (fixed exchange rates).

9. On the political outline map of India, two places are marked as A and B. Identify these places and write their names.

i. The place (in Gujarat) where Gandhiji organised a Satyagraha in 1917 to support peasants in their struggle against the revenue collection. **(1)**

ii. The place where Gandhiji organised a Satyagraha movement among cotton mill workers in 1918. **(1)**

Note: A separate question is provided for visually impaired candidates: write the name of the State/UT in which each of the above places is located.

Outline map of India (not to scale)

Award 1 mark each: **A** = Kheda (The place (in Gujarat) where Gandhiji organised a Satyagraha in 1917 to support peasants in their struggle against the revenue collection.); **B** = Ahmedabad (The place where Gandhiji organised a Satyagraha movement among cotton mill workers in 1918.)

Outline map of India (not to scale)

SECTION B — GEOGRAPHY — 11 questions · 20 marks

20 marks

10. **Assertion (A):** Jute is called the 'golden fibre'.
Reason (R): Jute grows well on well-drained fertile soils of flood plains where soils are renewed every year.

Ans: (b) Both true; the 'golden' name refers to its colour and value, not to soil conditions – R is not the explanation.

11. Read the statements and choose the correct option.
Statement I: Rabi crops are sown in winter from October to December and harvested in summer from April to June.
Statement II: Wheat, barley, peas, gram and mustard are important rabi crops.
(a) Both statements are correct
(b) Statement I is correct, Statement II is incorrect
(c) Statement I is incorrect, Statement II is correct
(d) Both statements are incorrect

Ans: (a) Both correct.

12. Match Column I with Column II and choose the correct option.

Column I	Column II
1. Bhilai	a. Iron and steel plant
2. Sindri	b. Fertiliser plant
3. Bengaluru	c. Electronics / IT industry

(a) 1-a, 2-b, 3-c (b) 1-b, 2-a, 3-c (c) 1-a, 2-c, 3-b (d) 1-c, 2-b, 3-a

> **Ans: (a)** Bhilai – steel; Sindri – fertilisers; Bengaluru – electronics/IT.

13. Which of the following statements about minerals is INCORRECT?

(a) Mica is widely used in electric and electronic industries because of its insulating properties.

(b) Limestone is found in rocks composed of calcium carbonates.

(c) Manganese is used in the manufacture of steel and ferro-manganese alloys.

(d) Bauxite is the ore from which copper is extracted.

> **Ans: (d)** Bauxite is the ore of aluminium.

14. The Nagercoil to Madurai belt, where wind farm clusters have been established, is located in which state?

(a) Gujarat (b) Rajasthan (c) Tamil Nadu (d) Maharashtra

> **Ans: (c)** Tamil Nadu has the largest wind farm cluster (Nagercoil to Madurai).

15. Which of the following is NOT a reason for the concentration of cotton textile mills in Maharashtra and Gujarat?

(a) Black cotton soil and raw cotton availability

(b) Humid climate

(c) Mumbai port nearby

(d) Abundant iron-ore reserves

> **Ans: (d)** Iron-ore availability is not a reason for the location of cotton mills.

16. The Golden Quadrilateral Super Highways connect which of the following four metropolitan cities?

(a) Delhi–Kolkata–Chennai–Mumbai (b) Delhi–Lucknow–Patna–Kolkata

(c) Mumbai–Pune–Bengaluru–Chennai (d) Delhi–Jaipur–Ahmedabad–Mumbai

> **Ans: (a)** The Golden Quadrilateral connects Delhi–Kolkata–Chennai–Mumbai.

17. Differentiate between kharif and rabi crops on the basis of sowing and harvesting seasons.

> (1) Kharif – sown with the onset of monsoon (June–July) and harvested in September–October (rice, maize, cotton, jute). (1) Rabi – sown in winter (October–December) and harvested in summer (April–June) (wheat, gram, mustard).

OR

Mention any two features of plantation farming in India.

> (1) A single crop is grown over a large area (tea, coffee, rubber, sugarcane, banana). (1) Capital intensive; uses migrant labour; the produce is processed in factories/estates and used as raw material for industry; developed with good transport links. (Any two)

18. Explain any three problems faced by the iron and steel industry in India.

> (1) High cost and limited availability of coking coal. (1) Lower productivity of labour. (1) Irregular supply of energy and poor infrastructure; limited efficiency; (also: low capital investment).

19. Explain the importance of manufacturing industries to the national economy.

(1) Modernise agriculture and create jobs in secondary and tertiary sectors. (1) Reduce unemployment and poverty by providing jobs. (1) Reduce regional disparities by establishing industries in tribal and backward areas. (1) Exports of manufactured goods expand trade and bring foreign exchange. (1) Agro-based industries raise the productivity of agriculture – country's prosperity is linked with the progress of manufacturing.

OR

How do industries pollute the environment? Suggest any two measures to control industrial pollution of water.

(3) Air pollution (gases such as SO2, CO), water pollution (organic and inorganic wastes, chemicals, dyes), thermal pollution (hot water from industries), noise pollution and soil pollution. (2) Measures: treating hot water and effluents before releasing into rivers/ponds; recycling and reuse of water; harvesting rainwater; installing effluent treatment plants. (Any two)

20. On the same outline map of India provided for Question No. 9, locate and label any **three** of the following with appropriate symbols:

i. A tidal port on the Gulf of Kutch developed to ease the volume of trade at Mumbai after Partition.
ii. The premier port of Goa and the leading iron-ore exporting port of India.
iii. The port in Tamil Nadu with a natural harbour and a hinterland of great economic importance.
iv. The deep-sea port in Odisha that specialises in the export of iron ore.

For visually impaired candidates (in lieu of this question; any three): name the State/UT in which each of the above is located.

Award 1 mark for each correctly located and labelled place (any three): **Kandla** (A tidal port on the Gulf of Kutch developed to ease the volume of trade at Mumbai after Partition.); **Marmagao** (The premier port of Goa and the leading iron-ore exporting port of India.); **Tuticorin** (The port in Tamil Nadu with a natural harbour and a hinterland of great economic importance.); **Paradip** (The deep-sea port in Odisha that specialises in the export of iron ore.)

SECTION C — POLITICAL SCIENCE — 10 questions · 20 marks

20 marks

21. **Assertion (A):** Political parties are necessary for a democracy.
Reason (R): Parties reflect fundamental political divisions in society and fill political offices and exercise political power.

Ans: (a) Both true; R explains A.

22. Read the statements and choose the correct option.
Statement I: A party that secures at least six per cent of the total votes in Lok Sabha or Assembly

elections in four states and wins at least four seats in the Lok Sabha is recognised as a national party.
Statement II: A party that secures at least six per cent of the votes in an election to a state Legislative Assembly and wins at least two seats is recognised as a state party.

(a) Both statements are correct

(b) Statement I is correct, Statement II is incorrect

(c) Statement I is incorrect, Statement II is correct

(d) Both statements are incorrect

> **Ans: (a)** Both statements follow the Election Commission's criteria.

23. Which of the following statements about communalism is INCORRECT?

(a) Communalism involves using religion in politics.

(b) A communal mind leads to a quest for political dominance of one's religious community.

(c) A secular state does not have an official state religion.

(d) India has declared Hinduism as its state religion.

> **Ans: (d)** India is a secular state with no state religion.

24. Which of the following is NOT an expected outcome of democracy?

(a) An accountable, responsive and legitimate government

(b) Dignity and freedom of the citizens

(c) Method to resolve conflicts and room to correct mistakes

(d) Guaranteed higher economic growth than in non-democracies

> **Ans: (d)** Democracy does not guarantee higher growth rates.

25. Which of the following is NOT a challenge faced by political parties?

(a) Lack of internal democracy (b) Dynastic succession

(c) Growing role of money and muscle power (d) Reservation of seats in local government

> **Ans: (d)** Reservation in local government is a reform, not a challenge to parties.

26. Which of the following is NOT a feature of federalism?

(a) Judiciary has the power to resolve disputes between levels of government.

(b) Sources of revenue for each level of government are specified.

(c) The Constitution can be changed by the Union government alone.

(d) There are two or more levels of government.

> **Ans: (c)** Fundamental provisions cannot be unilaterally changed by one level.

27. What is meant by the 'sexual division of labour'? Give one example.

> (1) A system in which all work inside the home is either done by women or organised by them, while men do the work outside the home. (1) Example: women do cooking, cleaning, washing, tailoring, looking after children; men do outside work. (any suitable)

28. Explain any three functions performed by political parties in a democracy.

> Any three (1 each): contest elections; put forward policies and programmes; make laws; form and run governments; play the role of opposition; shape public opinion; provide people access to government machinery and welfare schemes.

O R

Describe any three challenges faced by political parties.

> (1) Lack of internal democracy (power concentrated in a few leaders). (1) Dynastic succession. (1) Growing role of money and muscle power; no meaningful choice to voters as parties tend to look similar.

29. 'Caste can take various forms in politics.' Explain with examples both positive and negative aspects of caste in Indian politics.

> (1) Parties choose candidates keeping in view caste composition and seek support of castes. (1) Governments take caste into account; appeals to caste sentiments. (1) Positive: political competition has helped disadvantaged castes gain more voice and access to education and jobs. (1) Negative: politics based only on caste is not healthy; may divert attention from issues like poverty, development. (1) Caste can be a source of tension and violence; elections are not decided on caste alone.

O R

What is communalism? Why is a secular state necessary to deal with it? Explain.

> (1) Communalism – using religion in politics / the belief that people of one religion form one community. (2) Forms: religious prejudices, stereotypes; political dominance of one religious community; use of sacred symbols, religious leaders in politics; communal violence. (2) A secular state does not have an official religion and treats all religions equally; Constitution guarantees freedom of religion and prohibits discrimination on religious grounds.

30. Read the passage and answer the questions that follow.

In a democracy, people have the right to choose their rulers and people have control over the rulers. Whenever possible and necessary, citizens should be able to participate in decision making that affects them all. Therefore, the most basic outcome of democracy should be that it produces a government that is accountable to the citizens and responsive to the needs and expectations of the citizens.

30.1 What should be the most basic outcome of democracy according to the passage?

> It should produce a government that is accountable and responsive to citizens.

30.2 Name the Act under which citizens in India can seek information from government offices.

> Right to Information Act, 2005.

30.3 Explain how transparency in government functioning helps make the government accountable.

> (1) Citizens can examine the process of decision making / get information about decisions, files and expenditure. (1) This reduces corruption and arbitrary decisions and holds the government answerable for its actions.

SECTION D — ECONOMICS — 8 questions · 20 marks

20 marks

31. **Assertion (A):** Money acts as a medium of exchange.
Reason (R): It removes the need for a double coincidence of wants that exists in a barter system.

> **Ans: (a)** Both true; R explains how money functions as a medium of exchange.

32. Read the statements and choose the correct option.
Statement I: Banks and cooperative societies are formal sources of credit.
Statement II: The Reserve Bank of India supervises the functioning of formal sources of loans.

(a) Both statements are correct
(b) Statement I is correct, Statement II is incorrect
(c) Statement I is incorrect, Statement II is correct
(d) Both statements are incorrect

> **Ans: (a)** Both correct.

33. Fill in the blank. ..... is an agreement in which the lender supplies the borrower with money, goods or services in return for the promise of future payment.

(a) Credit (b) Collateral (c) Deposit (d) Barter

Ans: (a) Credit (loan).

34. What is collateral? Give one example.

(1) An asset that the borrower owns (land, building, vehicle, livestock, deposits with banks) and uses as a guarantee to a lender until the loan is repaid. (1) Example: a house/land/gold.

35. Explain any three reasons why formal sources of credit are preferred to informal sources.

(1) Lower rate of interest. (1) Supervised by the RBI, so less chance of exploitation. (1) Provides credit for the economy's benefit/ allows easier access to bigger loans; borrowers get more flexible repayment, avoid debt trap.

O R

Describe any three factors that have enabled globalisation.

(1) Rapid improvement in technology (transport, information and communication technology). (1) Liberalisation of foreign trade and foreign investment policy – removal of trade barriers. (1) Pressure from WTO/international organisations to liberalise trade.

36. Explain any three rights of consumers under the Consumer Protection Act.

Any three (1 each): Right to safety; right to be informed; right to choose; right to represent/be heard; right to seek redressal; right to consumer education.

37. Explain the impact of globalisation on the Indian economy. Describe any five points.

(1) Greater choice and better quality of goods at lower prices for consumers (urban/wealthy). (1) Foreign investment (MNCs) increased in sectors like cell phones, automobiles, electronics, soft drinks, fast food, services. (1) Competition made Indian companies upgrade technology and compete globally (Tata Motors, Infosys, Ranbaxy, Asian Paints). (1) Growth of service sector, outsourcing. (1) Small producers adversely affected – batteries, capacitors, plastics, toys, tyres and vegetable oil; job insecurity / unequal benefits.

O R

What is the World Trade Organisation (WTO)? Explain how liberalisation of trade and investment policy has affected the Indian economy.

(1) WTO – an organisation whose aim is to liberalise international trade; started by developed countries; 160+ members. (1) Liberalisation – removing barriers set by the government on foreign trade and investment. (1) India removed barriers from 1991; imports of goods without restrictions. (1) Led to FDI, competition, growth of Indian MNCs. (1) Critics: WTO rules favour developed countries; developed countries kept their trade barriers.

38. Read the passage and answer the questions that follow.

In India, the consumer movement as a 'social force' originated with the necessity of protecting and promoting the interests of consumers against unethical and unfair trade practices. Shortages, hoarding, black marketing and adulteration of food gave birth to the consumer movement in an organised form in the 1960s. Consumer groups looked into the malpractices in ration shops and overcrowded road transport. In 1986 the Indian Parliament enacted the Consumer Protection Act, popularly known as COPRA.

38.1 In which decade did the consumer movement take an organised form in India?

1960s.

38.2 Name the Act enacted in 1986 for the protection of consumers.

The Consumer Protection Act, 1986 (COPRA).

38.3 Explain any two ways in which consumer groups have helped consumers.

> (1) Investigated malpractices in ration shops and road transport and put pressure on government and business firms. (1) Guide consumers on how to file complaints, represent them in consumer courts and spread awareness of their rights.
